Subject/Title Of Report Unlawful Encampments Injunction	Classification Exempt
Decision-Maker Corporate Director of Place	

The information contained in this report which sets out my decision is exempt for the reasons set out in the next paragraph and the information remains exempt, even after I have decided on the course of action, until or unless the particular exemption is or becomes spent.

NOT FOR PUBLICATION BY VIRTUE OF THE PROVISIONS OF SCHEDULE 12A PARAGRAPHS 5 AND 7 TO THE LOCAL GOVERNMENT ACT 1972 AS AMENDED BY THE LOCAL GOVERNMENT (ACCESS TO INFORMATION) ACT 1985.

1. Executive Summary

- 1.1 The London Borough of Redbridge has experienced an increased number of unlawful encampments within its area. Unlawful encampments are experienced when persons known and unknown trespass upon land, both publicly and privately owned, and set up camp with caravans and other associated vehicles. This is a significant problem and is often accompanied by criminal and anti-social behaviour, including fly-tipping, criminal damage, and violent behaviour. Council resources become stretched dealing with the encampments, which give rise to significant community tension.
- 1.2 The Council has powers under s.77-78 of the Criminal Justice and Public Order Act 1994 to evict such encampments, but these powers are easily circumvented leading to a 'cat and mouse' chase across the Borough. It is proposed that the Council seek an injunction to prevent these encampments, a measure which has been effectively undertaken by a number of other Councils within the UK.

2. Decision Taken

- 2.1 Having due regard to the Council's Public Sector Equality duty, and being satisfied that it is expedient for the benefit of the inhabitants of the area of Redbridge, and in respect of the known individuals having been satisfied that they are individuals who have and/or are likely to engage in anti-social behaviour, I have decided to approve the application to the Court under s.222 Local Government Act 1972 and/or s.187B Town and Country Planning Act 1990 and/or s.1 Anti-social Behaviour, Crime and Policing Act 2014 for an injunction against persons known and unknown to prevent encampments, without lawful permission, within the Borough. I am satisfied that unless an injunction is obtained, these unauthorised encampments with the anti-social behaviour associated with these encampments will continue.

3. Reasons for the Decision and Alternative Options Considered

- 3.1 The reasons are set out in the body of the attached report which I have considered together with the background papers. I have considered the use of the powers under s.77-78 of the Criminal Justice and Public Order Act 1994 to issue evictions notices, followed by Court possession orders, in the event of an unlawful encampment. This process, however, is resource intensive and ineffective. Experience shows that this process will lead to a 'cat and mouse' chase with a number of orders being sought in respect of the same group. By the time the possession order is obtained, the encampments will regularly have suffered significant fly tipping which to date has cost tens of thousands of public and private money to clear up. In some instances the camps can remain in place for a number of weeks.

4. Background, Proposals and Reasons for the Decision

- 4.1 The London Borough of Redbridge (LBR) is located in the North East corner of the Metropolis of London. It is bordered by the London Boroughs of Havering to the South and West, Newham to the West, Waltham Forest to the North and West and Essex County Council to the North and East. Redbridge has a total land area of 46 million m², (17.7607 mile²), predominantly park and open space. With regard to land use, 45% of Redbridge is classified as Parks and Open Spaces, and 45% as residential. The third largest land use is Education - which at 1.58 million m², (0.6100414 mile²), accounts for 3.4% of the total. Industrial land, the fourth largest land use, occupies 0.67 million m², (0.2586884 mile²) - just 1.5% of Redbridge's land area. Redbridge is the 11th largest Borough in London, the Borough's population increased to 297,000 in 2015. It is projected to grow to 362,000 by 2030. 0.1% of the Borough's population identifies as being either White Gypsy or Irish Traveller.
- 4.2 LBR has experienced a significant increase in the number of "unauthorised Encampments" (UE) within the Borough, especially over the last 2 years. These encampments occur when persons both known and unknown encamp on land within the Borough, without lawful permission. They will set up camp using caravans and other associated vehicles. Regularly these encampments are accompanied with associated fly-tipping, criminal damage, theft, violence, anti-social behaviour and community tension.
- 4.3 It is recognised that these encampments are normally by the gypsy and travelling community. However, it is recognised that
- a. not all encampments are by gypsy travellers; and
 - b. those encampments which are unlawful and accompanied with aggravating factors represent only a small minority of the gypsy and travelling community.
- 4.4 Notwithstanding the above, this small but significant number of offenders is causing a significant impact on the Borough as a result of their actions. The Borough has powers under s.77-78 of the Criminal Justice and Public Order Act 1994 to issue evictions notices, followed by Court possession orders, in the event of an unlawful encampment. This process, however, is resource intensive and ineffective. It will lead to a 'cat and mouse' chase with a number of orders being sought in respect of the same group. By the time the possession order is obtained, the encampments will regularly have suffered significant fly tipping costing tens of thousands of public and private money to clear up. In some instances the camps can remain in place for a number of weeks.
- 4.5 The alternative proposal of the Council is to seek an injunction in accordance with s.222 Local Government Act 1972, s.187B Town and Country Planning Act 1990 and s.1 Anti-social Behaviour, Crime and Policing Act 2014.
- 4.6 The s.222 injunction may be sought where the Local Authority (LA) considers it expedient to do so in the interests of the inhabitants of its area. A s.187B injunction may be sought in respect of actual or anticipated breaches of planning control, where the LA considers it expedient to do so. A s.1 injunction can be obtained against named individuals who have or are likely to engage in anti-social behaviour.

- 4.7 The proposal is to seek a two-pronged injunction:
- a. A "named" injunction against known individuals who have been identified by Council and Police officers as having engaged in the complained of activity in the past. This injunction would prohibit the named individuals from setting up a camp anywhere within the Borough; and
 - b. A "persons unknown" injunction, prohibiting anyone from setting up an UE without lawful permission on a number of identified sites which have been or, by their nature will likely be, the subject of UEs past and present.
- 4.8 LBR was one of the first London boroughs to provide a permanent caravan site for members of the gypsy and traveller community. The North View Caravan Site located in Forest Road, Hainault has been home to members of the gypsy and traveller community since the late 1960s. The site is currently managed by the Council's Housing Department with one of the local residents acting as warden. In 2004, North View was refurbished, there are now 17 pitches and all of the families have their own brick built sheds containing a bathroom, washing and cooking facilities. In April 2016, LBR updated the Gypsy and Traveller Accommodation Assessment. The updated document provides a robust assessment of the current and future accommodation needs of the gypsy and traveller community within Redbridge and was used to inform the Council's new Local Plan. The Council's current site at North View is considered to have the capacity for the additional 7 pitches required by 2031.
- 4.9 Since 1st January 2016 to date LBR has recorded 50 instances of unlawful encampments by trespassers on both public and private sites. A few of these have been repeat site incursions.
- 4.10 The evidence over the last two years and predominately the past year demonstrates that further encampments within the Borough are inevitable and that these encampments are likely to cause further nuisance, harassment, alarm and distress to the settled community and cost the Council and businesses many thousands of pounds in evictions and clean-up costs, unless prevented by an injunction.
- 4.11 The unlawful encampments have formed on both public and private sites including sports clubs, school grounds, parks, open land and business plots. Entry onto many of these sites has been gained through forced entry, (the cutting of padlocks, chains, height restrictors, ramming gates, ripping up protective bollards and posts and driving vehicles over grassland and playing fields) to access the site. This has the potential to put site staff and members of the public at risk, particularly when the encampment is on or near parks, childrens' play areas, sports clubs and schools. The trespassers have used the sites for unlawful fly-tipping of industrial commercial trade waste and their personal waste. This waste is then left behind for the Council, landowners or tenants to dispose of at considerable cost. Unlawful encampments have a significant impact on LA and Police resources. They invariably appear without warning. LA and Police resources have to be redirected to deal with the trespassers and commence removal proceedings in the Courts. This action generates considerable cost to Councils, businesses and local residents and detracts LA officers and Police from their normal daily duties.
- 4.12 At most of the sites, after the trespassers have left, significant amounts of

human excrement, litter and domestic waste have been found dumped. The public have access to these areas, this has the potential to cause serious health risks to staff, members of the public and the environment. Other risks to human health and the environment have included the trespassers dumping asbestos and other waste hazards on sites. This incurs considerable additional costs, on top of clearance charges, to safely remove the waste.

4.13 The unlawful encampments have caused nuisance to residential and business premises within the Borough.

4.15 A number of LAs have sought from the High Court injunctions of this nature, all of which have been successful. Colloquial evidence suggests that, on the whole, these injunctions have been effective in achieving the desired result and the Councils have noted a significant decrease in the number of encampments in their area.

4.16 A number of East London Councils have, or will, seek such injunctions, leaving LBR potentially exposed if it does not take appropriate action.

5. Fairness Implications, including Equality and Diversity

5.1. An EqIA has been completed and is attached to this report.

6. Staffing Implications

6.1 At the point of service of the injunctions, a number of staff members will be required to undertake service of the injunction on an estimated 300 sites across the Borough. This will have to be undertaken using a co-ordinated approach across a number of service areas (being enforcement, parks, and other relevant departments).

7. Financial Implications

7.1 It is estimated that the cost of the injunction may be up to £100,000.00. This figure will be comprised of legal fees, Court costs, process server costs, printing and admin. It is anticipated that, if successful, the injunction will significantly reduce the need to spend public money on clearing up associated fly tips, which may cost between £7,000 to £45,000 to clear up dependent upon scale and contamination.

8. Legal Implications

8.1 The application will be made under s.222 Local Government Act 1972, s.187B Town and Country Planning Act 1990 and s.1 Anti-social Behaviour, Crime and Policing Act 2014. S.222 is the primary power, enabling an LA where it considers it expedient for the promotion or protection of the interests of the inhabitants of its area, to bring any legal proceedings. This should be supported by a further provision, such provisions being s.187B and s.1 as cited.

- 8.2 The setting up of encampments and use of land for storage of waste amounts to a breach of planning control. It is anticipated this will continue and it is therefore necessary and expedient to seek an injunction under s.187B.
- 8.3 A s.1 Anti-social Behaviour, Crime and Policing Act 2014 injunction may be sought where the Court is satisfied that the respondent has engaged or threatened to engage in anti-social behaviour, and that it is just and convenient to grant the injunction to prevent such behaviour.
- 8.4 Currently LBR deals with the eviction process in the Magistrates' Court using s.77 and 78 of the Criminal Justice and Public Order Act 1994. Initially a direction to leave will be served giving a time to leave, after which a Court order for eviction will be sought. These powers are used but do not prevent the encampments from moving to a new site, nor do they target fly-tipping.
- 8.5 There are, potentially, human rights and equalities issues. An EqIA has been completed. These concerns are inherent given that the proposal could exclude a number of individuals from living their normal life in a whole Borough and to exclude persons unknown from doing so on the identified sites. However, such exclusion will only apply to those seeking to do so "without lawful permission" i.e. what they should not be doing in any event. The Court will have to consider the Human Rights Act 1998 and the Equality Act 2010 when considering this matter and therefore there are significant and substantial protections built in to the applications process to ensure there is no breach of the Human Rights Act 1998 or the Equalities Act 2010. The Court will balance these concerns and limits with the overall impact of the unlawful encampments when deciding what order it is appropriate to make.
- 8.6 There is a risk relating to enforceability of the injunction. Violence has been identified and can be linked to named individuals and a power of arrest will be sought. Any breach, by any named or unnamed individual, will amount to a contempt of Court. A protocol with the Metropolitan Police Service will need to be developed for policing and enforcement of the Order if granted.

Full Equality Impact Assessment (EqIA)

An EqIA Screening has identified this proposal/policy/ project as requiring a full EqIA. This means there is a risk of significant adverse impact on service users/ residents including [‘vulnerable groups’](#) and/or and those with certain [protected characteristics](#). An EqIA shows how you have and intend to ensure equalities issues are taken into account in:

1. making key decisions (may be covered to some extent in the screening)
2. implementing agreed decision
3. reviewing the outcome of the decision

REASONING BEHIND THE PROPOSAL:

The London Borough of Redbridge (LBR) proposes to obtain an interim and final injunction against persons 'known' and 'unknown' who have been involved in a number of unauthorised encampments across the Borough in recent years.

The legal basis for making this application is set out in the following three pieces of legislation: Section 222 Local Government Act 1972; Section 1 Anti-Social Behaviour, Crime And Policing Act 2014; and Section 187B Town And Country Planning Act 1990.

It is expected that the injunction will affect the Gypsy and Traveller community as governed by the protected characteristics in Chapter 1 Section 9 of the Equality Act 2010.

Whilst it is recognised that a number of individuals and groups from the Gypsy and Traveller community travel through Redbridge without issue, there is evidence to support the fact that members from the same community (and others) enter the Borough, unlawfully encamp, and then go on to behave in an anti-social manner. The Council continues to welcome members of the Gypsy and Traveller community through the provisions currently in place through a structured housing allocations policy along with other necessary resources to support persons with vulnerabilities.

Residents, business owners and land owners have had to endure a number of unauthorised encampments across Redbridge during the last two years. The Borough has experienced significant and prolonged issues as a direct result of each unauthorised encampment: fly tipping, anti-social behaviour, criminal damage and violent behaviour. Added to this, are the environmental and health risks associated with the majority of unauthorised encampments, for example, human excrement being left in public spaces due to a lack of sanitation equipment and asbestos being found in the fly tipped waste. The Council and private land owners have incurred significant expense in relation to both legal and clear up costs. There can be no doubt that the unauthorised encampments the Borough has had to endure over the last two years have had a detrimental impact upon local business and enterprise, as well as upon the enjoyment of public spaces.

Currently the Redbridge Enforcement Team is responsible for managing the unauthorised encampment process. Officers use the Council's Unauthorised Encampment Protocol, which provides clear direction on how to address trespassers on both Council and privately owned land. The 'Lead Officer' will first determine land ownership and conduct an initial visit. The purpose of the initial visit is to establish whether there has been an unauthorised encampment, what the trespassers' intentions are and validate land ownership by establishing the exact

location. If the land is privately owned, the Lead Officer will offer guidance and support to the land owner. If the land is Council owned, the initial visit will be followed by a welfare visit. The purpose of the welfare visit is to gain information to assist with decision making process and to determine whether there are any humanitarian or welfare reasons as to why the trespassers should not be evicted. During the welfare visit the Lead Officer will be accompanied by appropriately qualified representatives from Housing, Adult Social Services and Children's Services. These officers will undertake pre-eviction enquiries to discover whether there are issues under the Children Act 1989, the National Assistance Act 1948, and Education and Housing Acts etc. that the Council should consider. Over the last two years, all offers of support and alternative accommodation made by the departments above have been declined. Once it has been determined that there are no issues or concerns, a review meeting will be held and a decision will then be taken as to whether to evict the trespassers or tolerate their presence. The following factors are taken into consideration: the needs of the trespassers; the nuisance being caused; the steps the Council could take to minimise that nuisance and the need to recover the land. Once made, the decision is then communicated to the individuals encamping on the land and the legal process begins.

Prior to April 2017, a number of the Council's unauthorised encampment evictions were carried out by the Redbridge Community Police Team (RCPT) under Section 61 Criminal Justice and Public Order Act 1994. The result of having a dedicated police team meant that once agreed the eviction process was usually quite swift, minimising damage to the land and therefore clear up costs. In April 2017, the RCPT was disbanded and the Council therefore lost this dedicated resource. This, coupled with the fact that in the spring of last year Redbridge moved to a tri-borough policing model (meaning that police resources are now shared across three London boroughs), meant that the Council became more reliant on the powers contained within Section 77 and 78 Criminal Justice and Public Order Act 1994. Seeking eviction under Section 77 and 78 Criminal Justice and Public Order Act 1994 is a much slower and more costly process (Court fees, barrister charges etc.). At one point during the summer of 2017 the Council had to wait almost four weeks for an initial hearing date at Barkingside Magistrates' Court.

LBR is one of London's greenest boroughs, with more than 35 parks, playgrounds and open spaces. Action has been taken to target harden the entry to potentially vulnerable sites in order to help prevent unauthorised encampments on Council land.

The Council has improved its internal processes in relation to the service of Section 77 and 78 Criminal Justice and Public Order Act 1994 notices and orders, therefore expediting the eviction process helping to reduce anti-social behaviour, the level of fly tipping at certain sites and subsequent clear up costs.

Although improvements to internal processes have been made it is clear that the existing powers available to the Council are not robust enough. Throughout spring and summer 2017 members of the Redbridge Enforcement Team found the existing powers to be relatively ineffective; once a group had been successfully evicted from one location within the Borough, they would simply move on to another site and the legal process would have to begin again.

The residents, business owners and land owners of Redbridge should not have to incur such heavy costs to clear up what is essentially organised, criminal fly tipping. Nor can these costs be afforded by the Council when viewed in context of the huge financial savings that need to be made over the next couple of years.

LBR, like other local authorities in and around East London, has tried all available methods to tackle unauthorised encampments and limit the damage they cause. The only viable option remaining is to obtain an injunction and it is considered that the injunction is the only tool that will prevent the excessive numbers of unauthorised encampments and the anti-social behaviour that is associated with the encampments.

The following table lists the unauthorised encampments sites across the Borough since 1st January 2016 to date:

MAKING INFORMED DECISIONS – USEFUL DATA

DATA GATHERING

LBR recognises that such an injunction has the possibility of impacting on some elements of the Gypsy and Traveller community and their lifestyle. Accordingly, the Council needs to balance the rights of the Gypsy and Traveller community with those of the settled community and local populace, and must have due regard to The Public Sector Equality Duty and Human Rights Act 1998.

The injunction will seek to prevent unauthorised encampments onto named sites across the Borough by both persons 'known' and 'unknown'. To date, the evidence gathered by LBR's Enforcement Team and the Metropolitan Police Service show the named individuals to be included in the injunction application to be part of the Gypsy and Traveller community. The Council continue to support authorised encampments, in designated sites, as well as provide suitable support for encampments in non-designated sites where the inhabitants cohabit in harmony with the local community.

According to 2011 Census data, less than 0.05 percent or 140 persons residing in the Borough and 0.1 percent of London's residents belong to the Gypsy and Traveller community. The distribution across LBR is as follows:

MAKING INFORMED DECISIONS – STAKEHOLDER CONSULTATION/ ENGAGEMENT

VIEWES FROM STAKEHOLDER CONSULTATION/ ENGAGEMENT

The decision to seek an injunction of this kind was not taken lightly. Senior managers from the Place Directorate and officers from the Redbridge Enforcement Team sought the views of a number of different stakeholders, organisations and community groups, including

residents, residents associations, business and land owners, elected Members, the Metropolitan Police Service, colleagues from LBR's neighbouring boroughs, and the London Gypsies and Travellers.

Officers from the Place Directorate have attended a number of different meetings with representatives from the Metropolitan Police Service, London Gypsies and Travellers, the Greater London Authority and other London boroughs to discuss how best to address unauthorised encampments and the housing needs of the Gypsy and Traveller community; the most recent of these being on 20 October 2017 and 21 November 2017.

The aim of the seminar on 21 November 2017 was to understand challenges at a local level across a number of London boroughs, to discuss opportunities and challenges for an alternative approach and build consensus for a London-wide strategy. Discussions centred on legitimising business practices, increasing the number of permanent sites across London as a whole and expanding the use of 'negotiated stopping'. It was recognised that the actions of an unlawful few have an adverse effect on the Gypsy and Traveller community as a whole.

Redbridge was one of the first London boroughs to provide a permanent caravan site for members of the Gypsy and Traveller community. The North View Caravan Site located in Forest Road, Hainault has been home to members of the Gypsy and Traveller community since the late 1960s. The site is currently managed by the Council's Housing Department with one of the local residents acting as warden. In 2004, North View was refurbished, there are now 17 pitches and all of the families have their own brick built sheds containing a bathroom, washing and cooking facilities.

In April 2016, LBR updated The Gypsy and Traveller Accommodation Assessment. The Council recognises that Gypsy and Travellers form part of the Borough's diverse community and providing the group with the right type of housing will help tackle inequality and help create strong and sustainable neighbourhoods. The updated document provides a robust assessment of the current and future accommodation needs of the Gypsy and Traveller community within Redbridge and was used to inform the Council's new Local Plan. The Council's current site at North View is considered to have the capacity for the additional 7 pitches required by 2031.

The Council is also proposing to introduce a new way to allocate vacant pitches on the North View Caravan Site so that the system is more clear, fair, certain and robust. There is not an approved policy in place at this moment in time. This Gypsy and Traveller Site Policy provides the principles for allocating these pitches in a fair and transparent manner, which includes the Council's duty to take account of housing need whilst ensuring that the effective management of a site is fair. This policy will form part of the Housing Allocation Scheme; however it

is solely to control the letting of pitches and has distinct rules which are separate to those laid out in the overall Scheme. The public consultation closing date is 26 February 2018. The results will be published on the Redbridge Council website in spring 2018.

LBR, where possible, will continue to engage with persons and groups associated with the Gypsy and Traveller community in order to capture their thoughts and ideas on improving services within the Borough.

OVERALL IMPACT

The decision to obtain an injunction will have a high impact on the Gypsy and Traveller Community. In addition to Section 222 Local Government Act 1972; Section 1 Anti-Social Behaviour, Crime And Policing Act 2014; and Section 187B Town And Country Planning Act 1990, LBR has also taken into consideration the Human Rights Act 1998 (Schedule 1, Part 1, Article 8, 14) and the Equality Act 2010.

Schedule 1, Part 1, Article 8 Human Rights Act 1998 - Right to respect for private and family life

1. Everyone has the right to respect for his private and family life, his home and his correspondence.
2. There shall be no interference by a public authority with the exercise of this right except such as is in accordance with the law and is necessary in a democratic society in the interests of national security, public safety or the economic well-being of the country, for the prevention of disorder or crime, for the protection of health or morals, or for the protection of the rights and freedoms of others.

Schedule 1, Part 1, Article 14 Human Rights Act 1998 - Prohibition of discrimination

The enjoyment of the rights and freedoms set forth in this Convention shall be secured without discrimination on any ground such as sex, race, colour, language, religion, political or other opinion, national or social origin, association with a national minority, property, birth or other status.

The Council has taken due consideration to the proposed action and undertaken an assessment based on the duty of proportionality. This will mitigate the risks related to the Articles identified above from the Human Rights Act (1998).

1. Is the claimant's objective sufficiently important to justify limiting the rights under protected characteristics?
 - The objective is to reduce community tension and the significant economic, social and environmental impact from transgressions related to unauthorised encampments: breaches of law; fly tipping; anti-social behaviour; criminal damage; violent behaviour; and

the undermining of the Section 77 and 78 Criminal Justice and Public Order Act 1994 process.

2. Is there a rational connection between the claimant's objective(s) and the aim of the proposed action?
 - There is significant evidence of criminal and anti-social behaviour – a judge will ultimately decide whether or not there is enough of a connection to approve the injunction or not.
 - The injunction will prevent unauthorised encampments onto named sites across the Borough by both persons 'known' and 'unknown' identified as having caused the transgressions cited above.
 - A similar set of transgressions have occurred in neighbouring boroughs where injunctions have been sought to address the challenge. This is recognised and enforceable to prevent known individuals from carrying out this type of behaviour.
 - A site specific injunction in respect of those sites most likely to suffer incursions against 'persons unknown' is again suitable. It is a recognised and enforceable method to prevent trespass on that land, and to prevent breaches of planning laws.
 - Individuals can utilise the dedicated North View Caravan Site, Hainault. In the case of a lack of space at the dedicated site, LBR can signpost individuals to its neighbouring borough's site in the London Borough of Havering.
3. Is the proposed action no more than is necessary to accomplish the claimant's objectives?
 - LBR has previously used existing powers under the Criminal Justice and Public Order Act 1994 to remedy unauthorised encampments. Those efforts have been undermined and proven to be ineffective.
 - The time taken to enforce the Criminal Justice and Public Order Act 1994 has often meant lengthy incursions, therefore large amounts of fly tipping and damage to land leading to significant expense in relation to clear up costs.
 - In partnership with the Metropolitan Police Service, LBR has also utilised the powers under Section 61 Criminal Justice and Public Order Act 1994; however due to the reasons stated above (the disbanding of the Redbridge Community Police Team and fewer resources due to the Police's new tri-borough model), this has become a less viable option.
 - An injunction of this nature is a matter of last resort. No other remedy would be effective to meet the stated aim.
4. Are the disadvantages that will flow disproportionate to the aims pursued?
 - LBR seeks to limit the scope of the injunction to that which is reasonable.
 - It would not be reasonable to obtain a Borough-wide injunction against persons 'unknown' therefore the scope of this injunction specifies persons 'known' and 'unknown' and specific sites which have been identified as vulnerable to unauthorised encampments.

LBR recognises the Gypsy and Traveller community are vulnerable group and understands the associated health and education inequalities that are known to exist within this cohort. The proposed injunction would not prohibit any Gypsy or Traveller from entering Redbridge and acting lawfully and only seeks to prohibit unlawful conduct.

Officers spoke to male who identified himself as a Tom O'Brien (poss fraudulent name) who stated they had permission from land owner to remain at the site. Land owner spoken to ~~Mr [redacted]~~ on tel: ~~[redacted]~~ who confirmed no permission has been granted for travellers to remain at the site and he has requested that they leave. They have refused.

LBR spoken too Ms TORR - ~~[redacted]~~ who are aware and monitoring. Due to local community issues and rise in criminal activities i.e Burglaries I have decided to issue the travellers a S.61 CJPOA issued at 1140hrs with a direction to leave the land within 24hrs. This issue was captured on BWC.

Mr ~~[redacted]~~ has also been instructed to consult a solicitor to take possession of the land.

not able to gain entry to the sight. Officers could see approx 10 vehicles and 6 persons. Officers spoke to male who identified himself as a Tom O'Brien (poss fraudulent name) who stated they had permission from land owner to remain at the site. Land owner spoken to Mr. [REDACTED] on tel: [REDACTED] who confirmed no permission has been granted for travellers to remain at the site and he has requested that they leave. They have refused.

LBR spoken too Ms TORR - [REDACTED] who are aware and monitoring. Due to local community issues and rise in criminal activities i.e Burglaries I have decided to issue the travellers a S.61 CJPOA issued at 1140hrs with a direction to leave the land within 24hrs. This issue was captured on BWC.

Mr [REDACTED] has also been instructed to consult a solicitor to take possession of the land.

UE Pack completed and left in JI supv office.

Information

CAD 2721/23/10/2017

Officers attended TESCO's Car Park, SOUTHEND ROAD, SOUTH WOODFORD to reports of travellers at the location.

Officers were in attendance at 1240 HOURS on 23/10/2017 and can verify that Duty Manager [REDACTED] have asked the travellers to leave by verbal instruction and instructed their own baliffs to deal with the incident.

Officers liased with anonymous males on scene who stated that their intentions were to stay there just for the day and that once the children had been fed they would be moving on.

On 24/10/2017 at 0940 HOURS a SECTION 61 ASB/PO Direction to Leave notice was issued to 2 anonymous IC1 MALES stating that they must leave the location by 0700 on 25/10/2017, to which they agreed. Video evidence of this is attached to the crimint.

At the time of this there were the following vehicles on site:

SECTION 61 OF THE CRIMINAL JUSTICE & PUBLIC ORDER ACT 1994

In accordance with section 61 of the Criminal Justice & Public Order Act 1994,

I, PC WENFORD 2363BA
being the senior police officer present, direct you to leave this land and to remove all vehicles and other property you have with you as I reasonably believe that two or more of you are trespassing on this land, that you have a common purpose of residing on this land, and that reasonable steps have been taken by or on behalf of the occupier to ask you to leave and that any of you:-

- Has caused damage to the land or to property on the land, or
- Used threatening, abusive or insulting words or behaviour towards the occupier, a member of his family or an employee or agent of his, or
- Have between you 6 or more vehicles on the land, or
- Who whilst not originally trespassers when entering onto the land have since become trespassers and that any of the aforementioned conditions is satisfied after becoming trespassers.

IF YOU FAIL TO LEAVE THIS LAND AS SOON AS REASONABLY PRACTICABLE OR RE-ENTER THIS LAND AS A TRESPASSER WITHIN THREE MONTHS YOU COMMIT AN OFFENCE AND RENDER YOURSELF LIABLE TO ARREST WITHOUT WARRANT AND TO PROSECUTION.

You are required to leave as soon as reasonably practicable but in any case by:-

THE PENALTY ON CONVICTION IS IMPRISONMENT, A FINE OR BOTH.

	EA3 - I have spoken to EA3L and explained we are dealing with a 6 car RTC affecting deployment. He repeated the text of this call and from speaking to him, he seemed under the impression that if offenders were identified and arrested this would mean police could eject the travellers. I have explained as Tesco via their enforcement agency have invoked Common Law legislation, this has primacy over sect 61 of the Public Order Act. I explained we would arrest offenders if identified but this would not mean police would start moving caravans off the site.		
20:10:39	24OCT17	079221	B3366
	^EAWC - SPOKE TO EA3L. BASICALLY WE WILL SEND SOMEONE WHYENA AVAILABLE TO GO DOWN AND HAVE A LOOK ROUND AND IF THE INFMT CAN IDENTIFY ANY OFFENDERS THEY WILL BE ARRESTED BUT WE WILL NOT BE MOVING ANY CARAVANS AS THIS WILL BE DONE AT 0700/25 OCT AS STATED ON THE ORDER TESCO HAVE ISSUED TO THE TRAVELLERS. THER EIS NOTHING POLICE CNA DO AS THIS ORDER SUEPRCEDES ANY OTHER SECTIONS POLICE WOULD USUALLY CARRY OUT.

Unauthorised Encampments

Operational Policy File

EA – EAST AREA

This operational policy file is designed to assist officers in complying with policy when responding to unauthorised encampments on land by people intending to reside on that land without the permission of the landowner. It contains all the required forms, notices and aide memoirs for the first responder.

CAD to be created and brought to the attention of the Duty Officer.

Contact should be made with relevant local authority contact Centre who will carry out a check of the Land Registry to determine who owns the land and notify the designated Parks and Opens Spaces Officer Duty Lead Officer (DLO).

The MPS will visit the UE as soon as practicable. Visits wherever possible, should be done with stakeholders e.g. landowner, relevant local authority, DLO or other relevant agencies. However, initial police attendance should not be unduly delayed to accommodate partners' attendance.

Initial contact should be made with the people on the UE and the Initial Site Assessment (ISA) completed on the impact of its location, their intentions and the behaviour displayed by the occupants.

The occupants should be spoken to in order to establish: their identities; location of last site; ascertain their views on desired duration of stay; and ascertain any pressing welfare needs.

Officers will identify: any offences disclosed or apparent, e.g. criminal damage caused to gain entry to land; obstruction of any footpaths or other highways; any other anti-social behaviour; and whether the location of the encampment, behaviour of residents or needs of the landowner justifies an eviction using police powers.

The Duty Officer (or, if unavailable, the senior officer present) will use this policy file to review and document whether using Police powers, e.g. S. 61 Criminal Justice and Public Order Act 1994 is appropriate. An eviction notice is contained within this pack.

A decision to initially tolerate the encampment will require a discussion with the occupants of what constitutes acceptable behaviour; a notice of acceptable behaviour (contained within the operational pack) should be issued.

Initial Site Assessment

Initial contact should be made with the people on the UE and this Initial Site Assessment (ISA) completed on the impact of its location and the conduct displayed by the occupants.

This will inform the decision as to whether to negotiate an agreed stay of leave or utilise police powers to evict the occupiers.

- **The community is deprived of local amenities, or there is a significant adverse impact on the environment**, e.g. forming an encampment on any part of a recreation ground, public park, school field, village green, or depriving members of the public the use of car parks. The fact that other sections of the community are being deprived of the amenities must be evident before action is taken;
- **There is local disruption to the economy**, e.g. forming an encampment on a shopping centre car park or in an industrial estate, particularly where it disrupts workers or customers. This would include agricultural land, especially where it disrupts the use of the land for its normal purpose;
- **There is other significant disruption to the local community or environment** which is considered so significant that a prompt eviction by police becomes necessary;
- **There is a danger to the life of any individual**: An example of this might be an encampment adjacent to a motorway, where there could be a danger of children or animals straying onto the carriageway;
- **There is a need to take preventative action**: This might include where occupants of an encampment have persistently displayed anti-social behaviour at previous sites and there is reason to believe the behaviour will continue;
- **There is a significant increase in local crime which is attributable to the unauthorised encampment**. The allegation of a crime or identification of an individual suspect should not be grounds alone for consideration of a full group eviction.

If the decision is to utilise powers under Section 61 of the CJPOA 1994, then reasonable steps must be taken by the landowner to ask the trespassers to leave before police powers can be used. Any direction to leave must be given verbally and in writing (if practicable) whereby the senior officer on site would complete the direction to leave and ensure it is served on the occupants. Occupants must be afforded a reasonable amount of time to leave.

If a decision is made to tolerate a UE, acceptable behaviour must be discussed with the occupants and a code of conduct issued and explained verbally. The responsibility of the UE will then transfer from the Duty Officer to Neighbourhood Inspector responsible for the locality. A periodic review will be conducted by the relevant SNT, Local Authority and, where applicable, in conjunction with the Strategic Independent Advisory Group.

Once a final decision is reached, the original CAD incident should be endorsed with the outcome, including the use of any police powers.

Eviction Assessment (NDM)

To be completed by the Duty Officer or, where unavailable, the senior officer present.

EA9L (PS Nadeem MALIK 127EA & PC Trevor JONES 179EA) attended WOODFORD TRADING ESTATE SOUTHEND ROAD WOODFORD GREEN E18 in relation to CAD 4488/21OCT where informant stated that travellers had broken into premises and were stealing electric - big yellow cable coming from building.

On arrival of scene, we were met by a IC1 MALE A/A 25-30yrs with Irish accent who identified himself as James RIELLY. He said he was part of a small group of travellers who had encamped on the industrial estate on 18/10/2017.

They were in the area for a traveller wedding taking place on the weekend and they intend to leave the site on 23/10/2017 or 24/10/2017.

Initial Unauthorised Encampment assessment completed by PS MALIK 127EA and code of conduct form served.

UE form attached to this crimint.

Site checked by PS JONES, no evidence of abstracting electricity. Only 6 caravans on the site no other vehicles.

There was evidence of recent littering/fly tipping on premises

Original crimint was JIRT00386036

Information

Information received from Security worker at WOODFORD TRADING ESTATE that he has seen a number of caravans drive onto the grounds.

Police attended the venue on the 18th October 2017 and observed that 5 Caravans and 3 personal vehicles had plot up in the car park area of Unit 15 on the industrial estate.

2 MALES were spoken to through the fence and informed that they were on Private property and that the Local Authority would be informed. The males who appeared to be of IRISH Decent stated that they had arrived tonight and that the gate to the car park was already open. They have since secured the gate with their own steel combination cable lock.

I have managed to visit the travellers on the grass verge next to Woodford Avenue junction with Clayhall Avenue. I spoke to Mary who states that they intend to leave around 1700 hours today. The vehicles are parked on the grass verge next to the carriageway adjacent to the school perimeter fence and not causing any obstruction.

ENTERED BY: CADL (p197514) AT: 2017-10-20 18:19:06			
PDMU update - I have spoken to the head teacher at the location and have been informed that the travellers have returned to the grass verge on the A12. The school have locked all their gates, placed fire brigade locks to the bollards and parked their mini-buses behind gates to stop any attempt to gain entry. Advised to call again if issues arise.

	travellers have parked up and set site on the grass verge on this rd		
	- 3 caravans		
	- o/s beale academy trust		
	- caller attended and recorded this on body cams - got vrms on camera - will inform if needed - all irish vrms		
	- think police are aware of this group as school was broken into last night and suspect it was this group - pol attending later for statements etc		
	- *****		
	- JI^OP - also found kitchen knife on the grass verge nearby - recorded and removed - is now in evidence bag - unsure if connected with travellers or a crime - is now in redbridge control room if officers wish to pick it up		
	- code for this cad is because of the knife found nearby - knife looks clean but was picked up with sterile gloves and evidence bagged just in case

At any point, were you on public transport?: No

Please tell us what happened, and the events leading up to it, to help us identify if an offence has been committed.: Travelers have cut through the lock to the security barrier at Woodford Trading Estate and cut through another lock on one of the car parks and moved caravans and other vehicles in on mass. This will now affect our wholesale and retail business regarding security as the estate is now open all night and causing disruption to business during the day and night as we've had to get additional security and have to open later and close earlier due to security issues.

Information

There is a traveller encampment in WANSTEAD HIGH STREET, Green area next to the Doctors Surgery.

There have been various CADs created and the scene has been visited by the Snaresbrook SNT. There were 6 caravans present.

Looking at other CADs it appears that the local Council have already attended.

They have stated that at this stage they do not know who owns the land and a sec 61 notice has not been served until they establish ownership. Details of this interaction contained on CAD 8046/20OCT17

 ^3136ea.....Occupiers are on private land and not committing any offences. Steps have been taken to locate the owner however have been unsuccessful. Redbridge REO's are going to be making enquiries in the morning with the local councillors to get an eviction notice served. Due to the above I have been informed by EA8L that we cannot serve a notice under s61 Criminal Justice and Public Order Act to get the occupiers to leave. Officers are pulling away and this will be monitored by night duty.

 ^ 2993EA: we have attended the locn and spoken with [REDACTED] (T [REDACTED] from Redbridge council who was on scene. She has stated the land is private and they are having difficulty locating the owner of the property. I spoke with one of residents who stated they were attending a wedding and would be there be at the locn for two days. there are six caravans and two transit vans within the land. there is a notice on the fence from the people on site stating, "this is a non residential building. section 144 LASPO does not apply." it goes on to say, "take notice, that we live in this property, it is our home and we intend to stay here."

 Local officers attended this morning before being aware of this CAD. There are 6 caravans, there was no persons present during the visit. The land is believed to be privately owned by a developer, i have asked the LIT team to conduct land registry checks to ascertain ownership, i await their response.
 Snarebrook SNT are on duty tomorrow and will once again visit

On Friday 20th October 2017 at 20:45 officers were called to HIGH STREET, WANSTEAD in response to reports that a male was forcing entry onto an enclosed green area located just off of the HIGH STREET. This was followed by a number of other calls stating that travellers had entered the area and were driving vehicles and caravans onto the site.

On police arrival they noted that the area in question is a small disused area of green with a perimeter fence all around the entire plot. This area is located next to WANSTEAD RECREATIONAL GROUND and opposite NATIONWIDE BANK, HIGH STREET, WANSTEAD.

On arrival at least five Irish males approached officers and refused to engage stating that the land was private and that they had permission to be on the land from the landlord who they named as 'STEVE'. They had secured the gates with a padlock and placed a sign on the gate threatening legal action should they be forcibly removed. At the time there was no evidence of any offences - there was no evidence of fly tipping or criminal damage and the only persons seen were those that approached officers. They seemed to be peaceful and were not making unnecessary noise.

Officers could not gain entry to the site as the perimeter was heavily overgrown and goes back quite a way from the road. At least four Ford Transit vans could be seen from the gate with at least four caravans, however they had been parked in such a way that no index plates could be seen or they were removed altogether. Steps were taken to locate the owner of the plot but could not be found. Redbridge Council are aware and told officers that they would be conducting land registry searches to locate the owner. Epping Forest Constables and City Of London were also informed due to the proximity of their land.

Update from PC Casey

Can you add the following to the following crimint. It is regarding travellers in Wanstead High Road which myself and Nick Wenborn have been dealing with.

"On Monday 23rd of October 2017 at 14:30 hours officers from ERT E attended the traveller encampment and issued a Section 61 of the Criminal Justice & Public Order Act 1994 (copy attached). The land is currently occupied by about 6 caravans and 5 vans.

VRM's seen CP05KKS, 06DL2920 & 10D19965.

There was 2 adult females on site who would not disclose their details. There was 1 male on site who would not engage with police but it was later found out his name was Billy, male, IC1, F511, short blonde hair, navy jacket. S61 was issued to the female, IC1, F507, black hair, large build name possibly Mary. S61 was fully explained and the campsite was given until 0700 on 24.10.2017 to leave the land.

Police have returned on 24.10.2017 at 0830 hours to find the camp site still in operation and more vehicles on site. 2 males were spoken to and claimed no knowledge of the s61. Officers advised the males that due to the breach of the S61 the incident was being escalated to senior management and further action and possibly arrest was a likely outcome.

The males explained they had received permission from the landowner by the name of Del, IC4 who gave permission. Officers noticed there was further evidence of rubbish dumping on the land and decided to return to the police station to continue enquiries with the landowner.

Police returned at 1100 hours with Inspector MATTINSON to meet the landowner and speak with the travellers.

is the body worn footage of the encounter.

The travellers believed they had permission to be on the land in a pre-agreement with the landlord Mr. [REDACTED] Mr. [REDACTED] stated he wanted the travellers off the land and they needed to be off by 1600. This was eventually agreed by all parties. ""

 ^3136ea.....Occupiers are on private land and not committing any offences. Steps have been taken to locate the owner however have been unsuccessful. Redbridge REO's are going to be making enquiries in the morning with the local councillors to get an eviction notice served. Due to the above I have been informed by EA8L that we cannot serve a notice under s61 Criminal Justice and Public Order Act to get the occupiers to leave. Officers are pulling away and this will be monitored by night duty.

Information

On Friday 20/10/2017 at 2010 hours officers from CLAYHALL SNT were on routine cycle patrol in the SPIRE HOSPITAL RODING LANE SOUTH when attention was drawn to a vehicle that was parked on the top left bay of the first car park on your left as you drive into the hospital grounds

On looking into the vehicle VRM NA08XNY a large orange gas cylinder was laying across the back seat

The vehicle appears to be locked but the drivers side back door window is missing and a cloth looks like to have been put up in its place we could not look into the vehicle from that point as it has been parked tightly against shrubbery and you can not get through it to look into the vehicle

CAD 7755 20OCT17 relates

VRM NA08XNY
grey ford focus 5 door

On pnc the vehicle has been notified as off road with no insurance and possibly on cloned plates however I could not check the vin number as this had been covered by parking tickets that was obscuring my view

PNC report shows the vehicle to possibly be on cloned plates

Result from 3172EA at 2324 hours

Vehicle contains a red FLO GAS canister which appears to be empty. There are no wires attached to it nor any other device to deem it suspicious. Vehicle left in situ for the hospital to arrange removal as no offences or obstructions being committed.

CAD 5723/15OCT17

Mr **[REDACTED]** calls police and states he believes his VRM plates have been clones as he has been getting various local authority tickets for offences such as jumping red lights and driving in bus lanes. He mentions that the suspect VRM plates seem to have a GB logo. Linked to CAD 5661/15OCT17 and TPRT00045481

Unauthorised Encampments

Operational Policy File

EA – EAST AREA

This operational policy file is designed to assist officers in complying with policy when responding to unauthorised encampments on land by people intending to reside on that land without the permission of the landowner. It contains all the required forms, notices and aide memoirs for the first responder.

CAD to be created and brought to the attention of the Duty Officer.

Contact should be made with relevant local authority contact Centre who will carry out a check of the Land Registry to determine who owns the land and notify the designated Parks and Open Spaces Officer Duty Lead Officer (DLO).

The MPS will visit the UE as soon as practicable. Visits wherever possible, should be done with stakeholders e.g. landowner, relevant local authority, DLO or other relevant agencies. However, initial police attendance should not be unduly delayed to accommodate partners' attendance.

Initial contact should be made with the people on the UE and the Initial Site Assessment (ISA) completed on the impact of its location, their intentions and the behaviour displayed by the occupants.

The occupants should be spoken to in order to establish: their identities; location of last site; location of last site; ascertain their views on desired duration of stay; and ascertain any pressing welfare needs.

Officers will identify: any offences disclosed or apparent, e.g. criminal damage caused to gain entry to land; obstruction of any footpaths or other highways; any other anti-social behaviour; and whether the location of the encampment, behaviour of residents or needs of the landowner justifies an eviction using police powers.

The Duty Officer (or, if unavailable, the senior officer present) will use this policy file to review and document whether using Police powers, e.g. S. 61 Criminal Justice and Public Order Act 1994 is appropriate. An eviction notice is contained within this pack.

A decision to initially tolerate the encampment will require a discussion with the occupants of what constitutes acceptable behaviour; a notice of acceptable behaviour (contained within the operational pack) should be issued.

Initial Site Assessment

Initial contact should be made with the people on the UE and this Initial Site Assessment (ISA) completed on the impact of its location and the conduct displayed by the occupants.

This will inform the decision as to whether to negotiate an agreed stay of leave or utilise police powers to evict the occupiers.

Use of Police Powers

Police powers to evict people from Unauthorised Encampments are provided for by Ss. 61 & 62, Criminal Justice & Public Order Act 1994. These powers are available where behaviour or conduct is considered to be inappropriate, or where the impact of an UE on others is deemed unacceptable. This position is consistent with all other areas of enforcement within the community.

S. 61 Criminal Justice & Public Order Act 1994

The senior officer present believes that two or more persons are trespassing on the land and are present with the common purpose of residing on the land (for any period)...

...and reasonable steps have been taken by or on behalf of the occupier of the land to ask them to leave

In addition:

One or more person has caused damage to the land or property on the land; and/or

One or more persons have used threatening, abusive or insulting words or behaviour towards the occupier, a member of his family or an employee or agent of his; and/or

There are between the persons six or more vehicles on the land.

The senior officer may direct those persons, or any of them, to leave the land and to remove any vehicles or other property they have with them on the land.

Persons who fail to leave the land as soon as reasonably practicable or re-enter the land as a trespasser within three months of a S.61 direction commit an offence.
Vehicles and property which fail to be removed may be seized by Police.

- Who is the landowner?
- Are there 2 or more people?
- Have they entered the land as trespassers?
- Are caravans or other 'living' vehicles present?

What reasonable steps has the landowner taken to ask the trespassers to leave? e.g.

- Verbal request: (supported by written statement)
- Are there witnesses to the request?
- Have notices been served requesting them to leave - who served them, and how. Were they displayed prominently?

Damage can be ANY damage e.g.

- Padlock to gate
- Digging away earth mounding (costs money to repair etc.)

Damage can be ANY damage e.g.

- Equivalent to Section 5 Public Order Act
- Only applies to landowner or agent - NOT all members of public
- Will the victim provide a written statement?

- Vehicle include motor vehicle and caravans

RG UE Policy and MPS Policy must be observed prior to any direction being made

- Consult 'Use of Police Powers' section
- Complete eviction assessment
- Consider the 'threshold test'

The decision to use police powers remains at the discretion of the senior officer present, ideally Inspector or above, having used the National Decision Model.

The legislation relating to the use of S.61 CJPOA is very clear and will be the primary factor in determining the use of police powers. The following factors must also be considered in addition to the legislation to decide whether it is proportionate and necessary to use the legal powers (in line with Human Rights legislation):

- **The community is deprived of local amenities, or there is a significant adverse impact on the environment**, e.g. forming an encampment on any part of a recreation ground, public park, school field, village green, or depriving members of the public the use of car parks. The fact that other sections of the community are being deprived of the amenities must be evident before action is taken;
- **There is local disruption to the economy**, e.g. forming an encampment on a shopping centre car park or in an industrial estate, particularly where it disrupts workers or customers. This would include agricultural land, especially where it disrupts the use of the land for its normal purpose;
- **There is other significant disruption to the local community or environment** which is considered so significant that a prompt eviction by police becomes necessary;
- **There is a danger to the life of any individual**: An example of this might be an encampment adjacent to a motorway, where there could be a danger of children or animals straying onto the carriageway;
- **There is a need to take preventative action**: This might include where occupants of an encampment have persistently displayed anti-social behaviour at previous sites and there is reason to believe the behaviour will continue;
- **There is a significant increase in local crime which is attributable to the unauthorised encampment**. The allegation of a crime or identification of an individual suspect should not be grounds alone for consideration of a full group eviction.

If the decision is to utilise powers under Section 61 of the CJPOA 1994, then reasonable steps must be taken by the landowner to ask the trespassers to leave before police powers can be used. Any direction to leave must be given verbally and in writing (if practicable) whereby the senior officer on site would complete the direction to leave and ensure it is served on the occupants. Occupants must be afforded a reasonable amount of time to leave.

If a decision is made to tolerate a UE, acceptable behaviour must be discussed with the occupants and a code of conduct issued and explained verbally. The responsibility of the UE will then transfer from the Duty Officer to Neighbourhood Inspector responsible for the locality. A periodic review will be conducted by the relevant SNT, Local Authority and, where applicable, in conjunction with the Strategic Independent Advisory Group.

Once a final decision is reached, the original CAD incident should be endorsed with the outcome, including the use of any police powers.

Eviction Assessment (NDM)

To be completed by the Duty Officer or, where unavailable, the senior officer present.

Information

Information received from Security worker at WOODFORD TRADING ESTATE that he has seen a number of caravans drive onto the grounds.

Police attended the venue on the 18th October 2017 and observed that 5 Caravans and 3 personal vehicles had plot up in the car park area of Unit 15 on the industrial estate.

2 MALES were spoken to through the fence and informed that they were on Private property and that the Local Authority would be informed.

The males who appeared to be of IRISH Decent stated that they had arrived tonight and that the gate to the car park was already open. They have since secured the gate with their own steel combination cable lock.

The following vehicles VRMS were noted in the carpark

11:38:04 19OCT17 CHS ENTERED BY: CHS (c101883) AT: 2017-10-19 11:38:01 At any point, were you on public transport?: No

Please tell us what happened, and the events leading up to it, to help us identify if an offence has been committed.: Travelers have cut through the lock to the security barrier at Woodford Trading Estate and cut through another lock on one of the car parks and moved caravans and other vehicles in on mass. This will now affect our wholesale and retail business regarding security as the estate is now open all night and causing disruption to business during the day and night as we've had to get additional security and have to open later and close earlier due to security issues.

I have managed to visit the travellers on the grass verge next to Woodford Avenue junction with Clayhall Avenue. I spoke to Mary who states that they intend to leave around 1700 hours today. The vehicles are parked on the grass verge next to the carriageway adjacent to the school perimeter fence and not causing any obstruction.

ENTERED BY: CADL (p197514) AT: 2017-10-20 18:19:06			
PDMU update - I have spoken to the head teacher at the location and have been informed that the travellers have returned to the grass verge on the A12. The school have locked all their gates, placed fire brigade locks to the bollards and parked their mini-buses behind gates to stop any attempt to gain entry. Advised to call again if issues arise.

Please see attached document.

Travellers were at location since early hours of this morning and a notice was served on them by attending officers on authority of EA3L and Superintendent Wilson. The notice informed them to leave the area immediately which they did eventually.

All vehicles and caravans and persons left the scene whilst police were on scene. No issues after this in this area. Land was secured by land owner on scene.

PRIMARY INVESTIGATION DETAILS : 1 Immediate action
CAD 08/06Oct2017 put on by 1921EA on behalf of PDMU

Phoned the venue this morning, original infit was off duty but infit 2 who was present at the time was able to assist with some details

Apparently there was a function at the venue last night whereby a large group of travellers attended, it seems the function got out of hand, travellers became extremely rowdy and started fighting among themselves, bar staff were then threatened with travellers threatening to smash their faces in, police arrived at scene, travellers had left the venue and were out in the car park.

no suspects were identified at the time

no cctv coverage

spoke with infit 2 this morning who wasn't sure what damage if any was done, possibly may be some to other guests cars but wont know until later, crime ref has been passed on so that if there is any thing further to tell us, this report can then be updated, this report will remain closed until then

In line with crime investigation standards

No suspects identified

No cctv

no details of possible victims at this stage

Unauthorised Encampments

Operational Policy File

EA – EAST AREA

This operational policy file is designed to assist officers in complying with policy when responding to unauthorised encampments on land by people intending to reside on that land without the permission of the landowner. It contains all the required forms, notices and aide memoirs for the first responder.

This will inform the decision as to whether to negotiate an agreed stay of leave or utilise police powers to evict the occupiers.

CAD to be created and brought to the attention of the Duty Officer.

Contact should be made with relevant local authority contact Centre who will carry out a check of the Land Registry to determine who owns the land and notify the designated Parks and Open Spaces Officer Duty Lead Officer (DLO).

The MPS will visit the UE as soon as practicable. Visits wherever possible, should be done with stakeholders e.g. landowner, relevant local authority, DLO or other relevant agencies. However, initial police attendance should not be unduly delayed to accommodate partners' attendance.

Initial contact should be made with the people on the UE and the Initial Site Assessment (ISA) completed on the impact of its location, their intentions and the behaviour displayed by the occupants.

The occupants should be spoken to in order to establish: their identities; location of last site; location of last site; ascertain their views on desired duration of stay; and ascertain any pressing welfare needs.

Officers will identify: any offences disclosed or apparent, e.g. criminal damage caused to gain entry to land; obstruction of any footpaths or other highways; any other anti-social behaviour; and whether the location of the encampment, behaviour of residents or needs of the landowner justifies an eviction using police powers.

The Duty Officer (or, if unavailable, the senior officer present) will use this policy file to review and document whether using Police powers, e.g. S. 61 Criminal Justice and Public Order Act 1994 is appropriate. An eviction notice is contained within this pack.

A decision to initially tolerate the encampment will require a discussion with the occupants of what constitutes acceptable behaviour; a notice of acceptable behaviour (contained within the operational pack) should be issued.

Initial Site Assessment

Initial contact should be made with the people on the UE and this Initial Site Assessment (ISA) completed on the impact of its location and the conduct displayed by the occupants.

Detail any damage caused to the land or property on the land. Specify what damage was caused to gain entry and that caused whilst in situ. Consider visually recording.

A Critical Incident can be defined as: 'Any incident where the effectiveness of the police response is likely to have a significant impact on the confidence of the victim, their family and/or the community'.	

Strategy

Working with partners, the Metropolitan Police Service will aim to promote community cohesion enabling safer communities by:

- Building confidence in the communities we serve.
- Protecting the public by preventing crime and Anti Social Behaviour.
- Gathering intelligence and assessing the effects of Police and Partner actions on local communities.
- Responding to community tension indicators

Use of Police Powers

Police powers to evict people from Unauthorised Encampments are provided for by Ss. 61 & 62, Criminal Justice & Public Order Act 1994. These powers are available where behaviour or conduct is considered to be inappropriate, or where the impact of an UE on others is deemed unacceptable. This position is consistent with all other areas of enforcement within the community.

Code of Conduct

This is to advise individuals that they are expected to treat any land they occupy with respect to comply with this code of conduct and respect the rights and freedoms of other people who also wish to use the area.

Behaviour that may result in your eviction from a site includes the following:

- Camping upon any land designated as a public amenity, such as parks, recreation areas, school fields and similar locations (not an exhaustive list).
- Interfering with the rights and freedoms of other members of the public, including interrupting the operation of legitimate businesses.
- Forcing entry to land, by causing damage to any fixtures, fittings or landscaping (including planted areas). This includes digging away of earthwork defences, which have been placed at landowner's expense to prevent trespass.
- Causing any other damage to the land itself, or property on it. Particular care should be taken not to cause damage to those features provided as public amenities.
- Driving vehicles along any footpath, or other highway not specifically designed for road vehicles. This practice is not only unlawful but is also highly dangerous.
- Parking vehicles or caravans on any road, footpath or other highway that causes an obstruction to other people wanting to pass by. This includes parking immediately next to footpaths.
- Dumping or tipping rubbish, waste materials or trade waste such as tree cuttings, rubble, etc. It is your responsibility to keep the site clean and tidy. Council Traveller Liaison Officers can direct you to Civic Amenity Sites (Council tips) where you will be able to pay to dispose of trade waste. Black bags for your use may also be provided.
- Use of the area as a toilet. You must not deposit or leave human waste openly in public areas.
- Abuse, intimidation or harassment of any person who is lawfully using the area.
- Excessive noise or other forms of anti-social behaviour.
- Animals that are not kept under control or that attack persons lawfully on the land, or nearby.
- Interference with electrical, water or gas supplies. Any person(s) found abstracting electricity, or wasting quantities of water may be subject of criminal proceedings.

These codes are the same standards of behaviour that are expected of the local communities. The police are committed to ensuring that all policing issues that affect you are balanced; however Antisocial Behaviour will not be tolerated.

Compliance with this code will greatly reduce the likelihood of eviction procedures being commenced.

Tactical Options and Contingencies

Need to evict now? <i>(If unavailable, the senior officer present will make the decision and forward to the Duty Officer for ratification)</i>		Yes <input type="checkbox"/>	No <input type="checkbox"/>
Tolerate encampment?		Yes <input type="checkbox"/>	No <input type="checkbox"/>
Declare a CRITICAL INCIDENT?		Yes <input type="checkbox"/>	No <input type="checkbox"/>
Police powers used:	Section 61	<i>(Specify below)</i>	
	Significant damage	<input type="checkbox"/>	
	Threats etc.	<input type="checkbox"/>	
	6 vehicles or more	<input type="checkbox"/>	
	Obstruction of the highway	<input type="checkbox"/>	
Eviction rationale:			
Detail grounds for the decision, including any action taken to resolve either aggravating factors or welfare issues that may have arisen. A summary of the impact on the human rights of all parties involved should be included, highlighting the legitimacy, proportionality and necessity of the eviction action.			

- **The community is deprived of local amenities, or there is a significant adverse impact on the environment**, e.g. forming an encampment on any part of a recreation ground, public park, school field, village green, or depriving members of the public the use of car parks. The fact that other sections of the community are being deprived of the amenities must be evident before action is taken;
- **There is local disruption to the economy**, e.g. forming an encampment on a shopping centre car park or in an industrial estate, particularly where it disrupts workers or customers. This would include agricultural land, especially where it disrupts the use of the land for its normal purpose;
- **There is other significant disruption to the local community or environment** which is considered so significant that a prompt eviction by police becomes necessary;
- **There is a danger to the life of any individual**: An example of this might be an encampment adjacent to a motorway, where there could be a danger of children or animals straying onto the carriageway;
- **There is a need to take preventative action**: This might include where occupants of an encampment have persistently displayed anti-social behaviour at previous sites and there is reason to believe the behaviour will continue;
- **There is a significant increase in local crime which is attributable to the unauthorised encampment**. The allegation of a crime or identification of an individual suspect should not be grounds alone for consideration of a full group eviction.

If the decision is to utilise powers under Section 61 of the CJPOA 1994, then reasonable steps must be taken by the landowner to ask the trespassers to leave before police powers can be used. Any direction to leave must be given verbally and in writing (if practicable) whereby the senior officer on site would complete the direction to leave and ensure it is served on the occupants. Occupants must be afforded a reasonable amount of time to leave.

If a decision is made to tolerate a UE, acceptable behaviour must be discussed with the occupants and a code of conduct issued and explained verbally. The responsibility of the UE will then transfer from the Duty Officer to Neighbourhood Inspector responsible for the locality. A periodic review will be conducted by the relevant SNT, Local Authority and, where applicable, in conjunction with the Strategic Independent Advisory Group.

Once a final decision is reached, the original CAD incident should be endorsed with the outcome, including the use of any police powers.

Eviction Assessment (NDM)

To be completed by the Duty Officer or, where unavailable, the senior officer present.

Information and Intelligence

Location:

The senior officer present believes that two or more persons are trespassing on the land and are present with the common purpose of residing on the land (for any period)...

...and reasonable steps have been taken by or on behalf of the occupier of the land to ask them to leave

In addition:

One or more person has caused damage to the land or property on the land; and/or

One or more persons have used threatening, abusive or insulting words or behaviour towards the occupier, a member of his family or an employee or agent of his; and/or

There are between the persons six or more vehicles on the land.

The senior officer may direct those persons, or any of them, to leave the land and to remove any vehicles or other property they have with them on the land.

Persons who fail to leave the land as soon as reasonably practicable or re-enter the land as a trespasser within three months of a S.61 direction commit an offence.

Vehicles and property which fail to be removed may be seized by Police.

- Who is the landowner?
- Are there 2 or more people?
- Have they entered the land as trespassers?
- Are caravans or other 'living' vehicles present?

What reasonable steps has the landowner taken to ask the trespassers to leave? e.g.

- Verbal request: (supported by written statement)
- Are there witnesses to the request?
- Have notices been served requesting them to leave - who served them, and how. Were they displayed prominently?

Damage can be ANY damage e.g.

- Padlock to gate
- Digging away earth mounding (costs money to repair etc.)

Damage can be ANY damage e.g.

- Equivalent to Section 5 Public Order Act
- Only applies to landowner or agent - NOT all members of public
- Will the victim provide a written statement?

- Vehicle include motor vehicle and caravans

RG UE Policy and MPS Policy must be observed prior to any direction being made

- Consult 'Use of Police Powers' section
- Complete eviction assessment
- Consider the 'threshold test'

The decision to use police powers remains at the discretion of the senior officer present, ideally Inspector or above, having used the National Decision Model.

The legislation relating to the use of S.61 CJPOA is very clear and will be the primary factor in determining the use of police powers. The following factors must also be considered in addition to the legislation to decide whether it is proportionate and necessary to use the legal powers (in line with Human Rights legislation):

Information

Police were today called by local residents to attend the recreation area on WOODFORD BRIDGE ROAD, WOODFORD opposite the JEWISH COMMUNITY CENTRE. The call stated that there were caravans driving around the field. On officers attendance it was noticed that there was 18 caravans and 8 cars. Officers have driven around the encampment and noted that there were approximately 4 puppies running loose around the area. Of note the area was well looked after and generally tidy with rubbish noted to being placed into bags. Further to this there was a small pile of scrap metal so nothing of any real note.

Officers have engaged with one caravan who although didnt want to engage answered officers questions. They stated they had been at the location for two days and intended to stay until the council serve them with an eviction notice.

There was no obvious officer safety and nothing of note for officers for an eventual eviction. Officers have exited the location and updated Inspector Henshaw of our findings.

The following cars were noted at the location

- BD14UCR - FORD TORNEO
- YJ09XXO - Black Vauxhall corsa
- BD10NBA - White Ford transit ([REDACTED])
- SH57ASO - White Ford combi van
- CP09WEN - Grey ford focus ([REDACTED])

Unauthorised Encampments

Operational Policy File

EA – EAST AREA

CAD to be created and brought to the attention of the Duty Officer.

Contact should be made with relevant local authority contact Centre who will carry out a check of the Land Registry to determine who owns the land and notify the designated Parks and Opens Spaces Officer Duty Lead Officer (DLO).

The MPS will visit the UE as soon as practicable. Visits wherever possible, should be done with stakeholders e.g. landowner, relevant local authority, DLO or other relevant agencies. However, initial police attendance should not be unduly delayed to accommodate partners' attendance.

Initial contact should be made with the people on the UE and the Initial Site Assessment (ISA) completed on the impact of its location, their intentions and the behaviour displayed by the occupants.

The occupants should be spoken to in order to establish: their identities; location of last site; location of last site; ascertain their views on desired duration of stay; and ascertain any pressing welfare needs.

Officers will identify: any offences disclosed or apparent, e.g. criminal damage caused to gain entry to land; obstruction of any footpaths or other highways; any other anti-social behaviour; and whether the location of the encampment, behaviour of residents or needs of the landowner justifies an eviction using police powers.

The Duty Officer (or, if unavailable, the senior officer present) will use this policy file to review and document whether using Police powers, e.g. S. 61 Criminal Justice and Public Order Act 1994 is appropriate. An eviction notice is contained within this pack.

A decision to initially tolerate the encampment will require a discussion with the occupants of what constitutes acceptable behaviour; a notice of acceptable behaviour (contained within the operational pack) should be issued.

Initial Site Assessment

Initial contact should be made with the people on the UE and this Initial Site Assessment (ISA) completed on the impact of its location and the conduct displayed by the occupants.

This will inform the decision as to whether to negotiate an agreed stay of leave or utilise police powers to evict the occupiers.

Use of Police Powers

Police powers to evict people from Unauthorised Encampments are provided for by Ss. 61 & 62, Criminal Justice & Public Order Act 1994. These powers are available where behaviour or conduct is considered to be inappropriate, or where the impact of an UE on others is deemed unacceptable. This position is consistent with all other areas of enforcement within the community.

S. 61 Criminal Justice & Public Order Act 1994

The senior officer present believes that two or more persons are trespassing on the land and are present with the common purpose of residing on the land (for any period)...

...and reasonable steps have been taken by or on behalf of the occupier of the land to ask them to leave

In addition:

One or more person has caused damage to the land or property on the land; and/or

One or more persons have used threatening, abusive or insulting words or behaviour towards the occupier, a member of his family or an employee or agent of his; and/or

There are between the persons six or more vehicles on the land.

The senior officer may direct those persons, or any of them, to leave the land and to remove any vehicles or other property they have with them on the land.

Persons who fail to leave the land as soon as reasonably practicable or re-enter the land as a trespasser within three months of a S.61 direction commit an offence.
Vehicles and property which fail to be removed may be seized by Police.

- Who is the landowner?
- Are there 2 or more people?
- Have they entered the land as trespassers?
- Are caravans or other 'living' vehicles present?

What reasonable steps has the landowner taken to ask the trespassers to leave? e.g.

- Verbal request: (supported by written statement)
- Are there witnesses to the request?
- Have notices been served requesting them to leave - who served them, and how. Were they displayed prominently?

Damage can be ANY damage e.g.

- Padlock to gate
- Digging away earth mounding (costs money to repair etc.)

Damage can be ANY damage e.g.

- Equivalent to Section 5 Public Order Act
- Only applies to landowner or agent - NOT all members of public
- Will the victim provide a written statement?

- Vehicle include motor vehicle and caravans

RG UE Policy and MPS Policy must be observed prior to any direction being made

- Consult 'Use of Police Powers' section
- Complete eviction assessment
- Consider the 'threshold test'

The decision to use police powers remains at the discretion of the senior officer present, ideally Inspector or above, having used the National Decision Model.

The legislation relating to the use of S.61 CPOA is very clear and will be the primary factor in determining the use of police powers. The following factors must also be considered in addition to the legislation to decide whether it is proportionate and necessary to use the legal powers (in line with Human Rights legislation):

- **The community is deprived of local amenities, or there is a significant adverse impact on the environment**, e.g. forming an encampment on any part of a recreation ground, public park, school field, village green, or depriving members of the public the use of car parks. The fact that other sections of the community are being deprived of the amenities must be evident before action is taken;
- **There is local disruption to the economy**, e.g. forming an encampment on a shopping centre car park or in an industrial estate, particularly where it disrupts workers or customers. This would include agricultural land, especially where it disrupts the use of the land for its normal purpose;
- **There is other significant disruption to the local community or environment** which is considered so significant that a prompt eviction by police becomes necessary;
- **There is a danger to the life of any individual**: An example of this might be an encampment adjacent to a motorway, where there could be a danger of children or animals straying onto the carriageway;
- **There is a need to take preventative action**: This might include where occupants of an encampment have persistently displayed anti-social behaviour at previous sites and there is reason to believe the behaviour will continue;
- **There is a significant increase in local crime which is attributable to the unauthorised encampment**. The allegation of a crime or identification of an individual suspect should not be grounds alone for consideration of a full group eviction.

If the decision is to utilise powers under Section 61 of the CJPOA 1994, then reasonable steps must be taken by the landowner to ask the trespassers to leave before police powers can be used. Any direction to leave must be given verbally and in writing (if practicable) whereby the senior officer on site would complete the direction to leave and ensure it is served on the occupants. Occupants must be afforded a reasonable amount of time to leave.

If a decision is made to tolerate a UE, acceptable behaviour must be discussed with the occupants and a code of conduct issued and explained verbally. The responsibility of the UE will then transfer from the Duty Officer to Neighbourhood Inspector responsible for the locality. A periodic review will be conducted by the relevant SNT, Local Authority and, where applicable, in conjunction with the Strategic Independent Advisory Group.

Once a final decision is reached, the original CAD incident should be endorsed with the outcome, including the use of any police powers.

Eviction Assessment (NDM)

To be completed by the Duty Officer or, where unavailable, the senior officer present.

issues identified which would prevent their eviction from the site.

The occupiers stated that they intended to remain at the location for 3-4 days as they were attending a engagement party on Tuesday 26th September 2017 and then they would leave.

Code of conduct paperwork was physicaly and verbally given to a male who identified himself as John who appeared to be a spokesman for the group.

Whilst at the location one of the occupiers mentioned that the site had room enough for 70 caravans, and when questioned further he intimated that there were more caravans en route to the location.

Unauthorised Encampments

Operational Policy File

EA – EAST AREA

This operational policy file is designed to assist officers in complying with policy when responding to unauthorised encampments on land by people intending to reside on that land without the permission of the landowner. It contains all the required forms, notices and aide memoirs for the first responder.

CAD to be created and brought to the attention of the Duty Officer.

Contact should be made with relevant local authority contact Centre who will carry out a check of the Land Registry to determine who owns the land and notify the designated Parks and Opens Spaces Officer Duty Lead Officer (DLO).

The MPS will visit the UE as soon as practicable. Visits wherever possible, should be done with stakeholders e.g. landowner, relevant local authority, DLO or other relevant agencies. However, initial police attendance should not be unduly delayed to accommodate partners' attendance.

Initial contact should be made with the people on the UE and the Initial Site Assessment (ISA) completed on the impact of its location, their intentions and the behaviour displayed by the occupants.

The occupants should be spoken to in order to establish: their identities; location of last site; location of last site; ascertain their views on desired duration of stay; and ascertain any pressing welfare needs.

Officers will identify: any offences disclosed or apparent, e.g. criminal damage caused to gain entry to land; obstruction of any footpaths or other highways; any other anti-social behaviour; and whether the location of the encampment, behaviour of residents or needs of the landowner justifies an eviction using police powers.

The Duty Officer (or, if unavailable, the senior officer present) will use this policy file to review and document whether using Police powers, e.g. S. 61 Criminal Justice and Public Order Act 1994 is appropriate. An eviction notice is contained within this pack.

A decision to initially tolerate the encampment will require a discussion with the occupants of what constitutes acceptable behaviour: a notice of acceptable behaviour (to be issued within the operational pack) should be issued

Initial Site Assessment

Initial contact should be made with the people on the UE and this Initial Site Assessment (ISA) completed on the impact of its location and the conduct displayed by the occupants.

This will inform the decision as to whether to negotiate an agreed stay of leave or utilise police powers to evict the occupiers.

Use of Police Powers

Police powers to evict people from Unauthorised Encampments are provided for by Ss. 61 & 62, Criminal Justice & Public Order Act 1994. These powers are available where behaviour or conduct is considered to be inappropriate, or where the impact of an UE on others is deemed unacceptable. This position is consistent with all other areas of enforcement within the community.

S. 61 Criminal Justice & Public Order Act 1994

The senior officer present believes that two or more persons are trespassing on the land and are present with the common purpose of residing on the land (for any period)...

...and reasonable steps have been taken by or on behalf of the occupier of the land to ask them to leave

In addition:

One or more person has caused damage to the land or property on the land; and/or

One or more persons have used threatening, abusive or insulting words or behaviour towards the occupier, a member of his family or an employee or agent of his; and/or

There are between the persons six or more vehicles on the land.

The senior officer may direct those persons, or any of them, to leave the land and to remove any vehicles or other property they have with them on the land.

Persons who fail to leave the land as soon as reasonably practicable or re-enter the land as a trespasser within three months of a S.61 direction commit an offence.
Vehicles and property which fail to be removed may be seized by Police.

- Who is the landowner?
- Are there 2 or more people?
- Have they entered the land as trespassers?
- Are caravans or other 'living' vehicles present?

What reasonable steps has the landowner taken to ask the trespassers to leave? e.g.

- Verbal request: (supported by written statement)
- Are there witnesses to the request?
- Have notices been served requesting them to leave - who served them, and how. Were they displayed prominently?

Damage can be ANY damage e.g.

- Padlock to gate
- Digging away earth mounding (costs money to repair etc.)

Damage can be ANY damage e.g.

- Equivalent to Section 5 Public Order Act
- Only applies to landowner or agent - NOT all members of public
- Will the victim provide a written statement?

- Vehicle include motor vehicle and caravans

RG UE Policy and MPS Policy must be observed prior to any direction being made

- Consult 'Use of Police Powers' section
- Complete eviction assessment
- Consider the 'threshold test'

The decision to use police powers remains at the discretion of the senior officer present, ideally Inspector or above, having used the National Decision Model.

The legislation relating to the use of S.61 CPOA is very clear and will be the primary factor in determining the use of police powers. The following factors must also be considered in addition to the legislation to decide whether it is proportionate and necessary to use the legal powers (in line with Human Rights legislation):

- **The community is deprived of local amenities, or there is a significant adverse impact on the environment**, e.g. forming an encampment on any part of a recreation ground, public park, school field, village green, or depriving members of the public the use of car parks. The fact that other sections of the community are being deprived of the amenities must be evident before action is taken;
- **There is local disruption to the economy**, e.g. forming an encampment on a shopping centre car park or in an industrial estate, particularly where it disrupts workers or customers. This would include agricultural land, especially where it disrupts the use of the land for its normal purpose;
- **There is other significant disruption to the local community or environment** which is considered so significant that a prompt eviction by police becomes necessary;
- **There is a danger to the life of any individual**: An example of this might be an encampment adjacent to a motorway, where there could be a danger of children or animals straying onto the carriageway;
- **There is a need to take preventative action**: This might include where occupants of an encampment have persistently displayed anti-social behaviour at previous sites and there is reason to believe the behaviour will continue;
- **There is a significant increase in local crime which is attributable to the unauthorised encampment**. The allegation of a crime or identification of an individual suspect should not be grounds alone for consideration of a full group eviction.

If the decision is to utilise powers under Section 61 of the CJPOA 1994, then reasonable steps must be taken by the landowner to ask the trespassers to leave before police powers can be used. Any direction to leave must be given verbally and in writing (if practicable) whereby the senior officer on site would complete the direction to leave and ensure it is served on the occupants. Occupants must be afforded a reasonable amount of time to leave.

If a decision is made to tolerate a UE, acceptable behaviour must be discussed with the occupants and a code of conduct issued and explained verbally. The responsibility of the UE will then transfer from the Duty Officer to Neighbourhood Inspector responsible for the locality. A periodic review will be conducted by the relevant SNT, Local Authority and, where applicable, in conjunction with the Strategic Independent Advisory Group.

Once a final decision is reached, the original CAD incident should be endorsed with the outcome, including the use of any police powers.

Eviction Assessment (NDM)

To be completed by the Duty Officer or, where unavailable, the senior officer present.

Travellers subject to a s.61 notice in RODING LANE SOUTH were evicted today who then relocated to SAINSBURY supermarket KING GEORGE AVENUE ILFORD IG27SH at 1815hrs at the bottom end of the carpark.

PS CHILTON 208EA and PS STOREY 137EA attended the location to speak with the travellers at 1830hrs. A site assessment was completed and there was insufficient grounds to justify a s.61 notice being served.

The travellers were directed to leave by Sainsbury manager [REDACTED] at 1845hrs and a code of conduct served. The travellers stated that they were intending to leave within 2hrs.

Information

Officers attended WATER WORKS RODING LANE SOUTH SOUTH WOODFORD to reports of travellers having broken into the sight and placed some caravans onto property.

Officers attended and spoke to a MALE at the camp who refused details. He is described as an IC1 MALE, Slim build approx F600 tall with balding black hair and a thick Irish accent.

The MALE stated they were down for a wake in the area and planned to stay on site until Sunday 16/09/2017 at approx 1900 hours.

There were five medium caravans on sight with approx 3 adult males and three adult females on sight along with approx 4 young children. All people on sight refused details.

The only vehicle on sight at the time was a White Ford Transit Van VRM ND61HHP

There was no rubbish on the sight nor any dogs.

Officers attended not long after the call came out. The MALE spoken to stated that they were not expecting any further travellers or caravans on the sight.

Information

On FRIDAY 15TH SEPTEMBER 2017 1900hrs

CAD 6650/15SEP17REFERS

Officers from FULLWELL WARD and FAIRLOP WARD discovered a group of travellers who had set up camp on HURSTLEIGH GARDENS OPEN SPACE.

The council issued section 77 warnings to all vehicles present.

The following Vehicle registrations numbers were present

T113KDA
SH57ASO
BD14UCR
KP09WX
S77JTP
BD10NBA
LN52SVS
Y843WGO
RO61EBP
LD59DKX
EJ55NKE
EA11HDF
V154KJN
SP09MDV

There were approx

10 caravans
2 motorhomes
2 loose dogs
And approx 60 people of all ages.

With more vehicles constantly arriving. It has been noticed from council officials that the same travellers have been seen from the rugby ground who was moved off the site earlier that morning

 ^inft I am a Senior Enforcement Officer for The London Borough of
 Redbridge, we have to serve a notice on members of the travelling
 community as a pre-courser to a court order for them to move off the
 open space that they are occupying.
 Police are requested to prevent a breach of the peace.
 They were moved by bailiffs this morning following a warrant and they
 have moved straight to this site.
 We anticipate a breach of the peace and want the police there
 This notice needs to be served tonight
 If police can't attend it will more than likely result in a 999 call
 later, we want to do this before it gets dark

Information

CAD 3034/14SEP17 Refers

Police attended a caravan site on the old SHANNONS nightclub today at 1245 hours. They have stated there are four caravans on site, approx 20 people including 6 kids. They stated there is a family wake today and the funeral of a family member in three days. They stated that if the owner wanted them off the land they would have to serve them

There is some expensive machinery within the site, which is enclosed with wooden gates and fence

Police have spoken to an employee who was on scene. He was advised accordingly

The reason I have put an officer safety marker. The males on the site become slightly aggressive and protected the gate from police entering. There is some heavy and expensive machinery in the site

Details of Investigation

14/09/2017 19:28

PC 236200 3148EA S LOVELL

PRIMARY INVESTIGATION DETAILS : 1 Immediate action
Officers in attendance: PC LOVELL 3148EA, PC RAJU 2259EA

Officers were flagged down outside Asthon Playing Fields whilst conducting patrols along Chigwell Road.

The victim who works for First Canine has been employed to patrol outside Ashton Playing Fields to prevent travellers moving into the grounds.

At approximately 1615 hours the victim was stood in the gateway with his dog when a silver Vito van approached with a traveller driving. The security guard asked "where are you going?" and the suspect said "we're going to plot up in there." The victim has stood his ground and prevented the van from entering. As he's done this the van has driven towards the victim and slowly pinned him against the gate.

The victim has received no injury or pain but was pinned against the gate for a matter of seconds. The van then drove off towards Roding Lane North, did a loop again and then drove off.

The victim did not get the VRM of the vehicle. He did notice that the back of the van had the window taped up with silver duct tape. This is the only distinguishing feature that the victim noticed.

No CCTV captured the incident.

No first aid was required at scene.

H - No history of previous offences.

A - No aggravating factors

V - No vulnerability

E - No escalation.

S - There are no leads in this investigation. The victim was informed this report would be shut unless any other information came to light.

Outcome 18

Investigation complete – no suspect identified. The crime has been investigated as far as reasonably possible and the case is closed pending further investigative opportunities

Information

Police received a call from Redbridge Council stating that a large group of travellers had been evicted from ASHTON PLAYING FIELDS. They had attended Clayhall Park and one car and one caravan had entered the park and been abandoned.

Police attended the location and spoke to the park keeper, ROB, he stated that someone had driven the car and caravan into the park, before being picked up in a small Grey car and leaving the park. Police approached the caravan but it was unoccupied. VRM of the vehicle was AO10LNZ. Council had already blocked the vehicular access into the park. They had then left a note on the car with a phone number so they could let the car out.

Police then reattended the park at about 1700hrs and the caravan had been removed. Park was still locked and secure.

 I have attended the park and spoken to the council. At present there is only one caravan at location. This will be a council matter for them to deal with. The council have locked all vehicular gates, so no one else can get it. They have also left contact details inside the caravan to they can let them out. Park warden also lives within the grounds of the park. They will patrol to make sure everything is ok.
 At present no offences. We have now left the venue. CRIMINT by 3400AE

Information

On 08/09/2017 the informant who is the security officer at ILFORD FEDERATION SYNAGOGUE 2A CLARENCE AVENUE ILFORD IG26JH sent me an email stating that members of the traveler community have allegedly moved onto the old Valentine pub in PERTH ROAD at the GANTS HILL end.

The informant states that members of the community have complained that they feel intimidated walking past the venue whether it be during the week or on the Sabbath during the weekend.

no further information provided.

CRIMINT INFORMATION REPORT in relation to TRAVELLERS SETTLING on WANSTEAD CLUB.

VENUE:
WANSTEAD RUGBY CLUB,
RODING LANE NORTH
WANSTEAD
IG88JY

SITUATION/BRIEF:

Travellers had settled on the land two days ago and had set up on the lower fields after circumventing height restrictions at the main access gate. In response Police officers had attempted to engage the travellers, which they refused to do. The management at the Rugby Club also employed a contractor to protect the main club house, as this had become the subject of criminal damage and burglary in the past when a similar insurrection happened. Police Supervisors also attended the venue yesterday and issued a SECTION 61 NOTICE on all vehicles present. Redbridge Enforcement officers engaged with travellers were the subject of aggressive behaviour, however no criminal offences reported.

PC WENBORN 2363EA and PC HARVEY 4350EA were tasked with attending the venue.
CAD 4658/06/09/2017

Officers attended today at 1540 and drove down to the lower field and were met by a lone individual approximately 60 years old who came out of the first caravan on the right as you drive down the road. Officers engaged with this FEMALE who stated that the caravan belonged to her son but could not provide any details of who her son was or any contact details. She stated she was simply there for a couple of days and did not know any of the other travellers intentions, but that should we return "they" will be back and we could talk to them then, she provided none of her details; officers

Officers attended at 1730 to engage with the travellers and at that time a team of three Redbridge Enforcement Officers attended to serve SECTION 77 NOTICES (leave within 24 hours to start the court eviction process). These notices were served on the following vehicles without an inventory listed out in an anticlockwise direction as you face them:

While we observed the Enforcement officers we engaged with one family who now appear in the last mentioned vehicle. This was an IC1 MALE and FEMALE A/A 45 years who state were going to remain there until they receive the court eviction notice.
All travellers on site who officers engaged with were polite if not forthcoming with details.
The REDBRIDGE EFORCEMENT OFFICERS were wearing BODY WORN VIDEO through the notices.

PRIMARY INVESTIGATION DETAILS : 1 Immediate action

Immediate & Fast track actions

CAD3459/05SEP17 – Call stating that travellers had moved onto the field of Wanstead RFC.
Reporting damage to their gate.

Unit Attending – EA91L

PC DIMENT 2215EA

PC SCOTT 2297EA

On attendance police were met by private security hired by the club who stated that travellers had accessed the field by cutting the padlocks to the gates and height restrictions.

Police were not met by either VIW2 or VIW3 however both were liaised with over the phone. They are the clubs Chairman and Vice.

Detailed account from the victim or primary witness(s)

VIW2 – [REDACTED], is the club chairman. He states that he has viewed the CCTV of the incident. He states that at 2225 hours, a white van (believed a ford transit however unconfirmed) VRM unknown, pulls up to the gates.

Two, unidentifiable males exit the vehicle and proceed to cut the padlock of the gate. They then use a grinder to cut the padlock off the height restriction barrier. They do not open the gates and simply drive away.

Approximately an hour and a half later a number of vehicles are seen to approach the gate, open it and drive through.

On police attendance there were 7 caravans on the grounds situated to the far left corner as you enter the club.

VIW2 and VIW3 were both concerned about fly tipping, on attendance officers went to the area and could not see any evidence of this, however the grounds are extensive.

Physical evidence (incl. forensic)

No remnants of padlocks/chains could be found at the scene, no forensic opportunities identified.

CCTV / BWV / Other digital evidence

CCTV was not viewed by

05/09/2017 21:23

PC 239853 2215EA C DIMENT

PRIMARY INVESTIGATION DETAILS : 1 Immediate action officers as it was held by VIW2 who was in DUNMOW. See DETS above for contents of CCTV as described by [REDACTED].

CCTV camera used is situated approximately 100m from the gate where the offence was committed. Due to the distance, time of night/visibility it is not possible to identify the two males involved nor link the incident to the Travellers that later arrived at the location.

Suspect(s)
No suspect identified.

Other Additional lines of enquiry
None

Solvability Assessment- Investigation Complete
Based on my assessment of material available no further investigation is required.

The reason behind this is: --
CCTV evidence is not of sufficient quality to enable suspects to be identified, there are no forensic opportunities and no witnesses to the incident at the time of the offence.

I have informed the victim about this decision.
Home Office Outcome Code: - 18
Investigation closed.

HAVES
H - History
No history

A - Aggravating Factors
No aggravating factors

V - Vulnerability
No vulnerabilities identified.

E - Escalation
VIW's believe the incident is linked to the travellers that have arrived on site and are going through the process to have them evicted/removed.

S - STEPS taken to address risk:-
• Crime prevention advice given to victim.
• Travellers were spoken to by officers that attended and stated that they intended to leave tomorrow as notified by the enforcement agents (this is not believed to have been a travel notice).

	^2309EA Officers have spoken to staff at the rugby club () who state the travellers have gained access via their vehicle gates. They are aware of the process regarding applying for an eviction notice and will be getting in touch with the council regarding this as the land belongs to the council. There are approximately 5 caravans and a few campervans on site. They state the gate was open and they gained entry peacefully. They estimate they will be on site for a few days before they move on. INFT called back and updated that there is very little police can do and the matter will have to be resolved by the council. This is a civil matter that requires council action. The staff at the rugby club will be informing the council so they can take action. NCPA.

Information

I attended Ashton Playing Fields on 01/09/2017 and spoken to those present

There were no signs of criminal damage ASB heightened criminality no rubbish and we are unable to confirm links with the disorder last night at the prince regent PH

The travellers stated that all the individuals in their group were accounted for and I understand the investigating officer is going to a different borough to speak with the victim of the incident at the prince regent

the travellers have said that they will leave on Monday as the children are looking to attend a school in the Tottenham/Enfield area so they will be heading there early next week

There were 11 caravans and 7 cars but in consideration of all information available it is not proportionate to issue a Section 61 at this time

This will continue to be monitored by partnership and has been discussed with Ma'am Gellatley and Insp Goodwin

The council have also been in contact with the travellers

The vehicles on the field were

PK53OHE
PX56ODW
AO10LNZ
DN12NMJ
LB10ZBB
EJ55NKE
AE02EGK
NK05KFT

They have not been checked on PNC as I do not have access to it

PRIMARY INVESTIGATION DETAILS : 1 Immediate action

"This report has been created in line with the Telephone and Digital Investigation Units (TDIU) policy. The Primary Investigation has been completed after speaking to the victim, or if they could not be reached, from the information recorded on the CHS by First Contact. In the case of online reports (HOLON), informants are not routinely called back."

THIS IS A TDIU REPORT BY C012186 M. Registe

CHS: 20170901033329

I called and spoke to the victim. He said there is was a travellers site at the venue. They were served with an eviction notice from the High Court. On the day and a the time shown a group of 15 IC1 youths, age range from 3 - 14 Yrs, both male and female came onto his property. One of the youths used a brick to smash 4 of the windows. The group also tried to set fire to a propane gas canister, they damaged two trolleys and cut the chain on the gated compound that they keep the propane gas.

The suspect has been caught on CCTV and there is good facial images. G4 were in attendance and the travellers were refusing to move. When he informed them that they had CCTV of the incident which identified the youths, they packed up the site and made off. They have left over rubbish and debris which will cost the inf approx £5000 to clear.

The informant said there is little to no chance of us finding the suspect and said he just needed the crime number for insurance purposes.

I told him I would flag it for SNT. They may be interested in viewing and circulating the images for intel. They can also offer

OIC update

It would appear from the initial details of this crime report that travellers have damaged a wall in order to gain access to the Pub and grounds.

There are numerous linked cads which confirm the same. Unknown how many caravans and travellers on site. One of the linked cads state that an informant may have footage on their phone of the incident as the suspects have damaged the wall of the pub which is now closed and the building is due to be taken down.

I have tried to contact the pub main office contact number which does not connect possibly due to the pub shutting down.

Due the Pub being shut and the building is going to be broken down I don't believe it will be in the public interest for this crime to be further investigated as from my understanding it won't affect the owner of the pub no are there any known suspects identified in this case.

Information

Police were called to the Old Maypole Public House, FENCEPIECE ROAD, HAINAULT, ESSEX, by staff as there were approx 30 travellers at the location. The manager stated that they were drunk, smashing the pub and car park up and armed with bottles. Officers attended and found approx 20 travellers outside the premises in the front pub garden. There were three men and 10 woman still inside. The three males left to join the rest outside, but the 10 women did not leave until the drinks and glasses were taken from the table. Eventually the final females were removed from the pub. A few left in taxis but the remainder sat on the benches outside, next to the car park. Some removed cans of beer from their bags and carried on drinking. It was believed that one of the group went to the off licence on Fencepiece Road and purchased a box of 24 Budweisers and returned to the group. The main antagonist left, Police waited approx an hour before leaving as the group had shrunk to approx 15.

Police were called back approx an hour later as the travellers had set light to something in the car park. When Police arrived it was established that the Budweiser box had been set alight for warmth. Officers had to remain for another hour or more before they eventually dispersed.

The staff from the pub admitted that they had been servicing the group all afternoon, they were still servicing other customers on Police arrival and the table was packed solid of glasses both empty and full.

Information

Police were called today to assist with the eviction of travellers whom had been staying at RAY PARK SNAKES LANE EAST. Redbridge council had been to the venue on the 3rd August and conducted welfare checks on all the adults and children. Housing and social services help were all offered, but refused. They had no safeguarding issues with any of the children. On this visit they had issued notices to all vehicles and residences, giving them 48 hours to leave the venue. This ran out at 4pm on the 5th August.

We have had a briefing with Redbridge Council who informed us that they wished us to serve a s.61 notice on the caravans, and they would also be issuing a s.77 notice.

We then attended the venue and issued both notices to all vehicles in the park. However, upon speaking to Joe a spokesperson for the group an agreement was made that they would leave the park at 6pm on Saturday 05/08/2017. S.61 notice was given back to him with the new times on.

I have also tasked officers to reattend the venue on the 5th August at 1730 hours to facilitate their departure.

The following vehicles were issued with a s.61 notice. BWV was also captured by A/PS Graham in this matter;

Information

On 24th July 2017 the local council enforcement contacted officers, requesting a section 61 be served on a travelling community within the green space site behind ROYSTON GARDENS ILFORD nearby to REDBRIDGE ROUNDABOUT.

Officers from NEWBURY WARD SNT attended the site with REDBRIDGE Council enforcement and social services at approximately 1630 hours whereby there were seven caravans, 3 cars and 3 vans present on the open green space.

The occupiers, (3 MALES, and one FEMALE) were spoken to. The enforcement officers had spoken to them previously and advised them they needed to leave the site. A section 61 was also given on 22/07/2017 (had to be reissued due to not locating a signed copy). The occupiers were informed that suitable notice has been given to them but they appear to be making no attempt to move. They advised that they would be unable to leave until tomorrow afternoon (25th). It was decided between police & council that this would be acceptable, and they were then advised accordingly, of which they replied they were lying about being able to leave tomorrow!

CAD 1547/21JUL17 refers to original report. CAD 5309 24JUL17 refers to attending for section 61 production

          ILLEGAL RAVE AT LOCN
01:27:40 02JUL17 230808 EA801N
          ^4950EA - we have attended location. the venue is approx 3/4 mile south
          of royston gardens, south of wanstead park road allotments on the west
          side of the A406. The organiser is Darren COX T07465238482. The group
          is approx 70 to 80 persons most of which are believed homeless. they st
          ate they came from a riverboat cruise called PSYMERA. There is music pl
          aying but this is very low. the location is very remote and is highly u
          nlikely to affect local residents. Their intention is to stay until mid
          morning. I have liaised with PS ROGERS EA GPC and advised him of the a
          bove. we have been asked to monitor the event periodically through the
          night.
05:16:13 02JUL17 091259 B3389
          ^4950EA...REATTENDED APPROX 100PEOPLE AT THE LOCATION THE NOISE IS
          STILL AT THE SAME LEVEL...HAS NO EFFECT ON RESIDENTS...EARLY TURN TO
          REATTEND TO CHECK AS THEY AHVE STATED THAT THEY WILL BE THERE TILL
          EARLY HOURS.

          ^ EA CONTR, CAD VIEWED
09:09:22 02JUL17 230335 EA801E
          ^4942EA ... we have spoken to the organiser, this event is winding down
          but there are 40-50 people still at the location who are mainly chatti
          ng and laying down. the music is still at low level and it is still n
          ot disturbing residents
13:24:31 02JUL17 230335 EA801E
          ^3200 EA - Spoken to NICK FRYER (The event organiser) states the rave w
          ill go on for a few hours. They plan to wrap up around 15:00 hrs.
          Music is of low level, no disturbances to residence.
          Mr FRYER can be contacted on: 07496634575.
          Participants are of a good nature, co operative, no one appears to be
          drunk, & are clearing up any mess as they go along.

INCIDENT No. 2850:24JUL17

Time	Date	Opid	Termid	

Police have attended in the past, (full details listed on Cad 627/2JUL)				
I have viewed the previous e-mail sent out regarding these incidents and the actions for Police to take if a rave is found to be taking place, the e-mail also states that there are measures that can be taken by the local team to ensure that a rave does not take place. Can I ask that DWOs view the previous CAD created by officers that came across the event and taken measures to ensure that this event does not happen again this weekend. I am led to understand that there has already been a multi agency meeting regarding this venue and these are tasks that you may have already undertaken. I have completed a crimint search and there wan't one, I have created JIRT00383723 and this includes phone numbers of the organisers.

Information

Cad 6245 12/07/2017 refers Kd40L PC DAVIES 4403EA and Pc MURPHY 3166EA attended,

Police received a call to attend BROCKET PARK, junction of BEARING WAY AND MANFORD WAY, CHIGWELL to a report of a female that had been sexually assault by a group of males from the travelling community,
The female stated that she had been in the park with her friend when they were approached by a group of males. They began to follow her and then once near to her they all began grabbing her bottom, at one point she stated that one of the male had also tried to grab her genital area through her clothing,
Several of the males have kissed her face including one on the lips, the females have then tried to run away and the males have followed them, on getting to the edge of the park at the junction of BROCKETT WAY, the males have stopped and the females have continued to run until they reached MANFORD WAY, Police arrived shortly after.

Information

Information received that at approx 1110 hours on Monday 26/06/2017 a MALE and FEMALE were seen banging on the front door of CHESNUT GROVE HAINAULT, ESSEX & another address in CHESNUT GROVE and shouting at the windows.

Suspects were believed to be IRISH - possibly Travellers.

Both then got into a large white Ford Transit Van VRM n/k with ladders and made off towards HAINAULT STATION.

Suspect One - IC1 FEMALE "light skinned", a/a 50 yrs "big build" (approx size 14-16) F506, wearing a red & white flowery dress and her brown hair was "scragley - either up or half down".

Suspect Two - IC1 MALE a/a 20's F507-8, skinny build with ginger hair.

There was a third suspect but there is no description.

Two weeks ago another house in the street "was targetted by same sort of people - £800 taken from house and they took tiles off"

HAINUALT NPT have also been informed.

Information

On Thursday 22nd June 2017 at 16:45 hours police spotted two White vans parked by each other on WANSTEAD PARK ROAD near the archery club.

One van was a White Ford Transit AV56XOU with ladders on the roof but no trade markings anywhere.

Officers began approaching the vans and one drove off towards WANSTEAD LANE.

Two IC1 males with strong Irish accents were standing by the Ford Transit and stated that the van had broken down and that they were waiting for a tow truck.

Both IC1 males appeared to be in their late twenties wearing white T shirts and shorts with work boots.

One who may have been the driver was of fat build, wearing glasses with short brown balding head and about F5'09" tall.

Passenger had cropped ginger hair of stocky build and about F5'10" tall.

As neither was inside the vehicle or driving they were not forth coming and appeared to get upset when asked why they were hanging around in this area.

Both males were fully advised that the area has issues with dumping and bogus calls. They stated that soon as van was fixed they would leave the area.

AV56XOU is registered to a company PLATON LIMITED - BARNFIELD, CHURCH LANE, SHEERING, BISHOP STORTFORD HERTS CM22 7NR.

Information

On FRIDAY 21/04/2017 at 1628 hours HAINAULT SNT were emailed about a suspicious vehicle that had been seen on the Hainault Business Park - ROEBUCK ROAD HAINAULT on both 20/04/2017 and 21/04/2017.

The informant stated they had 'travellers' approach their workshop looking for steel in their skips and were apparently rude to members of staff - seen using VRM SO04VVK - nothing further known.

PNC shows this to be a white NISSAN panel van ~~of [REDACTED]~~ of ~~[REDACTED]~~
~~[REDACTED]~~
Keeper since 10/02/2017
~~[REDACTED]~~

Hainault Business Park previously suffered with theft of anything not nailed down and the park management are asking for Police to be aware of this vehicle.

SNT update - vehicle details noted, patrols when possible will include the business park

On 21st APRIL 2017 officers were contacted by a local council enforcement contact regarding suspected 10 caravans from the traveling community arriving on the open green space site behind ROYSTON GARDENS nearby to REDBRIDGE ROUNDABOUT.

Officers from Cranbrook SNT attended the site at approxiametly 1300 hours whereby there were four caravans present on the open green space.

Officers spoke with a Mr William DOHERTY who was present who informed officers they were only looking to stay for a few days and will be moving on within the coming few days.

Whilst police were on scene, Redbridge Council enforcement were also present and were in the process of completing a number of forms in regard to serving notice period for their presence in the area.

CAD 3804/21APR17 refers to this.

PS 14 (Section Sgt) made aware as well as EA1 Inspector on duty.

Crimint created for information/ awareness only at this stage.

Information

Police attended BOURNE COURT WOODFORD AVENUE on 15th April 2017. Parked in the rear corner of the car park were three caravans along with one white PEUGEOT BOXER van. These vehicles are believed to be parked illegally.

We have spoken to [REDACTED], a security guard at the venue. Who states that they arrived on Monday. They have since been to court and have received an injunction. He believes that this is going to be actioned at some point next week.

I have advised him that, at present, there isnt any need for police action.

PRIMARY INVESTIGATION DETAILS : 1 Immediate action

1. CAD 6618/09JAN17. PC 116JI + 102JI

2. SUS1 has entered the barbers at approximately 1730 hours on the 09/01/2017. After having his hair cut he said he needed to go to the cash point to withdraw some money as he didnt have any on him.

VIW1 asked if SUS1 could leave either his van keys (Van VRM/ make and model not known) or his mobile as insurance whilst he went to the cash point.

SUS1 has said he was not willing to do that but VIW1 could go with himn to the cash point.

They have then gone to the cash point a few doors down from the shop. VIW1 stated that SUS1 had £37 in his account but he could not withdraw it. SUS1 has then run off.

PRIMARY INVESTIGATION DETAILS : 2 Scene

PRIMARY INVESTIGATION DETAILS : 3 Forensics

PRIMARY INVESTIGATION DETAILS : 4 Victims/Witnesses

PRIMARY INVESTIGATION DETAILS : 5 Suspects

SUS1 was described as Male, IC1, A/A 25-30, "Irish Traveller", medium buil, green eyes, freckled face, brown hair, red and black superdry tracksuit. He said his name was "patrick"

VIW1 has said he has never seen SUS1 before.

PRIMARY INVESTIGATION DETAILS : 6 Other evidence

There is CCTV in the shop. How ever They could not provide us with the CCTV as they would have to give the whole unit to us which is impractical as they would then not be able to use there CCTV.

VIW1 said he would email 2 pictures of SUS1 to 102JI so they can be circulated.

VIDO has been spoken to in relation to how the photos were obtained. They have stated it may hinder the investigation if we do not try to get the actual footage. The venue was visited today but unfortunately it was closed.

Details of Investigation

04/02/2017 15:16

PC 234174 484JI M SAMAD

VIW1 has been spoken to. He has been informed that we would need the CCTV of the incident to progress. He did not seem interested in doing this. He stated that he would have to take out the hard drive to get the CCTV. He was asked if he could do this as the police would not due to the nature of the offence he stated that he would not. He was informed that the incident would be closed without his co operation to which he said that it was fine.

Due to this the cris can be closed. VIW1 is clearly not interested in progressing this report

TP/CMS Entry** The victim has called CMS to advise us that he has seen the suspect two doors down from his shop at the post office at approx 13:00hrs .. the suspect was withdrawing cash from over the counter. The victim approached the suspect and asked him when he was thinking of paying for the service .. the suspect ran off and got in a car in the front passenger seat. The vehicle was being driven by female with blonde hair. The vehicle registration is SM07 UKO which he described as a silver Fiat Ancaster with damage to the rear. The victim has advised that the post office has CC 1 83.

Vehicle is registered in Northern Ireland, I don't believe that it will be in the public interest to pursue investigating the offence. The amount charged for the haircut was £15 which was not paid. Potentially this will be a civil dispute with ones word against another.

I have tried calling VIW1, NRRR.

19/04/2017 15:41

PC 234174 484JI M SAMAD

This CRIS now be closed. There are no viable leads to follow. A seven day letter was sent on 29/03/17 and there was no response from VIW1.

20/04/2017 15:40

PS 223641 K CHAMBERLAIN

I have spoken to the VIW who has again called police to report that he had seen the suspect and was following the suspect from afar.

The VIW has said that no officers have attended the location so he has then called Barkingside SNT which is where I have then been advised an hour later.

The VIW stated that the first officer who attended advised the VIW that taking photos of the CCTV would be suitable however I have explained that CCTV would be beneficial to assist with progression of the case. He said he doesn't have it, but has the images that have been sent to the OIC.

The VIW has seen the suspect again today around 1400 in Romford town centre but 101 and 99 have not assisted him with units. He has asked what he should do and I have advised him that calling 101 and request a unit to obtain the suspects details to then organise a caution plus three.

I have asked the officer to ensure the picture is circulated of the suspect and that call is made to MIB to check for any insurance details in an attempt to identify the suspect.

21/04/2017 16:29

PC 234174 484JI M SAMAD

matters as if they will be going to court which is why he has been asked to provide CCTV etc. His response was that its just going to be a caution at most for SUS1. It was explained when we make decisions, past incidents also count.

VIW1 was asked again to provide a statement to which he has stated that he was not willing to waste his time to attend Barkingside police station, which is approximately 5 minutes walk from his workplace.

Can this CRIS be closed due to the unwillingness of victim co- operation.

26/04/2017 08:58

PS 223641 K CHAMBERLAIN

I have discussed the case with the OIC. The OIC has spoken to VIIDO who have said they would need an image from the CCTV rather the photograph. The VIW does not have the CCTV and was not willing to provide it when initially asked and now no longer has it. The VIW is unwilling to provide the OIC with a MG11.

Due to the above, we are unable to identify the suspect and there is no evidence to prove the case. With this in mind I agree with the OIC comment to close this report.

Information

Police attended a disused site on GOODMAYES LANE that is shown as NHS Redbridge Old MAYSBROOK CLinc following a report that travellers had managed to gain entry and have set up a site at the location CAD 9174/25NOV16 refers.

On police attendance there was one caravan and a ford transit on the site and the occupant was spoken with who gave his name as Patrick WARD. He stated that he was planning on staying for no more than a couple of days as he would be making his way away from REDBRIDGE to somewhere in BERKSHIRE.

PRIMARY INVESTIGATION DETAILS : 1 Immediate action

This report is for Vehicle Interference. Suspect's attempts to break in to a vehicle disrupted by victim. No property taken. Damage caused to the vehicle door.

TP CRIB TEXT SENT

The victim called Police and CHS was created. The incident was passed to TPCRIB for telephone reporting.

Duplicate check carried out. Not a duplicate report.

CHS Demand No. 20161123034660

[REDACTED] VIW1, returned from shopping and noticed the suspect loitering about near his work van. When [REDACTED] asked what the suspect was looking for, the male quickly put his pockets and started talking very rapidly to [REDACTED]. [REDACTED] believed the suspect was trying conceal a sharp instrument: knife that he had been using to break into his vehicle. The suspect ran off into dark metallic blue Ford Focus, partial index of YR54???, which drove off quickly. There were other occupants in the vehicle. Exact numbers not known.

No property taken but door damaged.

Details of Investigation

21/11/2016 07:24

PC 238791 116JI C HOFFMAN

PRIMARY INVESTIGATION DETAILS : 1 Immediate action

*****SKELETON CRIS. ALL DETAILS KNOWN ARE FROM THE CAD*****

1. CAD 460/21NOV16

VIW1 is the partner of VIW2. VIW1 has called up saying VIW2 was attacked and he had a bust up lip and eye. VIW1 said she did not know why the fight started.

FCOP has updated the CAD stating that VIW2 called police and said he did not wish to see the police. he is not seriously injured and does not know the suspects.

PRIMARY INVESTIGATION DETAILS : 2 Scene

PRIMARY INVESTIGATION DETAILS : 3 Forensics

PRIMARY INVESTIGATION DETAILS : 4 Victims/Witnesses

PRIMARY INVESTIGATION DETAILS : 5 Suspects

VIW2 stated that 2 males attacked VIW1 and there where 3 females with them.

SUS1 described as white, Irish, Traveller, Male, short dark hair spiked up, A/A 27-32, F510 wearing a white shirt and blue jeans

He allegedly said "IM RICHARD CONWAY, DO YOU NOT KNOW WHO I AM?"

PRIMARY INVESTIGATION DETAILS : 6 Other evidence

21/11/2016 07:28

PC 238791 116JI C HOFFMAN

I have run the name Richard CONWAY through IIP with an approximate age of 30.

I cannot see anything to narrow down a suspect by that name.

PRIMARY INVESTIGATION DETAILS : 1 Immediate action

The Dets for this CRIS report have been created in accordance with a One Met Model TP CRIB pilot study using the new HAVE Risk Assessment and Solvability Assessment frameworks.

This pilot will also only record clearly identifiable items on PROP pages regardless of value or type of item or if no items of value then one item of unidentifiable property.

Where the victim has been given a CRIS number over the phone or on voicemail, no text or email will be sent.

For clarification on the pilot study guidelines and assessment framework please contact Insp John Tibaldi. TP CRIB.

1) CHS DEMAND NO:- 20161114028563 refers.

I have carried out cross borough checks on VIW1 / VEN / VRM and am satisfied that this is not a duplicate report.

VIW1 spoken to.

2) This report relates to an allegation of Theft from motor vehicle.

VIW1 is a delivery driver. On DAY / DATE at times shown, VIW1 had arrived outside venue in order to make a delivery to the Nursing home - name of premises not known.

VIW1 has parked up outside and has gone to the rear of the van in order to take out the parcel to be delivered.

At this time, VIW1 hears a noise coming from the van.

VIW1 has looked around to the F/N/S door and sees SUSP1 nearby....

A female working at the nearby nursing home advises VIW1 that SUSP1 had just been into his vehicle and stolen some property.No details taken

VIW1 calls out and SUSP1 walks off in direction of a "temporary traveller site" which had appeared on the green overnight...

PC 9608 926TP A JOEL

PRIMARY INVESTIGATION DETAILS : 1 Immediate action immediately reaches into his bag in the F/N/S of the van. His wallet still present.. VIW1 looks inside his wallet and all the bank cards have been removed....

VIW1 further realises that his MP3 adaptor is also missing.....

VIW1 then follows SUSP1 in direction of the "traveller site" consisting of two camper vans and two caravans.....

VIW1 shouts towards SUSP1 " i know what you have stolen. You have been seen" I am going to call the police....."

At this point, SUSP2 believed to the son of SUSP1 appears with all of VIW1's missing property and hand it back stating "call the fucking police if you want".

The property is returned to VIW1 in full.

Nothing outstanding. All bank cards cancelled as a precaution.

Information

Police attended the green area to the front of REDBRIDGE COLLEGE LITTLE HEATH BARLEY ROAD ILFORD following a call regarding travellers setting up camp at the location.

There was one caravan and a motor home present along with a white transit van. The travellers were spoken with and they stated that they were likely to be staying till 15/11/2016 at the latest. They have been advised to leave the area as soon as possible as it was not a suitable place to make camp.

Whilst en route to this call PC MAHONEY 880JI updated officers that the land that the travellers were on is a site of special interest and there is a archeological dig due to take place at the location.

Travellers initial assessment form has been completed by PC HILL and attached to this crimint.

CAD reference - 9567/10NOV16

Police were called to attend CAD reference 9567/10NOV16 in relation to a travellers sight being located within the area of ROYSTON GARDENS, ILFORD, ESSEX, IG1 3SY.

Travellers within the area have congregated within the area for a wedding taking place in BRENTWOOD, and have informed police that they will be leaving on the 13/11/2016 at 1700 hours, which is stated within the conviction notice issued by REDBRIDGE council.

There is currently security on the travellers sight which runs 24 hours, called COVERDALE security.

Please find the attached copies of the initial site assessment form, and a copy of the council eviction notice.

Information

On FRIDAY 11 NOVEMBER 2016 at approximately 0807 hours police attended the fields at the rear of ROYSDON GARDENS WANSTEAD to reports of an unauthorised encampment on the fields Police were called by a member of public who noticed the encampment at approximately 2335 hours on THURSDAY 10 NOVEMBER 2016 On police arrival there were nine caravans and four vehicles on the site There were no animals visible from the site at the time of police arrival.

The site is a recreation ground with a football pitch that appears to be unused due to the length of the grass on the field There are track marks which appear to have come from the vehicles that have been driven from the junction at ROYSDON GARDENS through a gate that has been secured with a bike lock after access has been gained It is unknown if the gate was secure prior to the arrival of the caravans

At the time of police arrival there were no persons present on the site from the encampment A member of public was at the location with her dog and she stated that it is believed that the travellers arrived over night as they were not there yesterday when she walked her dog through the field in the morning

There were no issues present at the time of police arrival Redbridge community policing team attended the location after our visit and Redbridge council has been made aware for their enforcement officers by JI GPC

Information

CAD9567/10NOV16

On 10/11/2016 at approximately 2330 hours Police were called to the playing fields to the Rear of Royston Gardens, Informant stating that Travellers had moved onto the recreation ground.

On police attendance, counted X8 Caravans, and x8 Vehicles.

Due to the hour officers did not speak to all residents but was able to speak to one representative, John Lawrence NFDS, who stated that they were here to attend a wedding in Brentwood, would give no further information.

John LAWRENCE warned officers to be careful of Dogs that may be loose and belong to the other families, however no dogs could be seen.

Entry appears to have been gained through the gate, no damage could be seen and a new bike lock appears to have been placed on the gate (presumably belonging to the travellers)

J12N was liaised with from the scene who stated that ET would reattend.

 SMF REPEATVICTIM (Repeat Caller / Victim)
 GPC Supervisor - Please note that this caller has been categorised as:
 'Repeat caller' and / or 'Victim'.
 GPC - Prioritise any additional intelligence checks & inform relevant
 SNT.
 Consider if the person is susceptible to physical abuse, emotional or
 mental hurt, and liable to be easily influenced.
 Are they a repeat caller and/or victim of anti-social behaviour which
 is affecting their quality of life, or are they intimidated by the
 activity?

VIW2 is the manager of the ONEILS PUBLIC HOUSE.

On 27/10/2016 at about 2100 hours VIW2 was at work in the pub when a group of irish travellers walked in. They were about 5 or 6 in number and a mixture of men and women.

Due to previously having problems with travellers they told the group that they would not be serving them.

At this point the suspect picked up a stool and threw it across the pub, he then threw two other stools and then threw about 10 pint glasses in various directions all around, smashing them all.

The value of these glasses totals about £10. The stools were not damaged. Nobody was injured or assaulted.

At this point the suspect left with the group and they made their way towards ILFORD BR STATION.

The suspects were then followed by CCTV along CRANBROOK ROAD where they were eventually lost at the junction with PARK ROAD. The LBR CCTV is not of any evidential value.

The quality of the CCTV in the pub is not known at this time. The pub is now shut and I will return on ET to establish whether it is of any evidential value.

The suspect is described as IC1, of irish origin. 5'7 tall, wearing a brown jacket and blue jeans, aged about 35-45.

VIW2 states that he would recognise the suspect if he saw him again.

While officers were dealing with a separate incident down CRANBROOK ROAD. It was established that this group of travellers are all from MII TON KEYNES and were in ILFORD for a funeral. It is believed that the suspect has gone back to MILTON KEYNES.

On Saturday 1st October 2016 police attended the venue to report a common assault against VIW1.

The venue is a Public House.

VIW1 stated that she was working at the venue as a bar manager. VIW1 stated that from approx 0900hrs a group of travellers entered the premises and had been drinking there most of the day. VIW1 said that at approx 1415hrs SUS1 approached the bar and asked to be served an alcoholic drink. VIW1 has refused as SUS1 was very drunk. SUS1 has started verbally abusing her.

SUS1 has then thrown a pint of lager over VIW1 and left the venue.

CCTV has been viewed and although a male is seen arguing he is not seen to commit any offences re throwing the drink over VIW1.

The CCTV quality is not of good quality.

An area search of the vicinity is no trace.

Local authority CCTV was also asked to view the area. Result was no trace of any of the group.

Information

59 MAYPOLE CRESCENT a family moved in on the 11th FEBRUARY that have been housed in this property by THEORRI AGENTS based in LEYTON believe this family to be IRISH Travellers.

At beginning there was a FEMALE in her 50's, a boy 15, and girl approximately 10 years old.

There has been suspicious going on's in this property, loud behaviour as if they are fighting.

The 15 year old boy has been heard speaking to someone believed on the phone and stated "Got 6,000 for that gold"

Believed the boy's associates come to visit him here from the TRAVELLERS Site on FOREST ROAD, and he has been seen taking a knife from his pocket whilst in the address.

Believes that they are changing registration numbers on their vehicles

Appears the mother and girl have disappeared and a couple have now appeared in the property, and the MALE has been seen sitting in his van on the phone from 1900 hours to 2330 hours outside his address.

The vehicles seem to be getting numerous parking tickets, and assuming they are dis regarding them.

A vehicle believed has been vandalized by them in the alleyway near the location
Registration number is DA53DWJ, Micra

Information

On 23/08/2016 whilst reporting officer was on patrol on Meadow Lane Travellers Site, Runwell a search was carried out on a piece of Meadow land on the left as you enter the site. This is becoming a location where stolen vehicles are being located by Police. To the right embedded in foliage of trees was a white Ford Transit that had the top half of the body cut off also the engine and other identifiable marks had been removed and the chassis number cut from the windscreen area.

Alongside there were numerous number plates from vehicles. EU65UGB, BX09BDY, W327YJN, AW04KFU and NG56HLM

Also hidden to the left of the meadow was a triple axle Ifor Williams Tractor - the trailer serial number plate had been removed, but code on the main frame was C + 60552. Enquires and checks made but were unable to confirm whether this was stolen

****K4E instructed to attend 45 min old off borough I grade by Met call****

Incident location: o/s 64 Saxon road.

Viw1: [REDACTED]

Veh1: [REDACTED]

Police were called by VIW1 who stated someone had just driven off in his car.

Police attend the victims home address of number [REDACTED] Saxon road. He stated he was the registered keeper of the above vehicle, he had owned it for 2-3 months and paid £3200 for it.

VIW1 wanted to sell said vehicle and therefore put an advert on autotrader 2-3 weeks ago.

On the afternoon of the 13th of August, VIW1 received a phone call from an withheld number. A male caller requested to see the car as he was looking at buying it. He stated he would be in attendance between 9-10 on the 14th August. The same male called again at around 0830 hours on 14th august to confirm he would be in attendance.

SUS1 then attended near to 0930 hours. He was described as a thin white male between the age of 40-50. The victim thinks he had an irish accent and said he thought the male was a traveller. He attended the location on foot.

While showing SUS1 around the vehicle, VIW1 put the keys in the ignition and started the engine to show that it worked. SUS1 asked if he could test drive the car, VIW1 confirmed he would allow this. SUS1 then sat in the drivers seat, and drove off at speed before VIW1 could get into the passenger seat. VIW1 said he drove off back towards Ilford Lane. VIW1 gave SUS1 no permission to take the vehicle.

PNC has been updated with LOS report. VIW1 would like recovery if the vehicle is

I have read this report. There are no apparent leads other than a CCTV enquiry to check if there is footage at the location or where the suspect has driven off toward.
I am satisfied this has been recorded correctly. LOS rep on PNC.

Information

On 22/07/16 at 1900 hours police were called to The Willows wedding venue on forest road due to ten caravans breaching there security gates and plotting up, there were approximatly five hundred guests attending the venue for a wedding at the time and the travellers took advantage of the wedding guests entering and leaving the main gates in order to get into the premises which is privately owned. Redbridge council emergency planning were informed of the events and police stood by to prevent a breach of the peace. The travellers aware of the law once plotted decided to leave via the main gates of the venue at which point on their return the venue owner refused to let them back in this caused the traveller to leave his vehicle obstructing the main gates preventing guests from entering or leaving, Police on scene resolved this issue but tensions remained high which warranted police remaining on scene. The spokesperson for the group called Martin stated that they would definatly be gone by tuesday morning. The wedding today was a dry wedding however the venue owner has stated that on the 23rd july 16 between 1800 and 0100 they are having a large jamaican wedding possibly more than 500 people in attendance and there will be alcohol and the possibility of friction between the wedding party and the travellers. RCPT sergeant made ware.

Information

On 30th June 2016 at approximately 1030 hours a member of the public has witnessed a Blue Vauxhall Combo van VRM DU61NAO pulled up in The Friars in Chigwell Essex. The vehicle has pulled up outside 20 The Friars, which is an address owned by a very elderly frail female who lives alone. A male got out of the vehicle and was looking around the address. A neighbour thought this was suspicious and challenged the male. The male stated he was plying for work and wanted to leave his business card, however, when the member of public said to the suspect "why isnt everyone in the street getting a card" the suspect became evasive and made off in his van.

The male was described as IC1 and Eastern European, but no further details were given.

The vehicle is registered to Patrick O BRIEN DOB 25/07/1990 of 50 ROWDOWNS ROAD RM96NJ. This is where the insurance is shown as well, and there is a trade policy on the vehicle. The male is known previously for artifice burglaries, going equipped, thefts and fraud. It is likely that the occupants of this vehicle are attempting to gain entry to vulnerable peoples property in order to burgle from them.

O'BRIEN is a member of the travelling community and works cash in hand and does not pay tax.

He used a small red Vauxhall combo van and a small silver Vauxhall van for the burglaries which he has now disposed of.

He is also driving with no insurance and uses another person's identity to drive.

Officers attended the GEORGE GREEN, WANSTEAD, the park area next to WANSTEAD LT. There were approximately 8 caravans parked on the south part of the green, as well as multiple cars/vans. Officers ascertained that the owners were travellers and spoke to the man in charge called Tom. Officers were advised that the travellers would be staying for a couple of days, they were advised that the council will look to evict them. The travellers stated that they had come from DAGENHAM way, officers were made aware that a group had been evicted that morning from RAINHAM.

Officers were then made aware that the area is CITY OF LONDON CORPORATION land and that Epping Forest Constables would be attending, they arrived shortly after. The constables advised the travellers regarding the land and gave them an hour to vacate, which they agreed to after a short argument. The travellers vacated the GREEN, made their way to the GREEN MAN roundabout, believed to be heading JC way, JC2E was made aware of this. Officers were made aware later that the travellers had set up in the BUSH ROAD, E11 area, but the original officers were unable to reattend.

RCPT have been made aware of the above.

Local residents were concerned, but no criminal offences took place.

Information

On Thursday 26/05/2016 at about 1800hrs three young IC3 males aged between 8 - 14 were calling on addresses in HANOVER GARDENS IG6 2RA purporting to be collection for the HELP FOR HEROES (HFH) charity on behalf of their school. The ringleader gave his name as Paul CONNORS when spoken too and stated the school was FAIRLOP PRIMARY. He was unable to answer questions as to who the headteacher was or other details of the school he should have been aware of. He was carrying a clipboard with what appeared to be photocopies of a HFH sponsorship form and this had about three names on with amounts of £1 - £2. They were informed that Police would be called and departed quickly towards BRUNSWICK GARDENS.

The informant wife works in JOHN BRAMSTON SCHOOL in HAINAULT and she recognised the youngest male as Micheal COYLE aka MIKEY as he attends her school. She will bring this to the attention of the headteacher of that school. She is also aware of a similar incident involving children from the EASTWOOD family (also travellers) who live in the HAINAULT area last week.

This is a worrying incident for several reasons i.e. the offences potentially being committed, the safety and welfare of the children involved and the potential damage to the reputation of the charity and the schools they purported to represent.

Submitted for the attention of the locals SNT's and for briefings.

CAD 5821/07apr16 refers

PC 363JI attended VIW1's place of work to take a report as appointment car JN18E

DETS:

VIW1 states that he is a housing officer for Redbridge Council and that he is the council's contact for the Northview travellers site, forest road, Hainault.

VIW1 states that there has been recent increased tensions between council workers and the families at the site because of the following reasons:

- * Additional caravans being sited there that are not paying ground rent
- * Damage to council property at the site
- * A delay in resurfacing the potholes on the way into the road
- * Fly tipping at the site by residents

VIW1 states that he visited the site to conduct enquiries and engage with the families and while he was speaking to Elizabeth Eastwood about her recent job application things got heated between VIW1, Elizabeth and her brother James. During this altercation the windows on VIW1's private vehicle were smashed by persons unknown. VIW1 found a rock in the passenger seat of the car but did not know who did it. Both Elizabeth and James apologised for the person responsible for this and said they would make enquiries to try and find out who do it, but nothing has been heard

VIW1 has since paid £50 excess for this to be repaired. He would like this to be reported to police and for officers to be made aware, but would not like any formal action to be taken against the occupants of the site, as this may flare up community tensions and tensions between council workers and occupants at the site during future visits.

Local SN will be made

At approximately 2200hrs on the 29/03/2016, police attended 1051 HIGH ROAD CHADWELL HEATH, the site of the Bar and Grill public house, now closed down, after a report received of Travellers moving in on the site. Damage was caused to the site entrance gate, however no witnesses were willing to come forward and point out who had carried out the damage.

Police spoke to the father of the main family of this group, a Mr Francis STOKES, dob 26/07/1971, who stated that his family had travelled down from Wigan to pay their respects to a traveller who had been killed during an incident in Stratford, approximately ten days before. Apparently the family were due to travel back to Wigan, soon after paying their respects. Mr STOKES stated that the family had stayed on a site in Dagenham yesterday.

There were no amenities on this current site, Water, Electricity and were instructed by Ji1 to leave the site by 0900hrs tomorrow morning and issued with a Section 61 of the Criminal Justice Public Order Act notice.

Family members included a:

Michael COCHRANE, dob 21/06/1985
Steven STOKES, dob 23/07/1997
Francis STOKES JNR, dob 15/03/2005
Tom STOKES, dob 23/06/1996.

The following are vehicles used by this group:

LT54OVF, White Transit van
BL55FAK, White Transit van
XFZ3076, White Transit van
GJ07ZWF, Red Skoda Octavia
DY08UJX, Silver Mitsubishi Pick up
XFZ431, White Peugeot Partner van

PRIMARY INVESTIGATION DETAILS : 1 Immediate action

*****THIS IS A SKELETON REPORT*****

1. CAD 6858/27MAR16
JQ18E

2. VIW is unwilling to report an offence and simply wants officers to be aware incase other public house venues have similar issues.

On Sunday 27th March 2016 at approx 2030 hours they had a group of travellers in the pub and one of them became was shouting at one of the chefs after a few drinks when VIW1 tried to calm him down the male was abusive and threatening towards him as well.

After a few minutes the male left the pub with with another male and a female that he was with.

The male threatened to assault VIW1 if he called the police.

Male got in a white van. description- white male a/a late 30s f506 blonde hair med build.

VIW does not want to go any further with report.

Details of Investigation

The victim was contacted by the Telephone Investigation Unit on 23/03/16 at 1104hrs to obtain/clarify further details for the completion of a crime report.

The informant stated that on DDTP the suspect had come into the baths and had spoken to the staff on the reception, telling them that he had left his phone in the spa area.

As a result, the staff bizzed the suspect through to the spa area to allow him to retrieve his phone.

After being gone for a while, staff went to find the suspect and whilst doing so found an unlocked locker containing personal possessions which they took out to reception.

A short while later the suspect appeared at reception asking for his phone and was challanged by the informant for having

used the spa facilities without paying

The suspect apparently told staff his mother had paid.

The suspect apparently offered differing accounts and said his mother would be meeting him outside
so the informant waited with him.

Apparently the suspect had become a little aggitated during the conversation so the informant took him
to wait outside.

After a short while and continued differing accounts as to where his mother was etc, the suspect ran off
south along the High Street.

No further information was disclosed by the victim at the time of reporting that would assist this

INVESTIGATION PLAN

I have been screened in this crime report to investigate..

Details of Investigation

It appears from the above remarks that a juvenile male has used the Fullwell Cross Baths without paying. When challenged the males stated his mum has already paid and had made off from the scene.

Appaantly CCTV footage is available.

To do...

Ascertain whether Fullwell Cross Baths want to substantiate with the allegation of making of without payment of the baths.

To ascertain the value of the service and to see whther it is in the public interest to carry on with this investigation if not to explain to Fullwell Cross Baths the reasoning behind this and to look for other means of resolving this incident ie. to ban the male from the site.

Even so ascertain whether there is CCTV footage of the incident view the CCTV footage if the male is one of our regular Juvinales in the Barkingside area.

Depending on the value of the service and if CCTV is good, then circulate SUS1 across the borough for someone to identify.

UPDATE

I've attended Fullwell Cross Baths and spoke to the manager on that day, she stated she was not the informant however is well aware of the incident. She stated she belives the male is an Irish Traveller. She stated that the intention was to make police aware of the incident thats all. As they did not want this to become a regular occurance.

I asked the manager what she would want done regarding this,

she stated that she can't make the decision the center manager can and she has given me his details. The center manager was busy at the time and I will contact him another day.

However I gave the manager crime prevention advice to not let anyone into the baths or the center without valid permission such as a membership card.

I will speak to the center manager and ask what he would like police to do in this incident. I've also enquired about CCTV the manager stated to me she will get it downloaded depending on what the center manager states.

UPDATE

I have finally been able to get in contact with the Fullwell Cross Baths manager, he states the reason for the call was due to the incident at the time as the SUS1 was not waiting with the manager.

Sean was given crime prevention advice, and stated that they will deal with the incident in house, ie. Ban the individual from using the baths.

He is happy with police action.

From the above remarks, crime report can now be considered to be closed.

Details of Investigation

The victim was contacted by the Telephone Investigation Unit on 23/03/16 at 1104hrs to obtain/clarify further details for the completion of a crime report.

The informant stated that on DDTP the suspect had come into the baths and had spoken to the staff on the reception, telling them that he had left his phone in the spa area.

As a result, the staff bizzed the suspect through to the spa area to allow him to retrieve his phone.

After being gone for a while, staff went to find the suspect and whilst doing so found an unlocked locker containing personal possessions which they took out to reception.

A short while later the suspect appeared at reception asking for his phone and was challanged by the informant for having

PRIMARY INVESTIGATION DETAILS : 1 Immediate action
used the spa facilities without paying

The suspect apparently told staff his mother had paid.

The suspect apparently offered differing accounts and said his mother would be meeting him outside
so the informant waited with him.

Apparently the suspect had become a little aggitated during the conversation so the informant took him
to wait outside.

After a short while and continued differing accounts as to where his mother was etc, the suspect ran off
south along the High Street.

No further information was disclosed by the victim at the time of reporting that would assist this
investigation

INVESTIGATION PLAN

I have been screened in this crime report to investigate..

Details of Investigation

It appears from the above remarks that a juvenile male has used the Fullwell Cross Baths without paying. When challenged the males stated his mum has already paid and had made off from the scene.

Appaantly CCTV footage is available.

To do...

Ascertain whether Fullwell Cross Baths want to substantiate with the allegation of making of without payment of the baths.

To ascertain the value of the service and to see whther it is in the public interest to carry on with this investigation if not to explain to Fullwell Cross Baths the reasoning behind this and to look for other means of resolving this incident ie. to ban the male from the site.

Even so ascertain whether there is CCTV footage of the incident view the CCTV footage if the male is one of our regular Juviniles in the Barkingside area.

Depending on the value of the service and if CCTV is good, then circulate SUS1 across the borough for someone to identify.

UPDATE

I've attended Fullwell Cross Baths and spoke to the manager on that day, she stated she was not the informant however is well aware of the incident. She stated she belives the male is an Irish Traveller. She stated that the intention was to make police aware of the incident thats all. As they did not want this to become a regular occurance.

I asked the manager what she would want done regarding this,

she stated that she can't make the decision the center manager can and she has given me his details. The center manager was busy at the time and I will contact him another day.

However I gave the manager crime prevention advice to not let anyone into the baths or the center without valid permission such as a membership card.

I will speak to the center manager and ask what he would like police to do in this incident. I've also enquired about CCTV the manager stated to me she will get it downloaded depending on what the center manager states.

UPDATE

I have finally been able to get in contact with the Fullwell Cross Baths manager, he states the reason for the call was due to the incident at the time as the SUS1 was not waiting with the manager.

Sean was given crime prevention advice, and stated that they will deal with the incident in house, ie. Ban the individual from using the baths.

He is happy with police action.

From the above remarks, crime report can now be considered to be closed.

Information

On Saturday 19th March 2016 at approximately 1730 CAD 6262/19MAR16 police received a call stating that caravans had moved on to the site of 450 HIGH ROAD ILFORD, CHARTER HOUSE. This site is currently to let and no one occupies the building on the site. There is fences and gates around the site.

J14L attended and notes that there was 5 IC1 males standing near the gates of the site. The older of the males engaged with police and stated that they are Irish travellers and they are in the area for a family visit and plan to stay on the site for up to two weeks. They all refused parts and stated that they have 4 caravans and 4 vans (transit style) on the site. The elder male stated that they have children and women also on the site but police did not see any women or children at all.

From the front of the site only 2 caravans and 2 vans could be seen. The site was only accessible by climbing over a wall. The front gate to the site was locked and the travellers had placed a sign on the gate (this is attached). At this stage police are unable to confirm if the gate was secure when the travellers arrived.

GRACEWOOD ESTATES & LETS currently are advertising the site for let. T0207 538 4142, EMAIL : info@estatesandlets.com

J14 tried calling them and there is no option to leave a message, an email will be sent with the CAD number informing them that police have attended and what the current situation is.

I have attached several photos of what police found on arrival

Also attached is the flow charts on how to deal with these situations, step one is for the owners or site managers to give a formal request for the travellers to leave then a form 3190 can be issued.

Police await contact from site owners or managers on above CAD.

Local authority to be informed by Support channel staff.

Details of Investigation

I have examined this investigation; The OIC appears to be conducted this investigation in an expeditious maner.

I have spoken to the OIC and she is going to make arrangements to send Jo Relly a letter asking to return and pay as it appears that all the persons in the presmies where ejected by police, therefore it would be difficult to prove that he acting dishonestly when it was police that ejecting the persons from the premises

There are enquires ongoing, I will again review this investigation in several days time

the below letter has been sent to the male that has been identified as being involved in this incient.

Police Ref: 4404535/16

Dear Mr Joe Reilly,

I am currently reviewing the above crime report which relates to a making off without payment that you have been identified as being involved in. You have been identified as the male that has set up a bar tab at Wanstead Bowling Club, Aldersbrook Road, London, E12.

I am aware that there

Supervision

This investigation relates to making off without payment initial enquires have been completed, The OIC has now completed all proportionate enquires, and at this stage there are no further leads.

Outcome 18

Investigation complete - no suspect identified. Crime investigated as far as reasonably possible - case closed pending further investigative opportunities becoming available.

Guidance: Where a crime is assigned Outcome Type 18 and the investigation is subsequently re-opened with the result that an offender is identified the type 18 Outcome should be re-classified to the appropriate alternative.

Details of Investigation

In respect of outcome types 1-4 and 6-10 inclusive the suspect must have been made aware that they will be recorded as being responsible for committing that crime and what the full implications of this may be.

Our ref: E0983/17
Date: 7th November 2017

Dear Mr Farrell,

Town & Country Planning Act, 1990 (As amended)
Details of alleged complaint: Waste and refuse dumped on site
Address: The Valentine, 27-37 Perth Road, Gants Hill, Ilford, IG2 6BX

I write regarding the following breaches of planning control at The Valentine, 27-37 Perth Road:

- Refuse dumped on site, having a detrimental impact on the surrounding amenity

In order to resolve the above breach you are required to take the following steps to remedy this situation:

- Remove all rubbish, refuse and waste from the premises
- Dispose of all black bags, materials and refuse in an appropriate place

You are required to remedy this breach within 28 days of the date of this letter in order to avoid any further action being taken.

Consequences of not resolving these matters

Please note that failure to resolve these matters will result in a report being prepared to serve a Section 215 notice. Section 215 of the Town and Country Planning Act, 1990 (As amended) is the main legislation relevant to untidy land:

(1) If it appears to the local planning authority that the amenity of a part of their area, or of an adjoining area, is adversely affected by the condition of land in their area, they may serve on the owner and occupier of the land a notice under this section.

(2) The notice shall require such steps for remedying the condition of the land as may be specified in the notice to be taken within such period as may be so specified.

(3) Subject to the following provisions of this Chapter, the notice shall take effect at the end of such period as may be specified in the notice.

(4) That period shall not be less than 28 days after the service of the notice.

Please note that failure to comply with the requirements of a Section 215 Notice can lead to prosecution and a fine of £2500. Alternatively the Council may seek to take Direct Action to secure compliance with the outstanding requirements of the Enforcement Notice. In such circumstances

the Council will recover from the person who is the owner of the land any expenses reasonably incurred by them in doing so.

Yours faithfully,

Eiman Rostami

Planning Enforcement Officer

Subject: WELFARE CHECKS TODAY

Dear Simon,

I spoke to a couple of mothers and fathers on site. They all reported that everyone was fine.

I saw around 20 children between the ages of 7 months to approx.8 year. The children looked healthy and clean. They were also appropriately dressed. The mother of the 7 month old baby reported that the baby was fine, eating and sleeping well. Some mother were preparing food.

Some travelled from Ireland and other from Leicester; most of them did not want to disclose where they were coming from and when they were leaving. Some disclosed that they are leaving tomorrow others said over the weekend and others said on Tuesday.

Some caravans were empty and others simply didn't want to open their doors for us.

Overall there was no concern identified.

Kind Regards;

Dear Sir/Madam

Re: London Borough of Redbridge --v- Yourselves
Name of site: Wanstead Rugby Club, Roding Lane North

I write to inform you that the above mentioned land ('the land') is owned by the London Borough of Redbridge.

The London Borough of Redbridge has not consented to your occupation of the land and accordingly you are hereby given 48 hours from the time and date of this notice to vacate the land.

You are therefore requested to leave the land taking with you all your belongings, which are currently on the land, no later than **17:00 pm on Wednesday 6th September 2017**.

If you should fail to comply with this request to vacate the land, the London Borough of Redbridge will take any appropriate steps to secure your eviction, including but not limited to powers available pursuant to Part V of the Criminal Justice and Public Order Act 1994, the use of such powers being entirely appropriate and proportionate in the circumstances.

Yours sincerely,

John Richards

Hi Mark,

Do you still have the paper work from the visit to the Royston Gardens site on 18th October. This was the time we could not get access to the site. If not, can you drop me an email confirming there were no housing concerns.

We need this ASAP for the injunction paperwork.

Dear Sir/Madam

Re: London Borough of Redbridge –v- Yourselfs

Name of site: Kearley & Tonge Sports Ground (Royston Gardens Sports Ground)

I write to inform you that the above mentioned land ('the land') is owned by the London Borough of Redbridge.

The London Borough of Redbridge has not consented to your occupation of the land and accordingly you are hereby given 48 hours from the time and date of this notice to vacate the land.

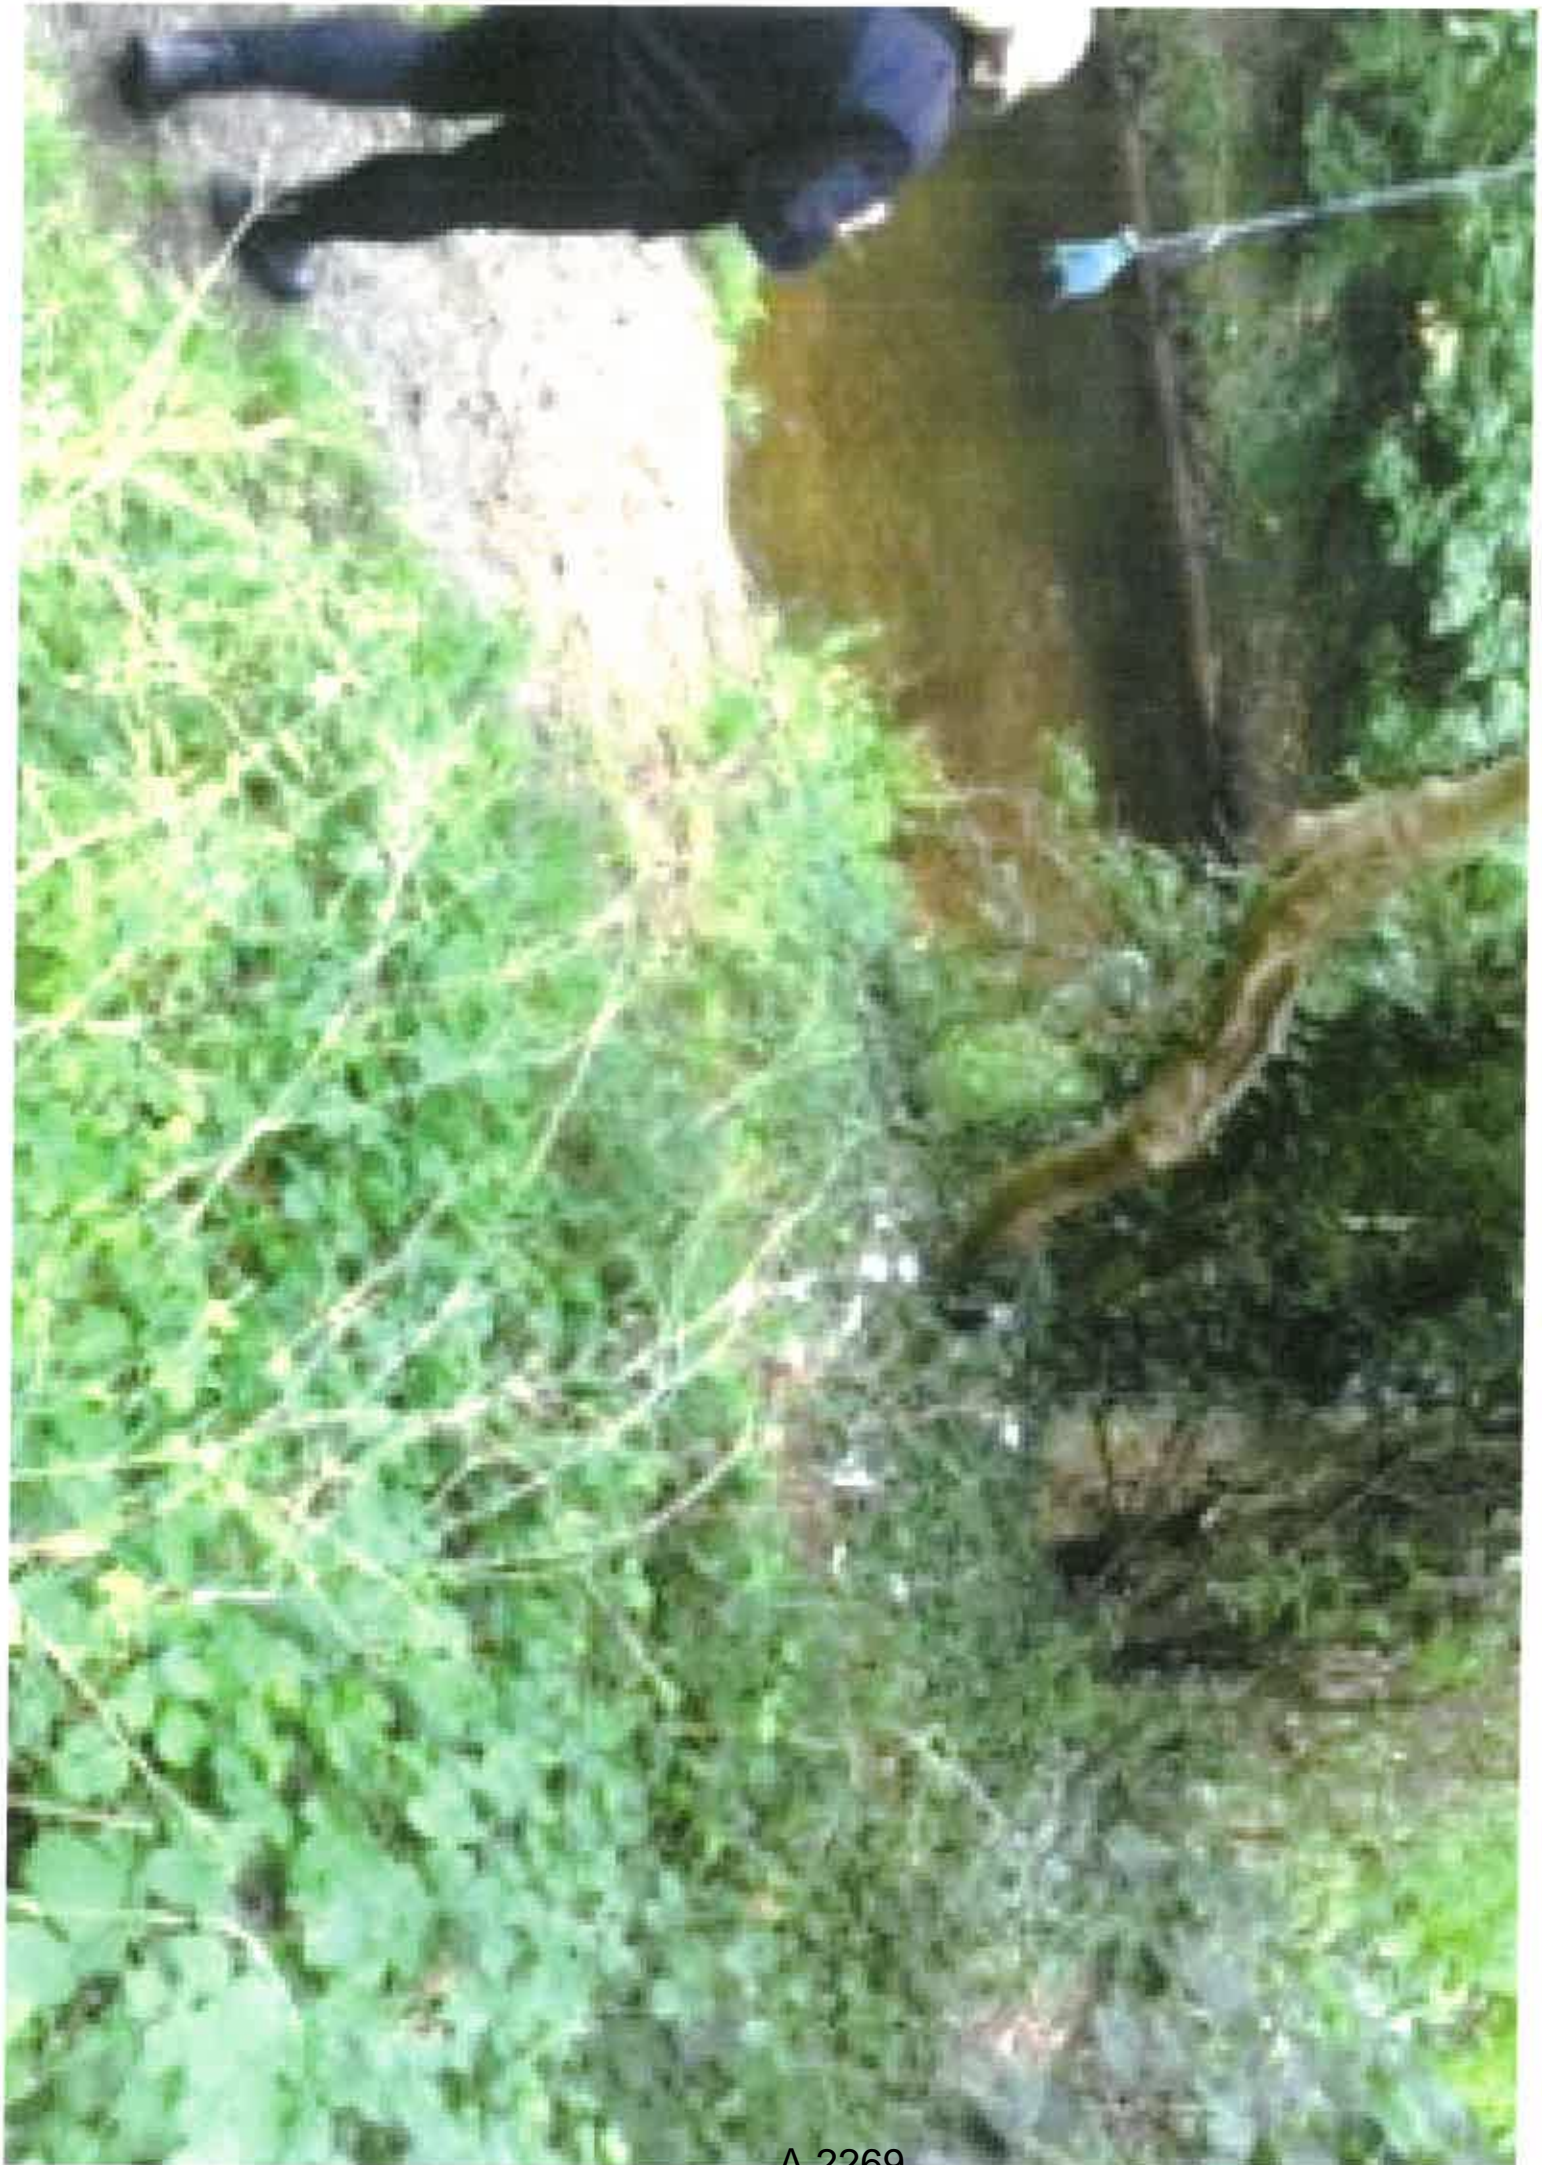

You are therefore requested to leave the land taking with you all your belongings, which are currently on the land, no later than **5:00 pm on Saturday 22 July 2017**.

If you should fail to comply with this request to vacate the land, the London Borough of Redbridge will take any appropriate steps to secure your eviction, including but not limited to powers available pursuant to Part V of the Criminal Justice and Public Order Act 1994, the use of such powers being entirely appropriate and proportionate in the circumstances.

Yours sincerely,

John Richards
Head of Civic Pride and Enforcement

Essex

IG6 1HW

Court Code: 2573

Date:	8 September 2017
Defendant:	Persons Unknown
Date of Birth:	n/a
Address:	c/o Ashton Playing Fields, 598 Chigwell Road, Woodford Green, Essex, IG8 8AA
Complainant:	London Borough of Redbridge

The Court is satisfied that persons and vehicles in which they are residing are present on Ashton Playing Fields, 598 Chigwell Road, Woodford Green, Essex, IG8 8AA ("the Land") in contravention of a direction given under section 77 of the Criminal Justice and Public Order Act 1994

The Court orders that all vehicles or other property which is present on the Land and any person residing in it must be removed forthwith

This order authorises the London Borough of Redbridge to take such steps as are reasonably necessary to ensure that this order is complied with and, in particular, authorises the London Borough of Redbridge, by its officers and servants –

- (a) to enter upon the land; and
- (b) to take, in relation to any vehicle or property to be removed in pursuance of this order, steps for securing entry and rendering it suitable for removal

The London Borough of Redbridge shall not enter upon any occupied land unless they have given to the owner and occupier at least 24 hours notice of their intention to do so, or unless after reasonable inquiries they are unable to ascertain their names and addresses

A section 77 direction was served on the Defendants on 9 August 2017

A person who wilfully obstructs any person in the exercise of any power conferred on him by this order commits an offence and is liable on summary conviction to a fine not exceeding Level 3 on the standard scale.

EXHIBIT LJ/1

THIS IS A NON-RESIDENTIAL BUILDING
Section 144, LASPO does NOT apply

This is NOT a "residential building" within the meaning of section 144, Legal Aid, Sentencing and Punishment of Offenders Act 2012 because it was NOT designed or adapted, before the time of our entry, for use as a place to live (s. 144(b)).

Insert reasons why the above applies if not physically obvious

The provisions of section 144 are therefore NOT APPLICABLE to this building or to our occupation of it.

Part II, Criminal Law Act 1977
(As amended by Criminal Justice and Public Order Act, 1994) DOES APPLY

LEGAL WARNING

TAKE NOTICE

THAT we live in this property, it is our home and we intend to stay here.

THAT at all times there is at least one person in this property

THAT any entry or attempt to enter into these premises without our permission is therefore a criminal offence as any one of us who is in physical possession is opposed to such entry without our permission.

THAT if you attempt to enter by violence or by threatening violence we will prosecute you. You may receive a sentence of up to six months' imprisonment and/or a fine of up to £5,000.

THAT if you want to get us out you will have to issue a claim for possession in the County Court or in the High Court.

The Occupiers

It is hereby stated that this Legal Warning is approved. It is equally valid whether or not it is signed.

Important notice - please read carefully

Our invoices are payable on delivery. We reserve the right to charge interest on unpaid invoices at the rate of 3% above the base rate of the Royal Bank of Scotland plc on accounts which remain unpaid after 28 days.

Bill for non-contentious work

If this bill relates to non-contentious business (see below) then if you are not satisfied with the amount of our fee you may be entitled to ask for detailed assessment by the Court (see below).

Bill for contentious work

If this bill relates to contentious business (see below) then, unless it is marked as being an interim bill or on account of work done, the following applies:

If you wish to query the amount of our bill, you have the right to apply to the Court for taxation or assessment (see below).

If, after the expiry of one month from delivery, this bill remains unpaid, we will be entitled to seek to enforce payment through the Court.

Interpretation

Non-contentious business means any business done as a solicitor which is not contentious business as defined below.

Contentious business means business done, whether as solicitor or advocate, in or for the purposes of proceedings begun before a court or before an arbitrator appointed under the Arbitration Act 1950 or the Arbitration Act 1996, not being business which falls within the definition of non-contentious or common form probate business contained in section 128 of the Supreme Court Act 1981.

Note that certain litigation matters, e.g. before a tribunal, constitute non-contentious business as they are not heard by the Court. Litigation matters settled before the issue of court proceedings are also non-contentious.

Detailed assessment by the Court

As indicated above there are some cases in which you may be entitled to have our charges reviewed by the Court. This is called "taxation" or "assessment". Sections 70, 71 and 72 of the Solicitors Act 1974 set out your rights in relation to having the bill assessed by the Court.

Unauthorised Encampment Protocol

1 Introduction

This Protocol has been developed as a result of the risk of unauthorised encampments and through improvements identified from past experiences. This document has been designed to act as a checklist and record of key information. It is therefore strongly recommended that the appropriate Chief, Lead Officers complete the relevant checklists at the end of each section.

This document and processes of the Authority utilises the term 'trespasser', as anyone who has encamped on land without authority. It is important to recognise the risks of attaching narrow definitions to the individuals who may occupy land without authority and ensure that a consistent approach is achieved.

An unauthorised encampment is where any person camps (in vans, trailer, tents or any movable accommodation) on land that they do not own, and where they do not have permission to reside.

1.1 Aim

The aim of this protocol is to provide guidance to ensure an effective response and a record of action taken when land in the London Borough of Redbridge (whether council, council leased, or private) or nearby is occupied without authority.

1.2 Objectives

- Outline the phases of activity and procedures to be followed.
- Provide clarity of roles and responsibilities for London Borough of Redbridge (LBR) staff (see Appendix 4, Roles and responsibilities) and partners, in particular the Metropolitan Police Service (MPS).
- Ensure that appropriate decision-making, communication and documenting takes place by the respective LBR roles.

1.3 Scope

This protocol does not involve reports of possible trespassers intending on coming to the Borough or seen travelling through the Borough, or non vehicle encampments.

Trespasser incursions are managed by the Enforcement Team within Civic Pride, with response directed by the team.

1.4 Guidance

Council policies to be considered when dealing with trespassers

The Council has a Travellers Policy, the Council's Equality and Diversity Strategy, Hate Crime Strategy and Rough Sleepers Protocol. Further details of these are provided in Appendix 5.

Government guidance

The Government has provided guidance for dealing with trespassers in DoE Circular 18/94, a full copy of which is held by Legal & Constitutional Services.

In addition the Department of Environment, Transport and the Regions (DETR) has issued a Good Practice Guide on Unauthorised Camping and government legislation on 'Dealing with illegal and unauthorised encampments' 2015.

This Protocol takes account of the information and good practice in all of these guides.

2 Activation, Notification and Communication

2.1 Activation

Use of this activated will be triggered by any report of trespassers who are camped in the Borough without authority. This decision will usually be made by the appropriate Senior Redbridge enforcement Officer, the Enforcement Team Leader or Head of Civic Pride and Enforcement

Unless otherwise decided, the Enforcement Team will take the lead in the response to trespassers, and will confirm a lead officer within the team.

2.2 Notification process

Notification of trespasser issue that may require the invocation of this Plan will be received by the Enforcement Team either via;

- the Lifeline Telecare Centre (0208 708 5897)
- the Customer Contact for information from the public or media;
- potentially direct to the Team from partner organisations or neighbouring Boroughs

The Customer Contact Centre & Lifeline have standing instructions to record all details, including exact location, date, time, number of vans, description, and person reporting (contact details). This information will then be immediately passed to the Enforcement Team.

2.3 Communication

The team should send a notification email to the internal and external contact groups (seen below), to inform them of the situation once it has been confirmed.

Internal	External
- Chief Executive	- UK Power network
- Estates & Asset Management	- Forestry GSI
- Community Protection and Enforcement	- Met Police
- Environmental Services	- London Fire
- Marketing and Communications	- City Of London
- Enforcement	- Epping Forest
- Vision- Parks & Spaces	
- CCTV & Lifeline	
- School Improvement	
- Adult Social Services	
- Children's Services	

Liaison with Police

It is the responsibility of the Lead Officer to undertake liaison with the Metropolitan Police Service (MPS) and arrange support for site visits and eviction as appropriate. The MPS may be asked for a named officer to act as the contact point for all dealings on trespasser matters. This will occur through notification through to 101 and then a possible link through the Safer Neighbourhood (SN) team for the specific area affected.

Initial Actions by Police

- Redbridge Police (likely to be a representative from the SN team) will contact the Enforcement Team as soon as possible
- Redbridge Police will also deal with criminal acts, e.g. any criminal damage caused.
- Liaison will continue through the process with any legislative action (section 61) discussed between the responding officer from SN and Enforcement.

Liaise with London Fire Brigade

Fire prevention and safety is of vital importance in unauthorised encampments due to their ad hoc nature and the common use of open campfires and gas canisters being located in close proximity of living accommodation. The LFB are well equipped to provide safety advice. The council may notify LFB of known unauthorised encampments.

Communication with Members and Corporate Directors

The Lead Officer should inform the Leader of the Council, Leader of the Opposition, appropriate Ward and Committee Members of the unauthorised encampment and the plan, progress and resolution. Relevant Ward Members should also be given copies of letters being sent to residents if this goes ahead in the process.

2.4 Public Communication

Calls from the Public

The Customer Contact Centre (and Lifeline) should be informed as soon as possible about confirmed encampments. The Customer Contact Centre will then be able to inform callers that the Council is aware of the encampment. If necessary the Customer Contact Centre team will direct callers requiring more information to the Lead Officer who will record the call on the log form. An incident log template is attached in Form 1.

Complaints

If a caller has a complaint, details (including name and contact) should be emailed to civic.pride@redbridge.gov.uk, and subsequently placed on Flare.

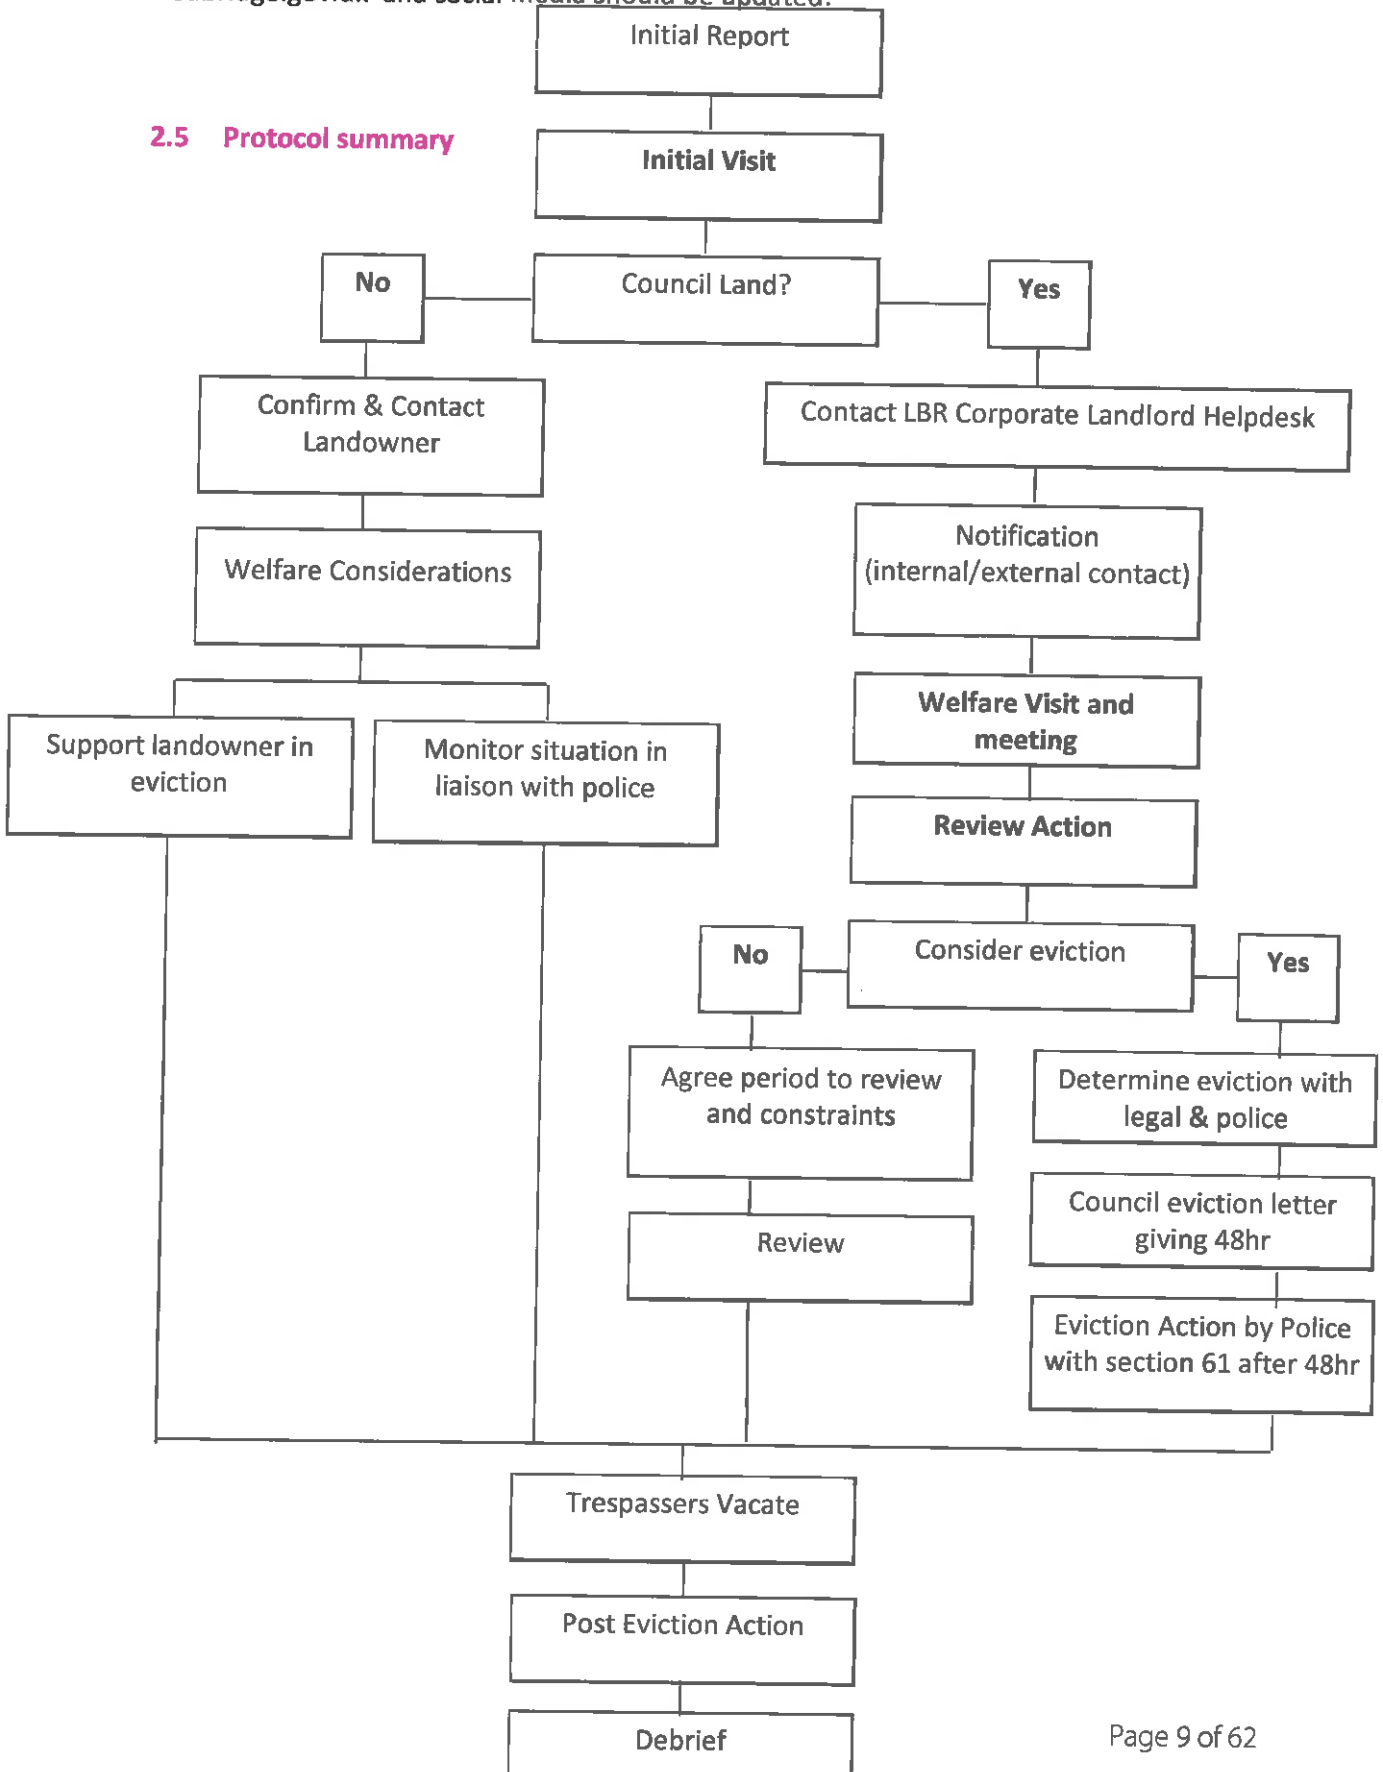

Information to nearby residents

Residents adjacent to an unauthorised encampment are likely to have considerable concerns. Action to reassure them may include the circulation of letters letting them know that the Council has the situation under review and the number of uniformed patrols by the Enforcement Team (and possibly police) will increase. Residents may also be provided with a telephone number for any complaints that they may have.

Wider communications strategy

The Marketing & Communications Team will advise the Lead Officer whether Redbridge.gov.uk and social media should be updated.

2.5 Protocol summary

3 Initial actions by the Lead Officer

Determine Land Ownership (Department/ Private)

If the location is not clear, the Enforcement team will conduct a visit.

The decision to deploy council staff out of hours should not be taken lightly. Officers must visit in pairs or more, and avoid contact with the trespassers. A Health & Safety risk assessment should be completed before visiting the site: Form 3.

Once the location is confirmed, the first action is to check whether the encampment is authorised. Land ownership can be confirmed through;

For Council land;

- Checking with Department understood to be responsible for the location (Council land ownership map in BECC)
- On land with adjacent properties, the Property Team may be able to assist

For private land;

- Attempting to identify and contact the land owner via information/signage at site
- Checking via the Land Registry

It is the responsibility of the Lead Officer to prompt the land owner (Council or private) to consider the prevention of further access by unauthorised vehicles.

If the land is owned by a private landowner, refer to Appendix 3 If the Council does not own the land, the Lead Officer should contact the landowner, if known, to establish if the occupation is authorised. (See also Appendix 3, Support to private landowners).

4 Initial Visit

The purpose of the initial visit is to establish whether there has been an unauthorised encampment, what the trespassers' intentions are and validate land ownership by establishing the exact location.

The Lead Officer and an accompanying officer may visit the site as a matter of urgency, complete Form 4: 'Initial Investigation' and report back for the Lead Officer. This may be done in daylight, as communication to establish intent is one goal of the visit.

Checking adjacent sites and other considerations

The Lead Officer may assess the vulnerability of other sites in the area. Securing surrounding vulnerable areas is critical to deter movement of trespassers.

It is also necessary to consider the consequential issues of the encampment including the future security of the site, the impact on adjacent neighbours and the wider community.

Arrange for a colleague to assist		
Health & Safety check (Form 3)		
Complete Form 4-Initial Visit

5 Welfare Visit

The purpose of the Welfare Visit is to gain information to assist with decision making as to whether to evict and in particular, whether there are humanitarian or welfare reasons why the trespassers should not be evicted;

The Welfare Visit should be conducted during daylight hours and where possible avoid times of inconvenience, such as mealtimes and children's bed-time.

5.1 Welfare meeting organisation

The Lead officer is responsible for organising the Welfare Visit. There should be representatives from the areas below to undertake an assessment along with an officer from Enforcement.

The lead officer should conduct a pre-brief to the group before the visit to the site, in addition to a 'Review meeting' following the visit (see section below).

Transport should be arranged for the welfare team to travel from the BECC to the site. The Welfare Team will need to attend the BECC after the visit to partake in the review meeting.

5.2 Attendance

The number of officers attending may be kept to a minimum, to reduce the potential for antagonism. The Lead Officer will take the lead during visits and should be accompanied by officers qualified to make decisions based on various legislation concerning the welfare of vulnerable adults and children. Appropriately qualified representatives are required from;

- a) Adult Social Services- Adult services will liaise with relevant partners to improve health and wellbeing within the unauthorised encampments to support those in need of additional services. Volunteer Agencies may be invited to assist.
See Appendix 6 for contact details
Complete Form 5
- b) Children's Services- The council's children's services has a responsibility to ensure the welfare, access to schools and attainment of all children. Advice will be provided to the families and liaison with schools on the admittance of children from unauthorised encampments.
See Appendix 6 for contact details
Complete Form 5
- c) Housing - The Housing Act 1996, Priority Need for Accommodation: Section 189 gives the duty to the local authority towards rough sleepers, those threatened by homelessness and making accommodation available to those who qualify. Several circumstances exist to prioritise unauthorised encampments for housing, these circumstances include:
 - i. A pregnant women or a person with whom she resides
 - ii. A person with whom dependent children reside
 - iii. A person who is vulnerable as a result of mental illness, old age , disability or other special reasons

**See Appendix 6 for contact details
Complete Form 5**

These officers will undertake pre-eviction enquiries to discover whether there are issues under the Children Act 1989, the National Assistance Act 1948, and Education and Housing Acts etc. that the Council should consider.

5.3 Gathering of information

There is the need to be consistent in the collection of information to reduce the likelihood of duplication or misinterpretation of information. Officers may therefore work in pairs and both complete the information forms; attached in forms 5 'Health, Social and Housing', and 'Education Issues'. If only one member of a team is available, they may be accompanied by another member of staff or by Enforcement.

The correct caravan reference number should link the vehicle identity to that of the occupants and Form 5 may be completed for each inhabited structure.

Interviews by Housing Needs and Social Care may be conducted separately.

5.4 Provision of amenities

Consideration may be given to offering trespassers amenities such as skips, refuse sacks, portable toilets and access to wholesome water supplies in accordance with Government guidance. Experience has shown that clearing up sites is made easier if rubbish collection has begun at the start of an occupation rather than trying to restore the site after repossession.

The Lead Officer should establish the trespassers preferred amenities and what is needed on the site, but no promises are to be given as this is a joint decision with the Strategic Manager.

5.5 Informing the residents

The Lead Officer will make arrangements to deliver letters to local residents as soon as practical informing them on the councils acknowledgement of the unauthorised encampment and that actions being taken, additionally information on how to contact the council in regard to the unauthorised encampments will also be included. A template letter is attached as Form 5.

6 Review meeting

This section outlines the purpose of the trespasser incident review meeting and provides useful guidance material.

6.1 Purpose of the review meeting

- a) to exchange information between officers
- b) to confirm that procedures have been followed
- c) Provide advice to the Chair regarding evict, tolerate or delay, by Police, Legal, and other responding officers who have carried out the investigations
- d) For the Chair to make a recommendation on whether to evict, tolerate or delay the decision in accordance with legislation, Council Policy and guidance
- e) To obtain authority from Legal & Constitutional Services then plan and co-ordinate implementation, if a decision to evict is made.
- f) To review necessary measures to mitigate nuisance on the land.

6.2 Meeting pre-requisites

Tasks that need to be completed before the Review Meeting are:

- Clear identification of land ownership (by Enforcement Team/Lead Officer/Legal and Constitutional)
- Welfare visit
- Completion and distribution of Forms 2, 3, 4, and 5

6.3 Arranging the meeting

The Lead Officer will organise the Review meeting which would normally follow from the Welfare Visit, or as soon as reasonability practicable (within **48 hours of the initial sighting**)

The Lead officer is responsible for the location & secretariat.

Attendees

In addition to the Lead, minimal requirements for the review meeting:

- Children's Services (*who attended the Welfare Visit*)
- Adult Social Services (*who attended the Welfare Visit*)
- Housing Services (*who attended the Welfare Visit*)

Additional attendance:

- Civic Pride
- Landowner
- Property Services

- Legal & Constitutional Services;
- Communications
- MPS SN if possible
- Metropolitan Police Traveller Liaison Officer

Virtual meeting (email) and teleconferencing options; In order to ensure that timely and appropriate decisions can be made with the appropriate representation, meetings may take place via email or teleconference.

6.4 Making the decision whether to evict or tolerate

The decision to start the eviction process will be made by the Chief Community Safety Officer (or On Call Senior Manager if urgently required out of hours) in discussion with the Lead Officer. Form 7 should be completed and signed by both the Lead Officer and Senior Manager.

The Chair of the Review Meeting will make a recommendation based on the discussions at the meeting. In communicating the recommendation, any disagreement from Review Meeting attendees should be highlighted.

Any decision should be made with regard to humanitarian considerations. DoE Circular 18/94 notes that local authorities have obligations under Part III of the Children Act 1989, part VII of the Housing Act 1996 and educational responsibilities. It advises that Local Authorities should liaise with other welfare agencies e.g. the Health Service, which may have responsibilities to the families.

Relevant factors when considering eviction include:

- the needs of the trespassers,
- the nuisance being caused,
- the steps the Authority could take to minimise that nuisance and
- the need to recover the land.

The decision should be clearly recorded on the decision form (Form 7) and a new position statement should be made and circulated to the relevant groups.

6.5 Process to be considered if the encampment is not evicted

- i) Consider referring the trespasses to a more suitable site.
- ii) Consider providing amenities to the trespassers and encourage them to pay for any services provided.
- iii) A fixed time period will be given for the encampment beyond which eviction procedure will start.
- iv) All interested parties will be informed of the decision for toleration and any conditions imposed.
- v) The site will be monitored by London Borough of Redbridge staff for condition of the site and behaviour of the group.

6.6 After the Review meeting; communicating the decision

Following the decision by the relevant Operational Director Civil Pride/Chief Community Safety Officer/On Call Senior Manager, in consultation with the Chief Executive and Directors, the following communication should take place;

Internal communications

A further position statement needs to be circulated by the Lead Officer both internally and to Members. The Lead Officer should also inform the Police of the decision.

Additional information should be provided to the Customer Contact Centre, Lifeline and the Communications Team.

External Communication

The date and time of the eviction letter distribution will be shared with the police, and any other partners that need to be aware. **The need to start the organisation off a Section 61 will be discussed in order for the 61 to be distributed to the trespassers at the exact time the 48 hours runs out from the council eviction letter.**

Communications with the Court

Unless agreed otherwise all contact with the courts and other legal institutions and firms will be via Legal & Constitutional Services.

Communication with trespassers

Following the decision, a letter will be provided to the trespassers advising them either that the Council has decided not to evict at the current time and the reasons why (Form 8) or that the Council has decided to evict and the steps that will be taken to implement that decision (Form 9).

The letter will be produced by Borough Solicitor with a signature by the Operational Director Civil Pride/Chief Community Safety Officer/On Call Senior Manager. Delivery may be coordinated by Lead Officer with support from the Police.

If the decision is to evict the letter is referred to as the **'Notice to Evict' letter**. A sample letter giving notice to evict is included in Form 9. A copy should be presented to each vehicle.

Communication to the local residents

If the decision has been made to not enforce an immediate eviction the local resident need to be informed of this and the reasons behind it. This letter will be created at the time of the incident due to the nature of specifics. Any problems that the residents have experienced need to be addressed.

7 Eviction

7.1 Police Eviction

If able to, the eviction will go ahead under a Section 61 organised and handed out by the police, with presence from the council.

7.2 Pre-eviction meeting

The LBR Lead Officer may need to arrange a meeting before the eviction. The purpose of the meeting is to **plan and co-ordinate the eviction process**.

Virtual meeting (email) and teleconferencing options; In order to ensure that timely and appropriate decisions are made with the appropriate representation, the meeting may take place via email or teleconference.

7.3 Pre-requisites for all evictions

In relation to all evictions, the Lead Officer is responsible for ensuring that:

- a) There has been liaison with local police regarding the date and time of eviction
- b) (Community care) Adult Social Services, Children and Housing Needs have been advised of the date and time of eviction;
- c) Other land owning Departments are aware of the need to increase security;
- d) Members are advised of the date and time of eviction;
- e) Local residents have been advised of the date and time of eviction and that they should try to avoid being on site at the time of the eviction;
- f) Tow vehicles have been arranged;
- g) Arrangements have been made for the storage of any vehicles or caravans which have to be removed from the site;
- h) Necessary works are arranged to repair any damage that has been caused to the land that would allow further access, and additional security measures are identified and if possible implemented;
- i) Clean-up operation has been arranged to take place as soon as possible after the eviction;
- j) Photographs, if not already taken, are taken to show the condition of the site at the time of the eviction
- k) Informing surrounding boroughs

7.4 Requirements for evictions under the civil procedure

In relation to evictions under the civil procedure, ensure that the **Lead Officer is present at the eviction** and is able to sign the warrant to state that possession has been returned to the Council. See Legal Process (Appendix 1 for further detail).

7.5 Requirements for evictions under the CJOPA 1994

The London Borough of Redbridge may ask Redbridge Police to act under Section 61 (Criminal Justice and Public Order Act) power if assessment by the Traveller Liaison Group warrants this because one or more following criteria are met: -The Trespassers are located on a sensitive site.

- a) There are reasonable grounds to believe that offences have been committed that indicate members of the local community or property belonging to members of the local community would be at risk.
- b) The encampment is causing danger, harassment and/or distress to the general public and/or the London Borough of Redbridge staff.
- c) The group are using or have used threatening, abusive or insulting words or behaviour towards the occupier, a member of his/her family or an employee or agent acting on behalf of the occupier.

Where evictions are to take place under the Criminal Justice and Public Order Act 1994, the Lead Officer must;

- a) Ensure that the Council has clearly identified to the Police the powers under which it is acting;
- b) That the details of any additional Trespassers on the site since the order was served are distinguished and available at the time of the eviction, and that a contingency plan has been made for dealing with any additional Trespassers. The police should be advised of this contingency plan;
- c) That Council staff/contractors are available and fully briefed as to their powers in relation to enforcing the order;
- d) That consideration has been given to the use of private bailiffs to carry out the eviction; they should be fully briefed as to the time of the eviction and numbers of trespassers involved.

7.6 Risk Assessment Prior to Eviction

Before any operation to evict an unauthorised encampment is carried out, a full risk assessment will be carried out and documented. This risk assessment will include the Risk Assessment Form 3 in addition to Risk Assessment Prior to Eviction Form 12.

7.7 Informing residents

Before the eviction, the Lead Officer will ensure local residents are informed of the date and arrangements for the eviction using Form 11. Consideration should be given to ensuring that there will be no problem such as blocked gateways and that towing vehicles will have unhindered access on and off the site.

7.8 Informing other Boroughs

Once a date for eviction has been agreed it is the responsibility of the Lead Officer to inform other Boroughs of the eviction date. This is to allow them to secure vulnerable sites.

8 Post eviction

8.1 Security

Following eviction, the site should be secured. If there is any likelihood of further unauthorised encampment consideration should be given to additional security patrols. Any additional expenditure should be authorised by the Operational Director Civil Pride/Chief Community Safety Officer/On Call Senior Manager.

8.2 Clearance and cleaning

This should be undertaken as soon as possible and the costs reported to and authorised by the Operational Director Civil Pride/Head of Community Safety. Specialist contractors may be needed for the removal of human waste or construction fly-tipping. Advice from Community Safety, Property Services and Public Health may be required.

8.3 Progress/resolution updates

The Lead Officer should keep the corporate leadership (Chief Executive and Directors) and Members informed of the situation.

The Customer Contact Centre, Lifeline & Telecare (out of hours call handling) and the Communication Team should also be kept informed of progress/resolution so that public messages can be updated.

8.4 Debriefing, review of procedures and report

The Lead Officer may decide to call a post eviction meeting, particularly if the circumstances of the trespasser incident prompted deviation from the procedures herein and/or learning relevant to the process.

The purpose of the meeting is:

- To consider whether any further action is required;
- To consider whether changes to the Plan and procedures are necessary;
- To ensure all learning is captured.
- Establish the consequences of the occupation and eviction.

Notes of the meeting should be recorded and shared. A full report may be requested by the Chief Executive and this is the responsibility of the Lead Officer to complete and disseminate.

The debrief should include all teams and agencies involved in the incident, an attendees list is available below but is not exhausted due to the unknown specifics of unauthorised encampments.

Appendix 1: Legal Process

This section of the Protocol is intended as an introductory guide to the avenues available to the Council to gain repossession of land under unauthorised encampment.

It should not be considered exhaustive and Legal & Constitutional Services should be consulted for further advice in relation to any particular encampment.

Introduction

Assuming that a decision is made to evict the trespassers, the circumstances will sometimes dictate which legal procedure is more expedient.

For the purpose of this Protocol the powers can be broadly defined as being;

- the Council's powers either as a landowner or
- under section 77 of the Criminal Justice and Public Order Act 1994 (CJPOA)

The former powers exist only in relation to land that the Council owns, either as the freeholder, or under a lease and licence, providing that the Council is itself in possession of the land or entitled to immediate possession of the land. This means that if the Council has leased the land to another occupier then we are unable to seek a possession order as a landowner.

The powers under the CJPOA are available both in situations where the Council own the land and when the land is owned or occupied by another individual or organisation. In the case of privately owned land, please see Appendix 3 of the Protocol.

Civil proceedings

These are commenced in either the County Court or High Court and relate to the rights of the Council as a landowner. The Council has to prove ownership of the land and that the trespassers have not been granted permission to occupy the land. The Lead Officer, or an officer appointed by the Operational Director Civil Pride/Chief Community Safety Officer/On Call Senior Manager will have to swear an affidavit, or sign a statement, setting out the circumstance of the occupation. The officer swearing the affidavit or making the statement will need to be available to attend a court hearing to give additional evidence or to answer any questions that arise.

The Council will normally use a process server to service the necessary documentation on the trespassers. After the hearing, the order will be enforced by the County Court Bailiff or

the High Court Sheriff. The Lead Officer will however need to make further arrangements for the eviction as listed in paragraph 9 below.

Criminal Justice and Public Order Act 1994 (CJPOA)

This act sets out a two stage procedure for securing the removal of trespassers from land. The first stage is to serve a direction under section 77 of the Act. This direction requires persons residing in vehicles on land to leave the land and take their belongings with them. Failure to leave the land as directed is a criminal offence as is returning to the land within three months of a direction being given. The Council may theoretically decide to prosecute for such an offence. Whether or not to do so would be governed by a number of factors, including the Code of Conduct for Crown Prosecutors. Further discussion on this issue is not relevant to this document.

If the trespassers fail to leave the land as directed the Council may apply to the magistrate's court for an order allowing us to remove the trespassers, and take such steps as necessary to secure their removal.

The Council will, again, usually rely on process servers to serve the direction and the summons. It will be necessary for the Lead Officer to attend the hearing to give evidence of the conditions on the land and the steps already taken by the Council to recover the land. Enforcement of the order is the responsibility of the Council.

Comparisons

The civil procedure relates to the land meaning that the possession order relates to recovery of the occupied land. Direction under the CJPOA is a personal direction. To be covered by an order made by the magistrates court a person must have been present on the land when the direction was given, and must have been served with both direction and summons.

The most important issue with regard to issuing proceedings to secure the eviction of trespassers is that each and every person residing on the land should be served with both direction and summons.

Police powers under Section 61, CJPOA

Police have a discretionary power under Section 61 of the act that gives a power to remove trespassers on land. In order to exercise these powers, the senior police officer at the scene must reasonably believe that two or more persons are trespassing on land and are present there with a common purpose of residing there for any period, that reasonable steps have been taken by or on behalf of the occupier to ask them to leave and;

- (a) That any of those persons has caused damage to the land or to property on the land or used threatening, abusive or insulting words or behaviour towards the occupier, a member of his family or an employee or agent of his, or
- (b) That those persons have between them six or more vehicles on the land.

Should either of the above criteria be satisfied, the senior police officer on scene may direct those persons, or any of them, to leave the land and to remove any vehicles or other property they have with them on the land.

If a person knowing that a direction above has been given which applies to him;

- (a) Fails to leave the land as soon as reasonably practicable, or
- (b) Having left again enters the land as a trespasser within the period of three months beginning with the day on which the direction was given;

He commits an offence and is liable on summary conviction to imprisonment for a term not exceeding three months or a fine not exceeding level 4 on the standard scale, or both.

A constable in uniform who reasonably suspects that a person is committing an offence under this section may arrest him without a warrant.

Under this section, the term "vehicle" includes;

- (a) Any vehicle, whether or not it is in a fit state for use on roads, and includes any chassis or body, with or without wheels, appearing to have formed part of such a vehicle, and any load carried by, and anything attached to, such a vehicle; and
- (b) a caravan as defined in section 29(1) of the Caravan Sites and Control of Development Act 1960.

A person may be regarded for the purposes of this section as having a purpose of residing in a place notwithstanding that he has a home elsewhere.

Police powers under section 62, CJPOA

Section 62 of the Criminal Justice and Public Order Act 1994 gives Police discretionary supplementary powers of seizure. If a direction has been given under section 61 and a constable reasonably suspects that any person to whom the direction applies has, without reasonable excuse;

- (a) Failed to remove any vehicle on the land which appears to the constable to belong to him or to be in his possession or under his control; or
- (b) Entered the land as a trespasser with a vehicle within the period of three months beginning with the day on which the direction was given, the constable may seize and remove that vehicle.

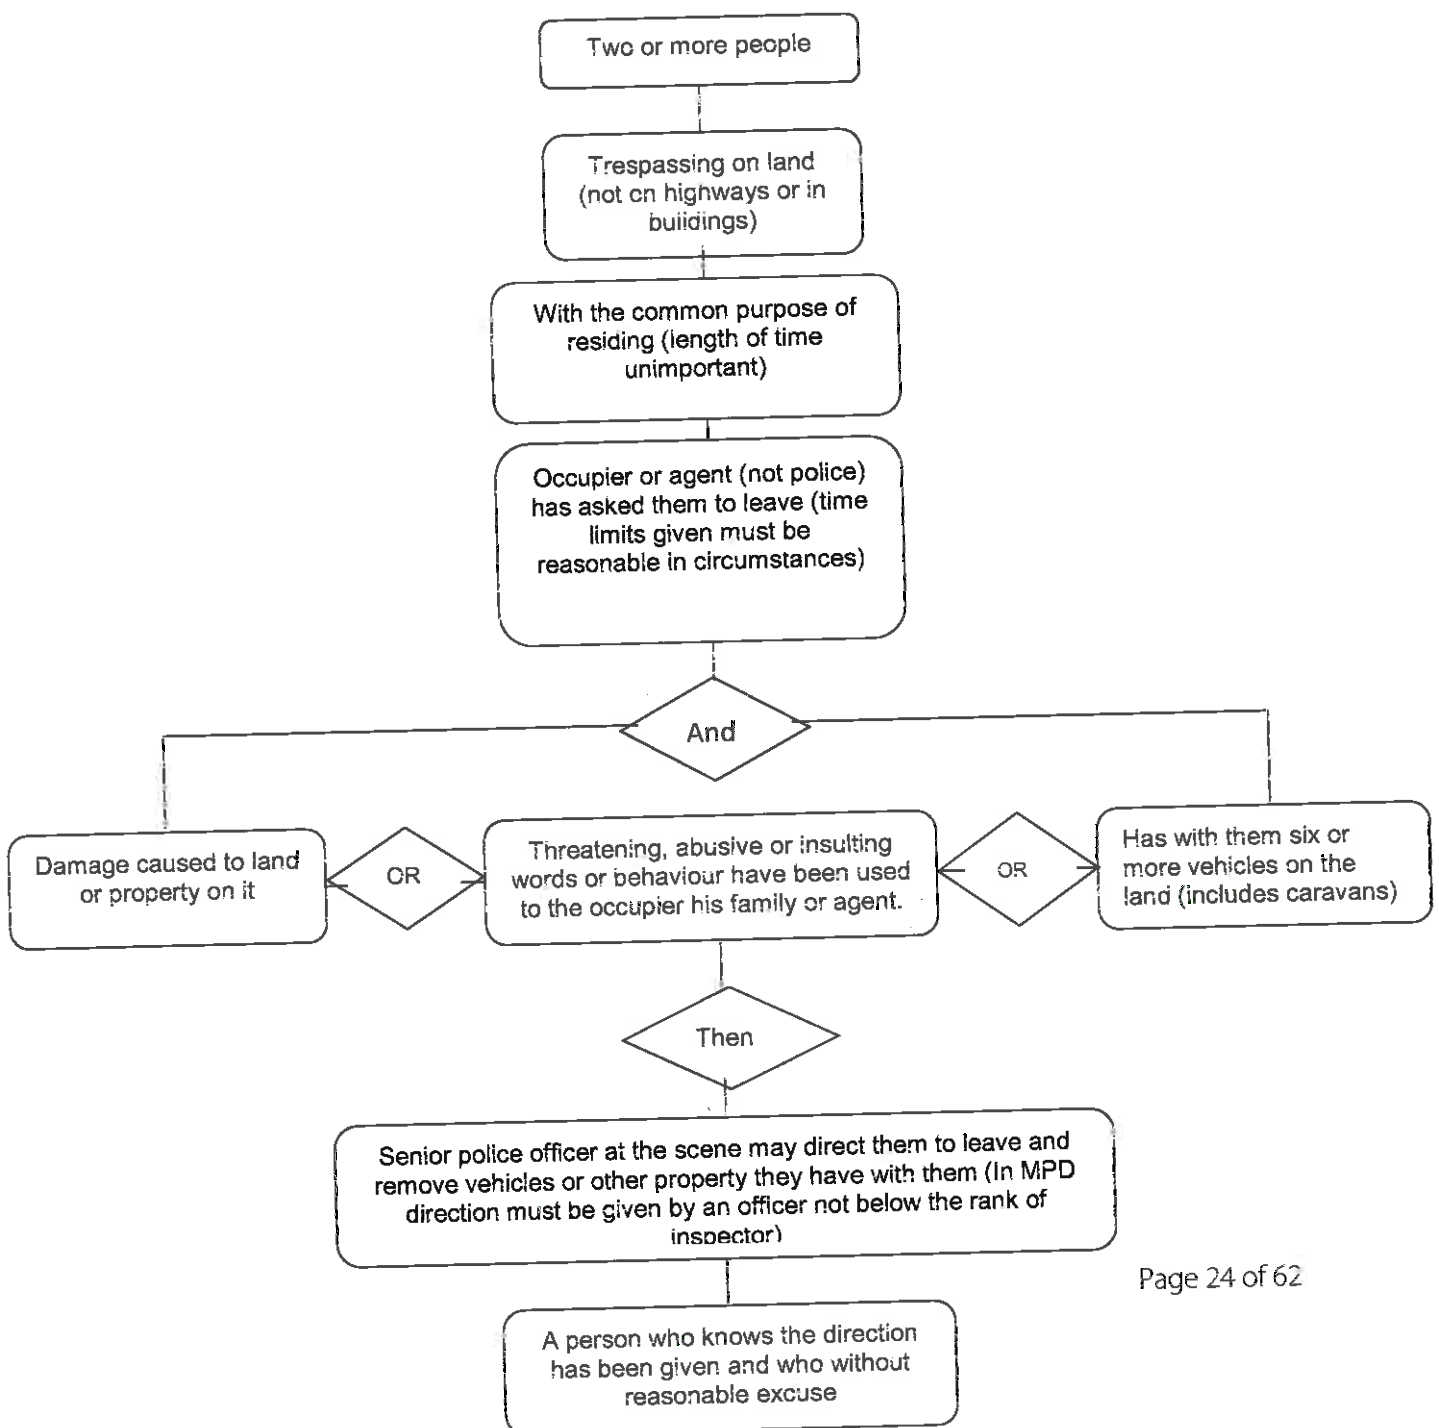

Overview of by Redbridge Police and London Borough of Redbridge Powers:

- i. Use a Section 61 Criminal Justice & Public Order Act, 1994 by police
- ii. Use of Section 77 Criminal Justice & Public Order Act, 1994 by the London Borough of Redbridge.
- iii. Use of powers under common law by the landowner to evict the trespassers.
- iv. Use of civil remedies in the High Court or County Court to obtain a Possession Order.
- v. Use of Planning, Education or Highway Law (enforcement action by the London Borough of Redbridge).
- vi. Use of Highways legislation by the Redbridge Police (e.g. Highway obstruction).
- vii. Use of the Environmental Protection Act, 1990 by the London Borough of Redbridge.
- viii. Use of the Control of Pollution Act, 1974 by the London Borough of Redbridge.

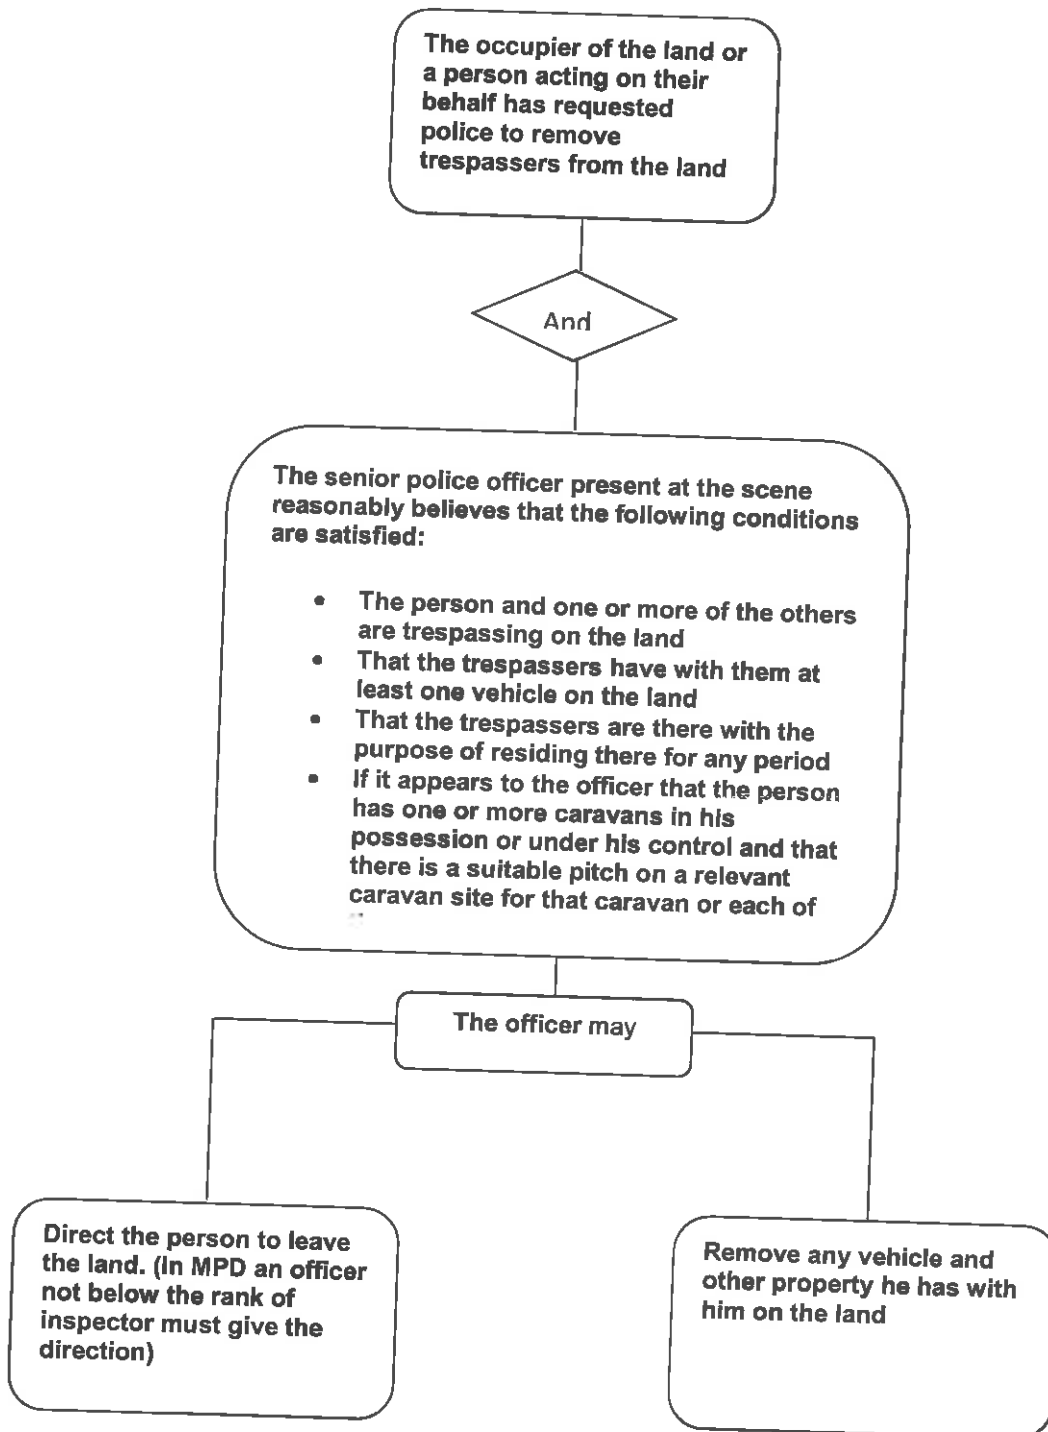

- ix. Arrests of persons reasonably suspected of committing a criminal offence (e.g. criminal damage).
- x. Removal under local acts or bylaws by the London Borough of Redbridge from areas such as parks and car parks.
- xi. Use of powers under the Education (schools and further and higher education) Regulations, 1989.

NOTICE TO LEAVE LAND

Trespassers on Land

(Section 61 Criminal Justice and Public Order Act 1994)

You are directed to leave this land immediately, together with any vehicles or other property you have with you.

I have reason to believe that you are one of two or more persons trespassing on this land, present with the common purpose of residing there, and that reasonable steps have been taken by or on behalf of the occupier to ask you to leave and:

1. That any of those persons has caused damage to the land or to property on the land*
or
2. That any of those persons has used threatening, abusive or insulting words or behaviour towards the occupier, a member of his family or an employee or agent of his*
or
3. That those persons have between them six or more vehicles on the land*

If you fail to leave this land as soon as reasonably practicable or, having left, again enter the land as a trespasser within the period of three months beginning with the day on which this direction was given, you commit an offence for which you may be arrested.

If you fail to recover any vehicle which appears to a constable to belong to you or to be under your control, it may be seized and removed. Charges may be made for the cost of removal and storage of any such vehicle.

Appendix 3: Action in support and on behalf of private landlords

The Criminal Justice and Public Order Act 1994 introduced new powers for local authorities to evict persons residing in vehicles from highway land, other unoccupied land or occupied land in the area of that authority.

The authority to implement this power has been delegated to the Chief Community Safety Officer in respect of privately-owned land. The Chief Community Safety Officer will appoint a Lead Officer in cases where privately-owned land is occupied. The Lead Officer will liaise and offer advice as required to private landlords on behalf of the Chief Community Safety Officer.

It should be noted that to enable decisions to be properly made and for their appropriate recording, the same enquiries (initial, welfare, notice visits) should be carried out as when an encampment occurs on Council-owned land. The procedures herein should therefore still be followed as prompted by and recorded within this Protocol.

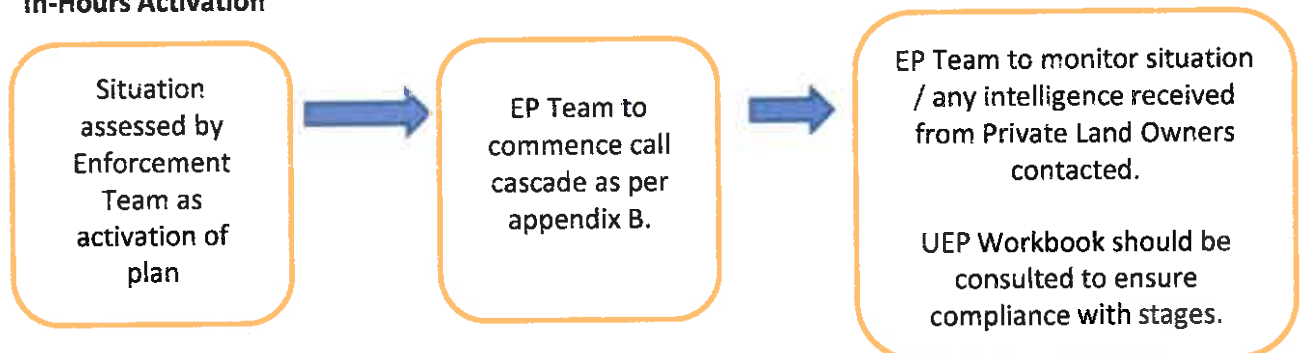

Council led or supported evictions from private land

As in all cases of unauthorised encampment of privately owned land, the Council should not have a policy of automatically evicting all encampments. Examples of when action will be justified include, but are not limited to, the following:

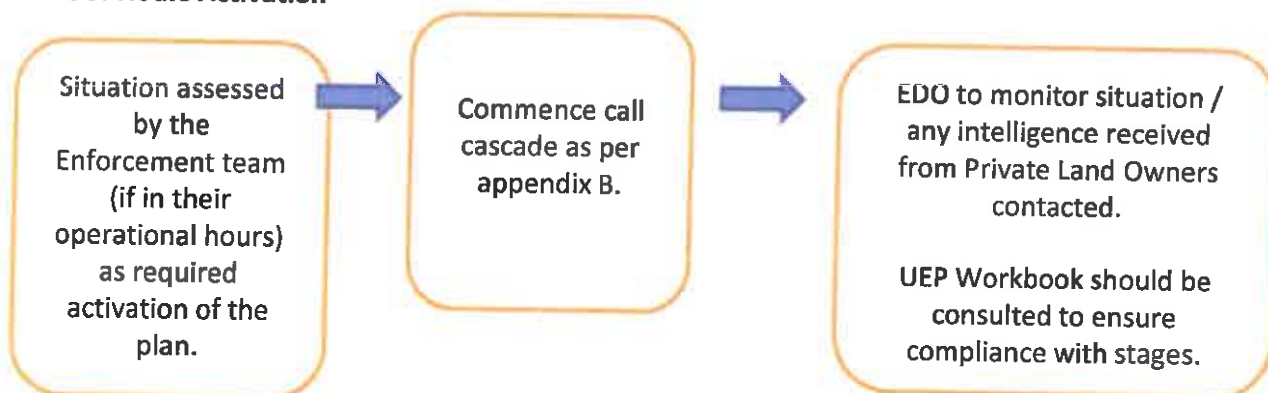

- where access to Redbridge Council-owned land or services or public rights of way are affected by the encampment;
- where the land owner is a charitable or community organisation that has no means or resources for dealing with the encampment;
- where there is a real risk to public health or order or has become a nuisance.

As with all unauthorised encampments, any decision made in respect of private land, should be communicated to appropriately both internally and externally.

Appendix 4: Roles and responsibilities

Strategic Manager

- Confirms land is council owned
- Appoints a Lead Officer
- Review Appendix: Guidance for Operational Director Civil Pride/Chief Community Safety Officer/On Call Senior Manager

Lead Officer (usually a senior Redbridge Enforcement Officer)

- Co-ordinates confirmation of unauthorised encampment (initial visit).
- Ensures effective internal and external communication takes place.
- Co-ordinates planning of welfare visit and accompany ASS, Children's Services and Housing Needs representatives.
- Co-ordination of Review Meetings.
- Conducts Notice Visit.
- Oversees and participates in the Eviction.
- Ensures appropriate procedure is followed particularly in terms of legality and Health & Safety guidance.
- Completion of relevant sections of the Protocol (as a checklist and record).

Enforcement Team/Officer (if not Lead Officer)

- Identifies Council Service responsible for affected land and notifies the relevant Operational Director Civil Pride/Chief Community Safety Officer/On Call Senior Manager
- If identification is not clear, liaises with Legal & Constitutional Services to begin title land ownership search
- Support the whole process if necessary and available

Department and other Team responsibilities

Legal & Constitutional Services

- undertake all legal action to facilitate the eviction
- conduct land ownership and title searches where required.
- to offer advice and expertise in the procedures to be implemented
- to draft any necessary legal documentation (including the Notice to Evict letter)
- represent the Council in court action and liaise with the Courts.

Community Safety

- to ensure that the Council's Environmental Health responsibilities are carried out.
- to record specific complaints from the public and Members.
- to report to the Lead Officer any impact on public health of the encampment.
- to report statutory nuisances.
- where the Council does not own the land, the Chief Community Safety Officer will assume the Lead Officer role. See Appendix 3, Support to private landowners
- To ensure assessments on environmental health are carried out

Lifeline and Telecare

- To act as a conduit of information from residents out of hours, when the Customer Contact Centre is closed or from agency partners (such as the Police) to the Enforcement Team (through Civic Pride number and email). To report all trespasser reports or complains from the public to the EDO.

CCTV

- Assist in the monitoring of trespasser activity, and where possible inform the Enforcement Team .

Customer Contact Centre

- To act as a conduit of information from residents. Customer Service Officers will direct callers requiring more information to Enforcement initially then the Lead Officer once nominated (or an officer nominated by the Lead Officer). To report all trespasser reports or complains from the public to the EDO.

Marketing and Communications Team

- To assist in effective communication to residents (usually via Redbridge I and social media)
- Handle press enquiries and ensure that the Council's policy is communicated clearly.

Schools / Children's Trust / Adult Social Care / Housing Needs

- Participate in the Welfare visit to undertake pre-eviction enquiries to discover whether there are issues under the Children Act 1989, the National Assistance Act 1948, and Education and Housing Acts etc. that the Council should consider.
- Make recommendations regarding these issues (or lack of) during the Review Meeting process.
- Conduct any further action as a result of any welfare issues.

Public Health

- To provide health information, for example the promotion of good hygiene practise, and signposting to local health service.

Highways & Cleansing

- To offer advice and assistance about site clearance and the cleaning of the site.

Appendix 5: Relevant Redbridge policies

Traveller Policy Statement

The Council accepts that individuals and communities have the right to choose a nomadic lifestyle and that it is not part of the local authority role to discourage it. However, this does not exempt people following this lifestyle from considerations of nuisance or harm to others. The Council will not tolerate trespass on its own or anyone else's land. All communities and individuals have rights and responsibilities to comply with the law. The Council will not condone criminal behaviour of any kind and will work with other agencies to enforce the law in full.

Consideration will be given to the provision of facilities as recommended in DoE Circular 18/94 in relation to sanitation, wholesome water supplies and disposal of refuse. The Council has provided Northview Caravan Site (which is usually fully occupied) to meet the needs of trespassers. However further sites/stopping places are not available owing to planning and resource constraints.

Council Hate Crime Strategy

The Equalities Act 2010 (section 149) put in place a 'Public Sector Equality Duty'.

This means that a public authority must, in the exercise of its functions, have due regard to the need to:

- a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act;
- b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

The Crime and Disorder Act 1998 (section 17) requires many public authorities to 'exercise its various functions with due regard to the likely effect of the exercise of those function on, and the need to do all that it reasonably can to prevent, crime and disorder in its area'

In addition, the Home Office has recommended that local networks and shared strategies should be established to tackle disability hate crime involving:

- Local Partnership Boards
- Advocacy and Self Advocacy Groups
- Voluntary services
- Criminal Justice Boards
- Crime and Disorder Reduction Partnerships
- Safeguarding Adults Boards

Equality & Diversity Strategy

It is important to the council that Equality & Diversity is considered in all decisions. There is vast information available on Redbridge I, covering the below subjects.

- Accessibility Resources
- Borough Equality Initiatives and Activities
- Cultural Guidance
- Diversity Calendar
- Equalities and Cohesion Team

Rough Sleeper Protocol

The protocol covers the multi-agency working where rough sleepers may be impacted by the need for enforcement activity or other community safety campaigns. The following are examples, but not an exhaustive list of when this protocol may need to be used.

- Evictions of groups of squatters or other unauthorised occupiers from empty properties and land
- Responding to complaints about use of privately owned empty properties or spaces where there is reason to believe there may be rough sleepers
- Pre-planned operations to target problems with street drinking (there are separate processes for dealing with liaison on street drinking that link to this protocol. Street drinking is here only in so far as a street drinking operations may affect some rough sleepers)
- Dealing with unauthorised encampments
- Emergency response to complaints about fire safety in empty HMO's where there may be reason to believe the building is being used by rough sleepers
- Executing drug warrants where there is reason to believe the space may also be being used by rough sleepers

Dear Sir/Madam

Re: London Borough of Redbridge –v- Yourself

Name of site:

You will be aware that the land adjacent to your home is being occupied within the authority.

The Council is aware of the occupation and will be keeping the situation under review. Your Ward Councillors have also been made aware of the situation. As part of this process, Council officers will be attending the site from time to time and we shall be co-operating with the police to ensure the security of the area.

Should you have any specific queries these should be directed to Redbridge Contact Centre or civic.pride@redbridge.gov.uk. If you have any complaints about criminal behaviour please contact the local Police Station.

I will ensure that residents are kept up to date with the Council's actions regarding this unauthorised encampment.

Yours sincerely,

Mark Benbow
Community Safety and Enforcement Lead

Community Safety

Mark Benbow
Community Safety and Enforcement Lead

Town Hall, High Rd, Ilford IG1 1DD

Dear Sir/Madam

Re: London Borough of Redbridge –v- Yourselfes
Name of site:

I must advise you that following the assessment of the circumstances of the persons present on the site the Council has decided not to commence immediate action to evict the following persons *[-list]* or *[occupiers of the following vehicles [list]]*. This decision will be effective until *[date]*. At this time the Council will further consider the circumstances of those persons and decide whether they should be evicted.

Whilst you remain on the site you are requested to keep the site in a clean and tidy condition and to use the *[facilities]* provided. You are also requested to consider the people who live and work around the site and are not to carry on any activity that may become a nuisance to them.

If you do not keep the site in a tidy condition or if you should cause a nuisance to those living around the site, the Council may consider your eviction **before** the date stated above.

Yours sincerely,

Mark Benbow
Community Safety and Enforcement Lead

Dear Sir/Madam

Re: London Borough of Redbridge –v- Yourselves
Name of site:

I write to inform you that the above mentioned land ('the land') is owned by the London Borough of Redbridge.

The London Borough of Redbridge has not consented to your occupation of the land and accordingly you are hereby given 48 hours from the time and date of this notice to vacate the land.

You are therefore requested to leave the land taking with you all your belongings, which are currently on the land, no later than [time] on [Date].

If you should fail to comply with this request to vacate the land, the London Borough of Redbridge will take any appropriate steps to secure your eviction, including but not limited to powers available pursuant to Part V of the Criminal Justice and Public Order Act 1994, the use of such powers being entirely appropriate and proportionate in the circumstances.

Yours sincerely,

Mark Benbow
Community Safety and Enforcement Lead

Town Hall, High Rd, Ilford IG1 1DD

Dear Sir/Madam

Re: London Borough of Redbridge –v- Yourselfes
Name of site:

I must now advise you that the Council has obtained a court order to secure the eviction of trespassers from the above site.

The court order will be executed on *[date]* at *[time am/pm]* and the trespassers will be evicted.

I advise you that it is your responsibility to arrange for your land to be secure to prevent further invasions and unauthorised encampment. The Council may not be able to assist in future evictions due to the cost and the amount of staff time involved in such action. Should you need advice on the securing of your land you may contact Redbridge Borough Police Service at Ilford Police Station or myself.

Please contact me at the earliest opportunity should you wish to discuss the arrangements for the eviction.

Yours sincerely,

Mark Benbow

Town Hall, High Rd, Ilford IG1 1DD

Dear Sir/Madam

Unauthorised encampment on Council-owned land

You will be aware that the land adjacent to your home is being occupied without the consent of the London Borough of Redbridge.

An official notification of eviction has been decelerated and will partake on [date] and [time]. Consideration should be given to ensuring that there will be no problem such as blocked gateways and that towing vehicles will have unhindered access on and off the site.

As part of this process, Council officers will be attending the site and we shall be co-operating with the police to ensure the security of the area in the process of the evacuation and the recovery.

Should you have any specific queries these should be directed to Redbridge Contact Centre or emergency.planning@redbridge.gov.uk, specific complaints about public health matters should be directed to Community Safety on (020) 8554 5000. If you have any complaints about criminal behaviour please contact the local Police Station.

Yours sincerely,

THIS IS A NON-RESIDENTIAL SITE

Section 144, LASPO does NOT apply

This is NOT a "residential building" within the meaning of section 144, Legal Aid, Sentencing and Punishment of Offenders Act 2012 because it was NOT designed or adapted, before the time of our entry, for use as a place to live (ss (3)(b))

The provisions of section 144 are therefore NOT APPLICABLE to this site as to our occupation of it.

Part II, Criminal Law Act 1977

(As amended by Criminal Justice and Public Order Act, 1994) DOES APPLY

LEGAL WARNING

TAKE NOTICE

THAT this site has been occupied. It is our home and we intend to stay here

THAT the whole of this site constitutes "premises" for the purposes of Section 12, Criminal Law Act, 1977 because of the presence on it of buildings and of vehicle(s) designed for "parking" purposes. The presence of the buildings brings the whole of the site within the definition of "premises" as the land is ancillary to the buildings. The vehicle(s) themselves separately constitute the "premises" for the purpose of Section 12. The premises comprise the entire site because the land not occupied by buildings or vehicles constitutes access to them or is ancillary to them and is being used as such.

THAT the status of this site as "premises" causes the above legislation to be engaged and the common-law powers which permit the removal of trespassers from open land to NOT apply so long as the premises are secured against entry.

THAT at all times there is at least one person on these premises

THAT any entry or attempt to enter into these premises without our permission is therefore a criminal offence as any one of us who is in physical possession is opposed to such entry without our permission

THAT if you attempt to enter by violence or by threatening violence (which includes violence against property as well as persons) we will prosecute you. You may receive a sentence of up to six months imprisonment and/or a fine of up to £5,000. [Section 6, Criminal Law Act 1977]

THAT if you want to get us out you will have to issue a claim for possession in the County Court or in the High Court

The Occupiers

N.B. Signing this Legal Warning is optional. It is equally valid whether or not it is signed

NOTE TO POLICE OFFICERS: The police power to remove trespassers on land under section 61, Criminal Justice & Public Order Act, 1994 cannot be exercised where the land comprises, or is ancillary to, buildings, which includes any structures or vehicles adapted for residential use. Use of Notification Call Log Sheet: YES/ NO

Keep a log of events in black pen, with exact times and dates including the year and put all direct quotes in speech quotations making a note of names and job titles.

Do not remove any pages or use an eraser, cross out any work with one line, and do not write between the lines or leave blank spaces. Line off any blank spaces after the entry and if you need to add in information later to that section add this to the end in red pen.

If continuing from Notification Call Log Sheet, staple sheet to this page and note on both documents respectively.

Dear Sir/Madam

Re: London Borough of Redbridge –v- Yourselves
Name of site: Roding Valley Park

I write to inform you that the above mentioned land ('the land') is owned by the London Borough of Redbridge.

The London Borough of Redbridge has not consented to your occupation of the land and accordingly you are hereby given 48 hours from the time and date of this notice to vacate the land.

You are therefore requested to leave the land taking with you all your belongings, which are currently on the land, no later than 15:00 on 23/09/2016.

If you should fail to comply with this request to vacate the land, the London Borough of Redbridge will take any appropriate steps to secure your eviction, including but not limited to powers available pursuant to Part V of the Criminal Justice and Public Order Act 1994, the use of such powers being entirely appropriate and proportionate in the circumstances.

Yours sincerely,

A handwritten signature in black ink, appearing to be "MB", followed by a long horizontal line extending to the right.

Annex 1: Glossary	9

Introduction

1. This document sets out the Government's planning policy for traveller¹ sites. It should be read in conjunction with the National Planning Policy Framework. Guidance on the Framework can be found at: <http://planningguidance.planningportal.gov.uk/>
2. Planning law requires that applications for planning permission must be determined in accordance with the development plan, unless material considerations indicate otherwise. This policy must be taken into account in the preparation of development plans, and is a material consideration in planning decisions.² Local planning authorities preparing plans for and taking decisions on traveller sites should also have regard to the policies in the National Planning Policy Framework so far as relevant.
3. The Government's overarching aim is to ensure fair and equal treatment for travellers, in a way that facilitates the traditional and nomadic way of life of travellers while respecting the interests of the settled community.
4. To help achieve this, Government's aims in respect of traveller sites are:
 - a. that local planning authorities should make their own assessment of need for the purposes of planning
 - b. to ensure that local planning authorities, working collaboratively, develop fair and effective strategies to meet need through the identification of land for sites
 - c. to encourage local planning authorities to plan for sites over a reasonable timescale
 - d. that plan-making and decision-taking should protect Green Belt from inappropriate development
 - e. to promote more private traveller site provision while recognising that there will always be those travellers who cannot provide their own sites
 - f. that plan-making and decision-taking should aim to reduce the number of unauthorised developments and encampments and make enforcement more effective
 - g. for local planning authorities to ensure that their Local Plan includes fair, realistic and inclusive policies

¹ See Annex 1 for the definition of traveller for the purposes of this statement.

² Sections 19(2)(a) and 38(6) of the Planning and Compulsory Purchase Act 2004 and section 70(2) of the Town and Country Planning Act 1990. In relation to neighbourhood plans, under section 38B and C and paragraph 8(2) of new Schedule 4B to the 2004 Act (inserted by the Localism Act 2011 section 116 and Schedules 9 and 10) the independent examiner will consider whether having regard to national policy is appropriate to make the plan.

- h. to increase the number of traveller sites in appropriate locations with planning permission, to address under provision and maintain an appropriate level of supply
 - i. to reduce tensions between settled and traveller communities in plan-making and planning decisions
 - j. to enable provision of suitable accommodation from which travellers can access education, health, welfare and employment infrastructure
 - k. for local planning authorities to have due regard to the protection of local amenity and local environment
5. To benefit those engaged in planning for traveller sites, specific planning policies for traveller sites are clearly set out in this separate document. The Government intends to review this policy when fair and representative practical results of its implementation are clear.
6. The Government still intends to review in the future whether Planning Policy for Traveller Sites should be incorporated within the wider National Planning Policy Framework. This will be considered as part of any wider review of the Framework.

Using evidence

Policy A: Using evidence to plan positively and manage development

7. In assembling the evidence base necessary to support their planning approach, local planning authorities should:
- a) pay particular attention to early and effective community engagement with both settled and traveller communities (including discussing travellers' accommodation needs with travellers themselves, their representative bodies and local support groups)
 - b) cooperate with travellers, their representative bodies and local support groups; other local authorities and relevant interest groups to prepare and maintain an up-to-date understanding of the likely permanent and transit accommodation needs of their areas over the lifespan of their development plan, working collaboratively with neighbouring local planning authorities
 - c) use a robust evidence base to establish accommodation needs to inform the preparation of local plans and make planning decisions.

Plan-making

Policy B: Planning for traveller sites

8. Local Plans must be prepared with the objective of contributing to the achievement of sustainable development. To this end, they should be consistent with the policies in the National Planning Policy Framework, including the presumption in favour of sustainable development and the application of specific policies in the Framework, and this planning policy for traveller sites.
9. Local planning authorities should set pitch targets for gypsies and travellers as defined in Annex 1 and plot targets for travelling showpeople as defined in Annex 1 which address the likely permanent and transit site accommodation needs of travellers in their area, working collaboratively with neighbouring local planning authorities.³
10. Local planning authorities should, in producing their Local Plan:
 - a) identify and update annually, a supply of specific deliverable sites sufficient to provide 5 years' worth of sites against their locally set targets ⁴
 - b) identify a supply of specific, developable sites, or broad locations for growth, for years 6 to 10 and, where possible, for years 11-15 ⁵
 - c) consider production of joint development plans that set targets on a cross-authority basis, to provide more flexibility in identifying sites, particularly if a local planning authority has special or strict planning constraints across its area (local planning authorities have a duty to cooperate on planning issues that cross administrative boundaries)
 - d) relate the number of pitches or plots to the circumstances of the specific size and location of the site and the surrounding population's size and density
 - e) protect local amenity and environment.

³ See Annex 1 for definitions of 'pitch' and 'plot'.

⁴ To be considered deliverable, sites should be available now, offer a suitable location for development, and be achievable with a realistic prospect that development will be delivered on the site within five years. Sites with planning permission should be considered deliverable until permission expires, unless there is clear evidence that schemes will not be implemented within 5 years, for example they will not be viable, there is no longer a demand for the type of units or sites have long term phasing plans.

⁵ To be considered developable, sites should be in a suitable location for traveller site development and there should be a reasonable prospect that the site is available and could be viably developed at the point envisaged

11. Criteria should be set to guide land supply allocations where there is identified need. Where there is no identified need, criteria-based policies should be included to provide a basis for decisions in case applications nevertheless come forward. Criteria based policies should be fair and should facilitate the traditional and nomadic life of travellers while respecting the interests of the settled community.
12. In exceptional cases, where a local planning authority is burdened by a large-scale unauthorised site that has significantly increased their need, and their area is subject to strict and special planning constraints, then there is no assumption that the local planning authority is required to plan to meet their traveller site needs in full.
13. Local planning authorities should ensure that traveller sites are sustainable economically, socially and environmentally. Local planning authorities should, therefore, ensure that their policies:
 - a) promote peaceful and integrated co-existence between the site and the local community
 - b) promote, in collaboration with commissioners of health services, access to appropriate health services
 - c) ensure that children can attend school on a regular basis
 - d) provide a settled base that reduces both the need for long-distance travelling and possible environmental damage caused by unauthorised encampment
 - e) provide for proper consideration of the effect of local environmental quality (such as noise and air quality) on the health and well-being of any travellers that may locate there or on others as a result of new development
 - f) avoid placing undue pressure on local infrastructure and services
 - g) do not locate sites in areas at high risk of flooding, including functional floodplains, given the particular vulnerability of caravans
 - h) reflect the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Policy C: Sites in rural areas and the countryside

14. When assessing the suitability of sites in rural or semi-rural settings, local planning authorities should ensure that the scale of such sites does not dominate the nearest settled community.

Policy D: Rural exception sites

15. If there is a lack of affordable land to meet local traveller needs, local planning authorities in rural areas, where viable and practical, should consider allocating and releasing sites solely for affordable traveller sites. This may include using a rural exception site policy for traveller sites that should also be used to manage applications. A rural exception site policy enables small sites to be used, specifically for affordable traveller sites, in small rural communities, that would not normally be used for traveller sites.⁶ Rural exception sites should only be used for affordable traveller sites in perpetuity. A rural exception site policy should seek to address the needs of the local community by accommodating households who are either current residents or have an existing family or employment connection, whilst also ensuring that rural areas continue to develop as sustainable, mixed, inclusive communities

Policy E: Traveller sites in Green Belt

16. Inappropriate development is harmful to the Green Belt and should not be approved, except in very special circumstances. Traveller sites (temporary or permanent) in the Green Belt are inappropriate development. Subject to the best interests of the child, personal circumstances and unmet need are unlikely to clearly outweigh harm to the Green Belt and any other harm so as to establish very special circumstances.

17. Green Belt boundaries should be altered only in exceptional circumstances. If a local planning authority wishes to make an exceptional, limited alteration to the defined Green Belt boundary (which might be to accommodate a site inset within the Green Belt) to meet a specific, identified need for a traveller site, it should do so only through the plan-making process and not in response to a planning application. If land is removed from the Green Belt in this way, it should be specifically allocated in the development plan as a traveller site only.

Policy F: Mixed planning use traveller sites

18. Local planning authorities should consider, wherever possible, including traveller sites suitable for mixed residential and business uses, having regard to the safety and amenity of the occupants and neighbouring residents. Local planning authorities should consider the scope for identifying separate sites for residential and for business purposes in close proximity to one another if mixed sites are not practical.

⁶ Small rural settlements have been designated for enfranchisement and right to acquire purposes (under Section 17 of the *Housing Act 1996*) by SI 1997/620-25 inclusive and 1999/1307.

19. Local planning authorities should have regard to the need that travelling showpeople have for mixed-use yards to allow residential accommodation and space for storage of equipment.

20. Local planning authorities should not permit mixed use on rural exception sites.

Policy G: Major development projects

21. Local planning authorities should work with the planning applicant and the affected traveller community to identify a site or sites suitable for relocation of the community if a major development proposal requires the permanent or temporary relocation of a traveller site. Local planning authorities are entitled to expect the applicant to identify and provide an alternative site, providing the development on the original site is authorised.

Decision-taking

Policy H: Determining planning applications for traveller sites

22. Planning law requires that applications for planning permission must be determined in accordance with the development plan⁷, unless material considerations indicate otherwise⁸.

23. Applications should be assessed and determined in accordance with the presumption in favour of sustainable development and the application of specific policies in the National Planning Policy Framework and this planning policy for traveller sites.

24. Local planning authorities should consider the following issues amongst other relevant matters when considering planning applications for traveller sites:

- a) the existing level of local provision and need for sites
- b) the availability (or lack) of alternative accommodation for the applicants
- c) other personal circumstances of the applicant

⁷ Section 38(1) of the Planning and Compulsory Purchase Act 2004: this includes adopted or approved development plan documents i.e. the Local Plan and neighbourhood plans which have been made in relation to the area (and the London Plan).

⁸ Section 38(6) of the Planning and Compulsory Purchase Act 2004 and section 70(2) of the Town and Country Planning Act 1990.

- d) that the locally specific criteria used to guide the allocation of sites in plans or which form the policy where there is no identified need for pitches/plots should be used to assess applications that may come forward on unallocated sites
- e) that they should determine applications for sites from any travellers and not just those with local connections

However, as paragraph 16 makes clear, subject to the best interests of the child, personal circumstances and unmet need are unlikely to clearly outweigh harm to the Green Belt and any other harm so as to establish very special circumstances.

25. Local planning authorities should very strictly limit new traveller site development in open countryside that is away from existing settlements or outside areas allocated in the development plan. Local planning authorities should ensure that sites in rural areas respect the scale of, and do not dominate, the nearest settled community, and avoid placing an undue pressure on the local infrastructure.

26. When considering applications, local planning authorities should attach weight to the following matters:

- a) effective use of previously developed (brownfield), untidy or derelict land
- b) sites being well planned or soft landscaped in such a way as to positively enhance the environment and increase its openness
- c) promoting opportunities for healthy lifestyles, such as ensuring adequate landscaping and play areas for children
- d) not enclosing a site with so much hard landscaping, high walls or fences, that the impression may be given that the site and its occupants are deliberately isolated from the rest of the community

27. If a local planning authority cannot demonstrate an up-to-date 5 year supply of deliverable sites, this should be a significant material consideration in any subsequent planning decision when considering applications for the grant of temporary planning permission⁹. The exception is where the proposal is on land designated as Green Belt; sites protected under the Birds and Habitats Directives and / or sites designated as Sites of Special Scientific Interest; Local Green Space, an Area of Outstanding Natural Beauty, or within a National Park (or the Broads).

⁹ There is no presumption that a temporary grant of planning permission should be granted permanently. For further guidance please see: <http://planningguidance.planningportal.gov.uk/blog/guidance/use-of-planning-conditions/what-approach-should-be-taken-to-imposing-conditions/> (paragraph14)

28. Local planning authorities should consider how they could overcome planning objections to particular proposals using planning conditions or planning obligations including:

- a) limiting which parts of a site may be used for any business operations, in order to minimise the visual impact and limit the effect of noise
- b) specifying the number of days the site can be occupied by more than the allowed number of caravans (which permits visitors and allows attendance at family or community events)
- c) limiting the maximum number of days for which caravans might be permitted to stay on a transit site.

Policy I: Implementation

29. The policies in this revised Planning Policy for Traveller Sites apply from the day of publication. This replaces the version published in March 2012.

30. The implementation policies set out in the National Planning Policy Framework will apply also to plan-making and decision-taking for traveller sites. In applying those implementation provisions to traveller sites, references in those provisions to policies in the National Planning Policy Framework should, where relevant, be read to include policies in this planning policy for traveller sites.

Annex 1: Glossary

1. For the purposes of this planning policy “gypsies and travellers” means:

Persons of nomadic habit of life whatever their race or origin, including such persons who on grounds only of their own or their family’s or dependants’ educational or health needs or old age have ceased to travel temporarily, but excluding members of an organised group of travelling showpeople or circus people travelling together as such.

2. In determining whether persons are “gypsies and travellers” for the purposes of this planning policy, consideration should be given to the following issues amongst other relevant matters:

- a) whether they previously led a nomadic habit of life
- b) the reasons for ceasing their nomadic habit of life
- c) whether there is an intention of living a nomadic habit of life in the future, and if so, how soon and in what circumstances.

3. For the purposes of this planning policy, “travelling showpeople” means:

Members of a group organised for the purposes of holding fairs, circuses or shows (whether or not travelling together as such). This includes such persons who on the grounds of their own or their family’s or dependants’ more localised pattern of trading, educational or health needs or old age have ceased to travel temporarily, but excludes Gypsies and Travellers as defined above.

4. For the purposes of this planning policy, “travellers” means “gypsies and travellers” and “travelling showpeople” as defined above.

5. For the purposes of this planning policy, “pitch” means a pitch on a “gypsy and traveller” site and “plot” means a pitch on a “travelling showpeople” site (often called a “yard”). This terminology differentiates between residential pitches for “gypsies and travellers” and mixed-use plots for “travelling showpeople”, which may / will need to incorporate space or to be split to allow for the storage of equipment.

1. Update Summary

Introduction

- 1.1 The primary objective of the Redbridge Gypsy and Traveller Accommodation Assessment (GTAA) Update is to provide a robust assessment of current and future need for Gypsy, Traveller and Travelling Showpeople accommodation in Redbridge. The primary reason for completing the Update was the publication of a revised version of Planning Policy for Traveller Sites (PPTS) in August 2015. This included a change to the definition of Travellers for planning purposes.
- 1.2 The GTAA Update provides a robust and credible evidence base which can be used to aid the implementation of development plan policies and the provision of new Gypsy and Traveller pitches and Travelling Showpeople plots for the period 2016-2031. The outcomes of this Update supersede the outcomes in the previous Redbridge GTAA that was published in November 2012 and covered the period 2013-2028. This identified a need for just 1 additional pitch for Gypsies and Travellers, no provision for Travelling Showpeople, and no identified need for a transit site or emergency stopping places.

Methodology

- 1.3 Over the past 10 years, ORS has continually refined a methodology for undertaking robust and defensible Gypsy, Traveller and Travelling Showpeople Accommodation Needs Assessments. This has been updated recently in light of changes to PPTS in August 2015, as well as responding to recent changes set out by Planning Ministers, with particular reference to new household formation rates. This is an evolving methodology that has been adaptive to changes in planning policy as well as the outcomes of Local Plan Examinations and Planning Appeals.
- 1.4 The revised PPTS that was published in August 2015 contains a number of requirements for local authorities which must be addressed in any methodology. This includes the need to pay particular attention to early and effective community engagement with both settled and traveller communities (including discussing travellers' accommodation needs with travellers themselves); identification of permanent and transit site accommodation needs separately; working collaboratively with neighbouring local planning authorities; and establishing whether households fall within the new definition for Gypsies, Travellers and Travelling Showpeople.

Survey of Travelling Communities

- 1.5 ORS sought to identify all pitches on the authorised public site in Redbridge and worked closely with the Council to ensure that the Site Record Form would collect all the necessary information to support the study. This form has been updated to take account recent changes to PPTS to collect the information ORS feel is necessary to apply the new household definition.
- 1.6 ORS sought to undertake a full demographic study of all occupied pitches as our experience suggests that a sample based approach very often leads to an under-estimate of current and future need

which can be the subject of challenge at subsequent appeals and examinations. All occupied pitches were visited by experienced ORS researchers who conducted interviews with as many residents as possible to determine their current demographic characteristics, whether they have any current or likely future accommodation needs and how these may be addressed, whether there are any concealed households or doubling-up, and their travelling characteristics (to meet the new requirements in PPTS). Staff also sought to identify contacts living in bricks and mortar to interview. The Site Record Form can be found in **Appendix B**.

- 1.7 Fieldwork was undertaken during March 2016 and a total of 14 new interviews were completed with Gypsy and Traveller households living at the Northview Caravan Site. No households refused to take part in an interview, and it was not possible to make contact with households on 2 pitches. There were no vacant pitches.

Engagement with Bricks and Mortar Households

- 1.8 In our experience many Planning Inspectors and Appellants question the accuracy of GTAA assessments in relation to those Gypsies and Travellers living in bricks and mortar accommodation who may wish to move on to a site. ORS feel that the only practical approach is to take all possible measures to identify as many households in bricks and mortar who may want to take part in an interview to determine their future accommodation needs, including a wish to move to a permanent pitch in the study area.
- 1.9 Contacts in bricks and mortar were sought through a wide range of sources including speaking with people living on the existing site to identify any friends or family living in bricks and mortar who may wish to move to a site and intelligence from the Council.
- 1.10 Through this approach we endeavoured to do everything within our means to publicise that a local study was being undertaken in order to give all households living in bricks and mortar who may wish to move on to a site the opportunity to make their views known to us.
- 1.11 As a rule we do not extrapolate the findings from our fieldwork with Gypsies and Travellers living in bricks and mortar households up to the estimated Gypsy and Traveller bricks and mortar population as a whole, and work on the assumption that those wishing to move will make their views known to us based on the wide range of publicity that we put in place.
- 1.12 As a result of this no households living in bricks and mortar were identified to interview. It was however confirmed that one household on the site was seeking to move to bricks and mortar in another local authority to be closer to other family members.

Calculating Current and Future Need

- 1.15 The revised version of PPTS now requires a GTAA to determine whether households living on sites, yards, encampments and in bricks and mortar fall within the new 'planning' definition of a Gypsy, Traveller or Travelling Showperson. Only if households fall within the new definition will their housing requirements need to be assessed separately from the wider population in the GTAA. The new definition now excludes those who have ceased to travel *permanently*. A Briefing Note has been prepared by ORS that sets out the implications of the revised PPTS on GTAA studies and a copy of this can be found in **Appendix A**.

Current and Future Pitch/Plot Needs

- 1.16 The primary change to the 2015 PPTS in relation to the assessment of need is the change in the definition of a Gypsy, Traveller or Travelling Showperson for planning purposes. Through the site interviews ORS sought to collect information necessary to assess each household against the new definition. As the new PPTS has only recently been issued decisions are still being awaited from the Planning Inspectorate on how the new definition should be applied, and also it is understood that there have been a number of legal challenges made to the change in definition that have yet to be determined.
- 1.17 To identify need, PPTS requires an assessment for current and future pitch requirements, but does not provide a methodology for this. However, as with any housing assessment, the underlying calculation can be broken down into a relatively small number of factors. In this case, the key issue is to compare the supply of pitches available for occupation with the current and future needs of the population. The key factors in each of these elements are set out below.
- 1.18 Whilst households who do not travel fall outside the new definition of a Traveller, Romany households and Irish and Scottish Travellers continue to have a cultural need and right to culturally appropriate accommodation under the Equalities Act 2010. Provisions set out in the new Housing and Planning Bill are also seeking to include a requirement to assess the needs of people living on sites on which caravans can be stationed, or on places on inland waterways where houseboats can be moored, under S8 of the 1985 Housing Act that covers the requirement for a periodical review of housing needs. The implication is therefore that the housing needs of any Gypsy and Traveller households who do not meet the new definition of a Traveller will need to be assessed as part of the wider housing needs of the area through the SHMA process.

Applying the New Definition

- 1.19 The outcomes from the questions in the household survey on travelling were used to determine the status of each household against the new definition in PPTS. Only those households that meet the new definition will form the components of need to be assessed in the GTAA, as well as those where it was not possible to assess against the new definition due to households that refused to be interviewed or those not present at the time of the fieldwork:
- » Households that travel under the new definition.
 - » Households that have ceased to travel temporarily under the new definition.
 - » Gypsy and Traveller households who's travelling status is unknown.
- 1.20 In addition – for illustrative purposes only – an estimate of need for those households that do not meet the new definition is also set out.

New Definition of Gypsies and Travellers

- 1.21 Information that was collected during the household interviews allowed each household to be assessed against the new definition of a Traveller. This included information on whether households have ever travelled; why they have stopped travelling; the reasons that they travel; and whether they plan to travel again in the future. The table below sets out the travelling status of households that were interviewed on the public site. This shows that for Gypsies and Travellers 2 households meet the new planning definition of a Traveller in that they were able to provide information

demonstrating that they travel for work purposes and stay away from their usual place of residence. A further 12 households who were interviewed did not demonstrate that they travel away from their usual place of residence for the purpose of work, or that they have ceased to travel temporarily due to children in education, ill health or old age. Some did travel for cultural reason to visit fairs, relatives or friends, and others had ceased to travel permanently. In addition the travelling status of the remaining 2 households living on the site was unable to be determined.

Key Demographic Findings

- 1.22 Ethnicity data that was captured from the 2 Gypsy and Traveller households that meet the new definition indicated that one is Romany Gypsy and the other is an English Traveller. The households were both single adults with no children.
- 1.23 Ethnicity data that was captured from the 12 Gypsy and Traveller households that do not meet the new definition indicated that they are a mixture of Romany Gypsies and English Travellers. The households comprised 27 residents – 15 adults and 12 children and teenagers aged under 18. This equates to 56% adults and 44% children and teenagers.
- 1.24 Although not a direct comparison, data from the 2011 Census for Redbridge as a whole (the settled community and the Gypsy or Irish Traveller community) has been compared to the demographics recorded in the household interviews. This shows a significantly higher proportion of those aged under 18 living on the public site.

Revised Pitch Needs – Gypsies and Travellers

- 1.25 There were 2 households that were interviewed who were able to provide evidence that they meet the new planning definition of a Gypsy or Traveller. However both were single adult households with no children and no current or future accommodation needs. Therefore there is not a need for any additional pitches.

Revised Pitch Needs – ‘Unknown’ Gypsies and Travellers

- 1.26 Whilst it was not possible to determine the travelling status of a total of 2 households as they were not on site at the time of the fieldwork, the needs of these households still need to be recognised as they are ethnic Gypsies and Travellers.
- 1.27 Should further information be made available to the Council that will allow for the new definition to be applied the overall level of need could rise by **1 additional pitch from new household formation**

using the demographics of the households that were provided by the site manager. Numbers were too small to apply a rate of household formation. Therefore total additional need **could increase by a further 1 pitch.**

- 1.28 Legal advice that has been sought by ORS suggests that it would not be appropriate when producing a robust assessment of need to apply a proportional approach to those who meet the new definition to those households where it was not possible to conduct an interview.
- 1.29 However data that has been collected from over 1,100 households interviews that have been completed by ORS since the changes to PPTS in 2015 suggests that overall between 10%-20% of households who have been interviewed meet the new definition – and in some local authorities 100% of households do not meet the new definition. The figure from interviews completed in Redbridge indicated that only 2 households meet the new definition.
- 1.30 This would suggest that it is highly likely that none of the potential need identified from these households will need to be included in the GTAA.

Revised Pitch Needs – Non-Travelling Gypsies and Travellers

- 1.31 Whilst households who do not travel fall outside the new definition, Romany Gypsies and Irish and Scottish Travellers continue to have a cultural need and right to culturally appropriate accommodation under the Equalities Act 2010. Provisions set out in the new Housing and Planning Bill are seeking to include a requirement to assess the needs of people living on sites on which caravans can be stationed, or on places on inland waterways where houseboats can be moored, under Section 8 of the 1985 Housing Act that covers the requirement for a periodical review of housing needs. The implication is therefore that the housing needs of the Gypsy and Traveller households who do not meet the new definition of a Traveller will need to be assessed as part of the wider housing needs of an area. On this basis, it is evident that whilst the needs of the 12 households who do not meet the new definition will represent only a very small proportion of the overall housing need, the Councils will still need to ensure that arrangements are in place to properly address these needs.
- 1.32 Analysis of the household interviews for those who do not meet the new definition indicated that there is a need for **6 additional pitches** over the 15 year GTAA period. Current need of 2 is made up of 1 adult living in over-crowded conditions on one of the pitches on the site who is in need of a pitch of their own and one older teenage child in need of a pitch of their own in the next 5 years. Future need is made up of 5 from new household formation using the demographics of the households that were interviewed. Numbers were too small to apply a rate of household formation. In addition there is supply of 1 pitch due to become vacant due to movement to bricks and mortar in another local authority outside of London.

1.33 As things currently stand¹ there are a number of additional points to consider when seeking to address the needs of those Gypsy and Traveller households who do not meet the new planning definition.

1.34 An April 2015 High Court Judgement, '*Wenman v SSCLG and Waverley Borough Council*', has clarified the relationship between Gypsy and Traveller and Travelling Showpeople Needs Assessments and OAN. At paragraphs 42 and 43, the Judgement notes:

"42. However, under the PPTS, there is specific provision for local planning authorities to assess the need for gypsy pitches, and to provide sites to meet that need, which includes the requirement to "identify, and update annually, a supply of specific deliverable sites sufficient to provide five years' worth of sites against their local set targets" (paragraph 9(a)). These provisions have a direct parallel in paragraph 47 NPPF which requires local planning authorities to use their evidence base to ensure that the policies in their Local Plan meet the full objectively assessed needs for housing in their area, and requires, inter alia, that they "identify and update annually a supply of specific deliverable sites sufficient to provide five years' worth of housing".

"43. The rationale behind the specific requirement for a five year supply figure under paragraph 9 PPTS must have been to ensure that attention was given to meeting the special needs of travellers. Housing provision for this sub-group was not just to be subsumed within the general housing supply figures for the area"

1.35 Along with retaining the requirement for local authorities to assess their own needs for Gypsies and Travellers, PPTS, August 2015, paragraph 10(a) retains the requirement to: "identify and update annually, a supply of specific deliverable sites sufficient to provide 5 years' worth of sites against their locally set targets".

1.36 ORS agree that the position proposed by the judgement is correct in that Gypsy and Traveller and Travelling Showpeople households will form part of the household projections, concealed households and market signals which would underwrite an OAN calculation. The needs of these households need to be counted as part of an overall OAN; therefore any needs identified as part of the GTAA would be a component of, and not additional to, an OAN figure that would be identified in a SHMA. This includes both Gypsies and Travellers who meet the new planning definition and also those who no longer travel. This also means that any land supply for pitches and plots should be counted towards the general 5-year land supply as the needs the Council will need to address would be included within an overall housing OAN.

Waiting Lists

1.37 The Council have confirmed that there may be a small waiting list for pitches on the site but that this is held by one of the residents. An Officer from the Council was however able to confirm that none

¹ Draft guidance to local housing authorities on the periodical review of housing needs (Caravans and Houseboats) was published by the Government in March 2016. This is not yet in place but will have further impacts on the assessment of those who do not meet the new definition.

of the households on the waiting list currently live on the site. Given that there does appear to have been some turnover in recent years, it is recommended at this point that there is no additional need from these households other than met through natural turnover of pitches.

Overall Comparison with Previous GTAA

- 1.38 The previous GTAA identified a need for only 1 additional pitch in Redbridge. By means of comparison by adding up the need from households that meet the new definition, those who do not meet the new definition and those that are 'unknown' the 2016 Update has found a potential overall need for a total of 7 additional pitches for the period 2016-2031. The main reasons for the increase is that there are now more and older children living on the site.

Figure 5 – Potential Overall Need for Additional Pitches

Status	2016-21	2021-26	2026-31	Total
Meet new definition	0	0	0	0
Do not meet new definition	2	2	2	6
Unknown	0	0	1	1
TOTAL	2	2	3	7

Travelling Showpeople Needs

- 1.39 The assessment did not find any Travelling Showpeople yards in Redbridge so no additional need has been identified. This is consistent with the 2012 GTAA findings.

Transit Sites / Temporary Stopping Places

- 1.40 There is no public or private transit provision in Redbridge. The site visits and discussions with Council staff did not find any evidence of need for transit provision and the DCLG Caravan Count has not recorded any unauthorised caravans in recent years. In addition a review of the stakeholder interviews that were completed as part of the 2012 GTAA indicated that there had only been 10 unauthorised encampments in Redbridge since 2002.
- 1.41 As such there is no need for the Council to consider any new transit provision but it is recommended that the Council should continue to monitor any unauthorised encampments and consider the use of short-term toleration or Negotiated Stopping Arrangements to deal with any short-term transient stops.

Gypsy and Traveller Accommodation Assessments

ORS Briefing on the Implications of Changes to Planning Policy for Traveller Sites

September 2015

Please note that these are the current views of ORS on the implications of the changes to PPTS and clarification has not yet been sought from DCLG on our interpretation of the potential changes to the definition of Gypsies, Travellers and Travelling Showpeople in relation to undertaking GTAA's.

Background

The recent changes to PPTS that were published on 31st August will now require a GTAA to determine whether households living on sites, encampments and in bricks and mortar fall within the new definition of a Gypsy, Traveller or Travelling Showperson. Only if they fall within the new definition will their housing needs need to be assessed separately from the wider population, as required by the Housing Act (2004).

There are a number of issues that will need to be considered when seeking to apply the new definition and this short briefing covers the views of ORS on these in relation to completing a GTAA.

Conflicting Definitions of a Traveller

It is our understanding there are now 3 definitions for a Gypsy, Traveller or Travelling Showperson. The PPTS (2015) definition, the Housing Act (2004) definition, and the Equality Act (2010) definition (which only applies only to Romany and Irish Travellers as an ethnic group).

1. In their response to the consultation on Planning and Travellers DCLG stated that *the Government will, when parliamentary time allows, seek to amend primary legislation to clarify the duties of local authorities to plan for the housing needs of their residents.* This should bring the Housing Act definition in line with the PPTS definition.

The key issue is that there will be Romany and Irish Travellers who no longer travel so will not fall under the Planning or Housing definition, but Councils may still need to meet their needs through the provision of *culturally suitable* housing under the requirements of the Equality Act.

We believe that this will now create a new category of Gypsy, Traveller or Travelling Showperson - a *Non-Travelling Romany or Irish Traveller* - that Councils will need to consider in terms of housing provision. The needs of households that fall within this category *will not necessarily* be assessed in a GTAA and will need to be assessed separately under the NPPF.

The 'Planning Definition' in PPTS:

Persons of nomadic habit of life whatever their race or origin, including such persons who on grounds only of their own or their family's or dependants' educational or health needs or old age have ceased to travel temporarily, but excluding members of an organised group of travelling showpeople or circus people travelling together as such.

In determining whether persons are "gypsies and travellers" for the purposes of this planning policy, consideration should be given to the following issues amongst other relevant matters:

- a) *Whether they previously led a nomadic habit of life*
- b) *The reasons for ceasing their nomadic habit of life*
- c) *Whether there is an intention of living a nomadic habit of life in the future, and if so, how soon and in what circumstances.*

The 'Housing Definition' in the Housing Act 2004

Section 225: *Every local housing authority must, when undertaking a review of housing needs in their district under section 8 of the Housing Act 1985 (c. 68), carry out an assessment of the accommodation needs of gypsies and travellers residing in or resorting to their district...gypsies and travellers has the meaning given by regulations made by the appropriate national authority.*

The definition of Gypsies and Travellers as referred to at Section 225 of the Act is that set out for the purposes of planning by the Secretary of State for Communities and Local Government.

Therefore the definition of 'gypsies and travellers' for this purpose is specified in 'The Housing (Assessment of Accommodation Needs) (Meaning of Gypsies and Travellers) (England) Regulations 2006' (Statutory Instrument: 2006 No. 3190).

The following definition of "gypsies and travellers" should now be used:

- (a) *persons with a cultural tradition of nomadism or living in a caravan; and*
- (b) *all other persons of a nomadic habit of life, whatever their race or origin, including:*
 - (i) *such persons who, on grounds only of their own or their family's or dependant's educational or health needs or old age, have ceased to travel temporarily or permanently; and*
 - (ii) *members of an organised group of travelling showpeople or circus people (whether or not travelling together as such).*

The 'Equality Act' 2010 Definition

The courts have determined that Romany Gypsies and Irish Travellers are protected against race discrimination because they are included under the Protected Characteristics as an ethnic group. Culturally suitable housing should be provided for this group.

Definition of Travelling

One of the most questions that GTAA's will need to address in terms of applying the new definition is *what constitutes travelling?* This has been determined through case law that has tested the meaning of the term '*nomadic*'.

R v South Hams District Council (1994) – defined Gypsies as "persons who wander or travel for the purpose of making or seeking their livelihood (not persons who travel from place to place without any connection between their movements and their means of livelihood.)" This includes 'born' Gypsies and Travellers as well as 'elective' Travellers such as New Age Travellers.

In *Maidstone BC v Secretary of State for the Environment and Dunn (2006)*, it was held that a Romany Gypsy who bred horses and travelled to horse fairs at Appleby, Stow-in-the-Wold and the

New Forest, where he bought and sold horses, and who remained away from his permanent site for up to two months of the year, at least partly in connection with this traditional Gypsy activity, was entitled to be accorded Gypsy status.

In *Greenwich LBC v Powell* (1989), Lord Bridge of Harwich stated that a person could be a statutory Gypsy if he led a nomadic way of life *only seasonally*.

The definition was widened further by the decision in *R v Shropshire CC ex p Bungay* (1990). The case concerned a Gypsy family that had not travelled for some 15 years in order to care for its elderly and infirm parents. An aggrieved resident living in the area of the family's recently approved Gypsy site sought judicial review of the local authority's decision to accept that the family had retained their Gypsy status even though they had not travelled for some considerable time. Dismissing the claim, the judge held that a person could remain a Gypsy even if he or she did not travel, provided that their nomadism was held in abeyance and not abandoned.

That point was revisited in the case of *Hearne v National Assembly for Wales* (1999), where a traditional Gypsy was held not to be a Gypsy for the purposes of planning law as he had stated that he intended to abandon his nomadic habit of life, lived in a permanent dwelling and was taking a course that led to permanent employment.

It is our understanding that the implication of these rulings in terms of applying the new definition is that it will include those who travel but also have a permanent site or place of residence, but that it will not include those who travel for purposes other than work – such as visiting horse fairs and visiting friends or relatives. It will in our view not cover those who commute to work daily from a permanent place of residence.

It will also be the case in our view that a household where some family members travel for nomadic purposes on a regular basis, but where other family members stay at home to look after children in education, or other dependents with health problems etc. the household unit would be defined as travelling under the new definition.

Households will also fall under the new definition if they can demonstrate that they have ceased to travel temporarily as a result of their own or their family's or dependants' educational or health needs or old age. In order to have ceased to travel temporarily these households will need to demonstrate that they have travelled in the past. In addition households may also have to demonstrate that they plan to travel again in the future. These issues are covered later in this briefing.

Changes to Fieldwork Requirements

In determining whether households fall within the new definition it is important that GTAA fieldwork is undertaken in a robust and inclusive manner, with efforts made to speak with households living on *all pitches and plots* in any given local authority area. Attempts to speak with every household is likely to increase the costs of site fieldwork but it is felt that robust and defensible evidence on household travelling characteristics can only be obtained by speaking with a member from each family directly. If this does not happen the determination of whether a household falls within the new definition is likely to be challenged.

Interviewers will need to follow an approach similar to what is being advocated by Welsh Government in their recent GTAA Guidance which requires interviewers to make a minimum of 3 attempts to complete a successful household interview before seeking information from a third party. The keeping of an Interview Log to record dates and times of unsuccessful visits, and reasons for a refusal to be interviewed is also recommended.

Qualifying Questions and Evidence to Support Travelling Status

A series of *qualifying questions* will need to be asked during the more intensive household interviews to determine whether each household will fall under the new definition. There will be a need to ask questions to determine for example:

- » The ethnicity of households;
- » Whether they travel for nomadic purposes as defined by case law;
- » If they do not travel, whether they have travelled for nomadic purposes in the past;
- » Whether they have ceased to travel permanently or temporarily;
- » The reasons why they have ceased to travel temporarily; and
- » Whether and when they plan to resume travelling for nomadic purposes.

The responses to these questions should enable the new planning/housing and ethnicity definitions of Gypsies, Travellers and Travelling Showpeople to be applied to each household in the first instance.

One of the most difficult issues to address will be to evidence households that claim to have *ceased travelling temporarily* as a result of their own or their family's or dependants' educational or health needs or old age. This will need to include evidence that households have travelled in the past.

Example of evidence to support the new definition and households that claim to have ceased to travel temporarily could include:

- » Details of previous travelling by the applicant or by family members for the purpose of work could include originals or copies of family photographs.
- » Evidence to support household members ceasing to travel temporarily could include letters or reports from GPs or consultants; and Letters from head teachers and/or Traveller Education Officers.
- » Evidence to support not being able to travel due to a lack of sites or transit provision could include details of attempts to find alternative sites, including, for example, letters to local estate agents and evidence of enquiries to local authorities.
- » Evidence to support a nomadic way of life for work purposes could include records of work undertaken such as quotes and invoices; receipts for stays on transit sites; and details of enforcement of unauthorised encampments; and details of schools attended and GP registrations whilst away travelling.

The practical implications of this in relation to the fieldwork element of a GTAA will be whether

this evidence actually needs to be produced or whether households will simply need to be asked if they would be able to provide evidence if requested at a later date.

Applying the Definition

When the household survey is complete the outcomes from the qualifying questions will need to be used to determine the status of each household on each site. Decisions will need to be made whether it will be for a local authority, a third party undertaking the GTAA, or a combination of both, to make the final determination of whether households fall within the new definition.

It is highly likely that this will result in sites with a mixture of household statuses – even on smaller private family sites. We think that households will fall under one of 4 classifications that will determine whether their housing needs will need to be assessed in the GTAA.

- » Households that travel under the new definition – *Yes*
- » Households that have ceased to travel temporarily under the new definition - *Yes*
- » Households that do not travel under the new definition - *No*
- » Romany or Irish Travellers who do not travel under the new definition - *No*

In practical terms, a current GTAA may have a need for 100 pitches from new household formation over its local plan period. If 50% of these households do not meet the new definition of being a Traveller then it could be argued that the need from new household formation should fall from 100 to 50. However, this assumes that the children of current non-Travelling households will also not travel themselves in the future and will not have their needs from new household formation met. This is going to be very difficult to evidence in practice.

This also raises the question of who is responsible for assessing the needs of the 50 households who have been removed from the assessment of need in the GTAA. The Equalities Act requires that *Romany and Irish Travellers* are provided with *culturally sensitive* accommodation. It may therefore be that the GTAA will exclude 50 households on the grounds that they no longer meet the planning/housing definition of being Travellers, but the requirements of the Equalities Act mean that these households' ethnic status will still lead to the need to provide caravan pitches. These may be on park home sites rather than Gypsy and Traveller sites.

In practice it may be that the new definition has a very large impact on a small number of planning applications where households who no longer travel will not be deemed Travellers. However, for the existing population and sites it is unlikely the effect will be as dramatic as being envisaged. Given that the majority of Councils do not have 5 year land supplies for either housing or Gypsy and Traveller sites, it may simply be that planning applications are moved from being for Gypsy and Traveller sites to being for park home sites – using case law established by *Wenman v Secretary of State* Judgement and subsequent changes made to Paragraphs 49 and 159 in the NPPF in July 2015.

Paragraph 49

From today, those persons who fall within the definition of 'traveller' under the Planning Policy for Traveller Sites, cannot rely on the lack of a five year supply of deliverable housing sites under the National Planning Policy Framework to show that relevant policies for the supply of housing are not

up to date. Such persons should have the lack of a five year supply of deliverable traveller sites considered in accordance with Planning Policy for Traveller Sites.

Paragraph 159

Planning Policy for Traveller Sites sets out how 'travellers' (as defined in Annex A of that document) accommodation needs should also be assessed. Those who do not fall under that definition should have their accommodation needs addressed under the provisions of the National Planning Policy Framework.

Conclusions

As a result of the changes to PPTS ORS have identified that there are a number of key points that local authorities need to be aware of in relation to their GTAA:

- » It is unclear at the present time whether the changes will be applied retrospectively to GTAAs that have already been published and have been through a Local Plan Examination – however they will need to be taken into consideration when dealing with new planning applications and appeals. This will impact on the identification of a 5 year supply of deliverable Traveller sites as the level of need will be unknown without applying the definition to all households.
- » In the majority of cases it may be necessary to undertake new site fieldwork to gather up-to-date and robust information from each household on their travelling characteristics in order for the new definition to be properly applied for the purpose of assessing household need.
- » The definition of a *Traveller* and what constitutes *Travelling* appear to be clearly set out in case law. What local authorities will need to consider how to robustly apply the outcomes of the qualifying questions when determining whether a household has ceased to travel temporarily?
- » It is difficult at this stage to consider the future needs (new household formation) of the children of current non-travelling households as it will be very hard to evidence whether or not they will travel themselves in the future.
- » In short this will not reduce the number of households seeking to live on sites in caravans. Local authorities will still need to consider how to address the housing needs of Romany and Irish Travellers who do not travel but fall under the requirements of the Equality Act. For the remainder of those households who do not fall under the new definition local authorities will still need to consider how they should have their accommodation needs addressed under the provisions of the National Planning Policy Framework. These will most likely need to be met on park home sites as opposed to Traveller sites.
- » It is also important to note that the definition will need to be applied in a consistent manner to households living in caravans on sites and encampments, and for those living in bricks and mortar, as there is nothing in the definition that states that a household needs to live in a caravan or other mobile structure.
- » There are also likely to be practical implications in the reporting of GTAAs as the assessment will now need to be on a pitch-by-pitch basis, and may involve the publication of sensitive and personal information that may lead to issues with data protection requirements.

Appendix B – Redbridge Site Record Form

London Borough of Redbridge GTAA Questionnaire 2016

INTERVIEWER: Good Morning/afternoon/evening. My name is < > from Opinion Research Services, working on behalf of the London Borough of Redbridge.

The Council are undertaking a study of Gypsy, Traveller and Travelling Showpeople accommodation needs assessment in this area. This is needed to make sure that accommodation needs are properly assessed and to get a better understanding of the needs of the Travelling Community.

The Council need to try and speak with every Gypsy, Traveller and Travelling Showpeople household in the area to make sure that the assessment of need is accurate.

Your household will not be identified and all the information collected will be anonymous and will only be used to help understand the needs of Gypsy, Traveller and Travelling Showpeople households.

ORS is registered under the Data Protection Act 1998. Your responses will be stored and processed electronically and securely. This paper form will be securely destroyed after processing. Your household will not be identified to the council and only anonymous data and results will be submitted, though verbatim comments may be reported in full, and the data from this survey will only be used to help understand the needs of Gypsy, Traveller and Travelling Showpeople households

3.14 Gypsies and Travellers

3.14.1 In accordance with both national and regional policy the Council will plan for and meet the needs of the Gypsy and Traveller community. The Council recognises that Gypsy and Travellers form part of the borough's diverse community and providing them with right type of housing will help tackle inequality and help create strong and sustainable neighbourhoods.

LP8: Gypsies and Travellers

- 1 The Council will aim to meet the needs of Gypsies and Travellers by:
 - (a) Retaining and protecting the existing Gypsy and Traveller site at Forest Road Site; and
 - (b) Supporting maintenance and intensification of the Northview Caravan Site to provide up to 7 additional pitches to meet identified need over the plan period.
- 2 Development of any additional temporary or permanent Gypsy and Traveller accommodation will be supported where:
 - (a) The site provides for an appropriate layout, in terms of pitches, amenity buildings, hard-standings and open spaces;
 - (b) The site is not located in the Green Belt, unless there are very special circumstances;
 - (c) The site is located in Flood Zone 1 or exceptionally in Flood Zone 2 and is otherwise suitable for development;
 - (d) The site is serviced by a suitable access road and is accessible from the public highway and adequate provision for parking, turning and servicing on site to ensure road safety for occupants and visitors;

- (e) The site is well related to existing communities and accessible to local services and facilities, such as shops, schools, healthcare and public transport; and
- (f) Proposals are sensitive to local character and surroundings.

Implementation

- 1 Work in partnership with the Council's housing department to monitor any unauthorised encampments and manage any short-term transient stops; and
- 2 The Council will review the needs of Gypsies and Travellers to ensure their requirements are planned for accordingly through upgrading and maintenance of existing site.

3.14.2 The government provides guidance in 'Planning Policy for Traveller Sites' (2015) on how to plan for Gypsies and Travellers. The Council recognises the importance of providing the appropriate type of housing to meet the needs of Gypsies and Travellers and the significant benefit it can bring to this community. The new guidance includes a change to the definition of Travellers for planning purposes and the Council has updated its Gypsy and Travellers needs assessment in response to this to ensure it is planning appropriately for this community.

3.14.3 In order to identify the level of need in the borough and to respond to the new national guidance and a change to the definition of a Traveller, the Council has undertaken a Gypsy and Travellers Accommodation Needs Assessment (2016). The assessment concluded that 7 additional pitches will be required to meet need over the plan period.

3.14.4 There is currently one Gypsy and Traveller site in the borough, Northview Caravan Site on Forest Road. It is a Council managed site that currently provides 16 pitches. The Gypsy and Traveller Accommodation Needs Assessment (GTAA) (2016) has found

a potential overall need for a total of 7 additional pitches for the period 2016-2031. The main reasons for the increase is that there are now more and older children living on the site compared to the previous GTAA in 2012. The existing site has the capacity to accommodate this additional need. During the first five years of the plan period, the need is for an additional two pitches. Given that there does appear to have been some turnover in recent years, and that there are several single elderly tenants on site, there is no additional need from these households other than met through natural turnover of pitches.

3.14.5 The Council will continue to manage the borough's existing Gypsy and Traveller site to meet the needs of the Gypsy and Traveller communities and, to ensure integration with surrounding communities. Policy LP8 includes a series of criteria that will be used to determine any future additional site's capacity and suitability to provide Gypsy and Traveller accommodation in the configuration proposed.

3.14.6 The suitability of the site for use as a Gypsy and Traveller site is an important consideration. Green Belt will not be acceptable unless very special circumstances exist, as per national and London Plan (2016) policy. In addition, like mainstream housing, Gypsy and Traveller accommodation requires sites of suitable quality in terms of availability of supporting infrastructure (waste management, utilities, communal spaces), accommodation and access for large vehicles, amenity, and avoidance of excessive exposure to noise and other environmental pollutants. All such needs should be set out and met on site through the proposed design and necessary management plans, demonstrating that they will deliver appropriate housing quality and highway safety, capacity and environmental quality.

3.14.7 The availability of supporting community infrastructure such as health, education and transport links is also essential. The site should be in a sustainable location and should be in reasonable proximity to local services and facilities.

3.14.8 To help deliver sustainable communities and quality placemaking, the policy requires proposals to consider the amenity of new residents and impact on surrounding communities. In doing so, regard will be had to community cohesion, integrating the site and the local community.

3.14.9 The Council will continue to engage with neighbouring boroughs and districts to ensure that sub-regional need is appropriately addressed and provided for. Monitoring and continuing engagement will inform the review of the evidence base and assessment of whether that evidence base and associated policy remain up to date.

3.15 Stimulating Business and the Local Economy

3.15.1 Redbridge is strategically located to capitalise on the regeneration and growth opportunities within the region. It lies at the gateway of the London Stansted Cambridge Corridor (LSCC) and Thames Gateway and is in close proximity to central London. In addition, its excellent road and rail links and highly accessible town centres mean it is an attractive location for new and expanding business to locate to drive economic and job growth in the borough. Easy and quick access to the gateways at Stansted and London City Airports also open up opportunities for international investment.
