Dear Sir/Madam,

In accordance with Regulation 19 of the Town and Country Planning (Local Planning) (England) Regulations 2012 we are writing to notify you that the London Boroughs of Barking and Dagenham, Havering, Newham, and Redbridge are

launching a period of public consultation on the East London Joint Waste Plan Regulation 19 Submission Plan.

This is the final consultation before the submission of the Joint Waste Plan to central government for examination.

The East London Joint Waste Plan Regulation 19 Submission Plan (the Plan) provides the strategic vision for the management of waste in East London until 2041. The Plan aims to ensure that there continues to be enough waste facilities to manage waste, located in the right areas to reduce the impact on local communities and the natural environment. The Plan contains policies to ensure developers consider the management of waste from the demolition and construction of buildings, and when a development is occupied. Policies also cover circular economy, the provision of waste and wastewater capacity, the design of waste management facilities, and safeguarded waste sites across East London.

Please note, you may receive this email more than once if you are signed up to multiple consultation databases.

Consultation period

This period of public consultation will run for a total of six weeks from **Monday 19 May to 11:59pm on Monday 30 June**. You can make a representation anytime within the 6-week period provided we receive it by **11:59 pm on the 30 June 2025**.
