

Redbridge Local Plan: 2015-2030

**Statement of Common Ground between the London Borough of Redbridge and
the London Borough of Newham**

February 2017

Introduction

This Statement of Common Ground has been prepared jointly between the London Borough of Redbridge (“the Council”) and the London Borough of Newham (“LBN”).

The purpose of this Statement of Common Ground (SoCG) is to inform the Inspector and other parties about the areas of agreement between the Council and LBN. Subject to LBN being satisfied with the position set out below, there are no outstanding matters where the Council and LBN are in disagreement.

Background

Through Duty to Cooperate meetings, the Council has worked closely with LBN on the production of the Redbridge Local Plan. Continuous and ongoing discussions between both parties have identified those key cross boundary issues relevant to their respective Local Plans.

In response to the Pre-Submission Local Plan consultation, LBN submitted a representation largely supporting the vision and priorities set out in the Local Plan, mainly in relation to the delivery of new homes for London. LBN is satisfied that the plans for the Ilford Investment and Growth Area which neighbours Newham will not have a negative impact on its vision and priorities and that there are no cross-boundary issues.

This statement sets out amendments to the Pre-Submission Plan that both parties agree to. Subject to these amendments, there are no outstanding matters where the Council and LBN are in disagreement.

In Respect of Issue	Representation Ref. No
There is a need to clearly define the borough boundary on Figure 7 of the Plan. It is difficult to differentiate between the borough boundary and that of the Ilford Investment and Growth Area.	R01256/03
