Dear Andrea Copsey,

I can confirm that the 'statements' below are my only further submissions:

1. 14/06/2017 Green Belt

Building on the Oakfield site is bound to cause more traffic congestion and air pollution which will have an impact on the residents.

2. 19/07/2017 Tall Buildings

I believe that there should be a strict limit on the amount of tall buildings for the overall benefit of those living in the borough.

Please can you advise the Planning Inspector of this.

From Paul Scott.

Dear Mr Scott,

Thank you for your email advising me of your participation which I have added to the Inspector's hearing programme.

Could you please confirm that the 'statements' below are your only further submissions so that the Inspector is clear on this.

Many thanks,

Kind regards,

Andrea Copsey
Local Plans Programme Officer
