

Redbridge Council Local Plan

Transport for London (representor number R01094)

Inspector's Issues and Questions

Thank you for acknowledging TfL's interest in the Redbridge Local Plan and requesting our input.

We are aware of Redbridge Council's response to the inspector's preliminary matters which addresses many points, and we expect that Redbridge Council will be making a full formal response to the inspector's formal Issues and Questions.

TfL's interest in Issues 1 to 6 are only in relation to Issue 4 which addresses Investment and Growth Areas, and the questions raised by the inspector should be addressed in Redbridge Council's formal response. TfL are confident that Redbridge Council recognises how the issues and questions affect our interests and will reflect this in their response.

If necessary, TfL officers can provide further information or clarification and can also be available to attend the general discussion.
