General

In order for Redbridge Council to make a decision on whether or not to accept your nomination it needs to have sufficient information.

Under the Community Right to Bid – Assets of Community Value Regulations 2012, it is your duty to ensure that you provide adequate and accurate information to enable Redbridge Council to make a decision. Inadequate or inaccurate information may lead to a rejection.

An Asset of Community Value is a building or land which in its actual current main use, 'furthers the social wellbeing or social interest of the local community', and it is realistic to think that such use (whether or not in the same way) can continue.

Buildings or other land that 'in the recent past' had a use that furthered the social wellbeing or social interest of the local community will also qualify if it is realistic to think that this kind of use could be resumed in the next five years. Social interests may be cultural, recreational or sporting.

Not all property may be listed. Exclusions include a residence together with adjoining land in one ownership, caravan sites and operational land.

Further information about land and property of community value may be found at:

www.legislation.gov.uk/uksi/2012/2421/made

Ownership

Whilst there will always be a freeholder owner there may not be a leasehold owner in every case.

Someone other than the owner of the property may occupy the property (for example there may be one or more tenants). We need to tell them if the property is put on the list.
