

Local Plan consultation 2011-2013

Further to discussion during day 1 of the Redbridge Local Plan hearing sessions, this note responds to the Inspector's request for factual updates regarding consultation statements in 2011 and 2013. It summarises how responses to early rounds of consultation have been reported to Members through the LDF Advisory Committee, considered, and made publically available.

The role of the LDF Advisory Committee has been to monitor key stages in the preparation of Local Development Documents and advise the Cabinet thereon, and to advise on the most appropriate reporting process.

Further details of later rounds of consultation on the Local Plan are documented in the Statement of Consultation (LBR1.13).

No independent consultation statements were published in 2011 or 2013. However, it is considered that in substance, the results of consultations and the implications of representations received on subsequent iterations of the emerging plan were addressed through the process summarised below.
