- A resident and visitor's permit entitles the holder to park in any vacant resident permit holder's bay and, if applicable shared use or general use permit bays, within the controlled parking zone specified on the permit. A failure to display the correct permit for your zone could result in a penalty charge notice being issued.

- Resident and visitors' permits are not valid for parking in suspended bays or for parking in business permit bays, pay & display bays, yellow lines, off street housing estates and car parks EXCEPT where otherwise stated by signs at the locations.

- The restricted parking hours will be displayed at the entry points to the controlled parking zone and in some cases on signs adjacent to the bays.

- Vehicles must park entirely within the bay markings.

- Buying a parking permit will not guarantee that a parking space will be available and does not render the council subject to any

liability in respect of loss or damage to any vehicle in a parking place or the contents or fittings of any such vehicle.

SUSPENDED BAYS

■ The use of the parking bays may be suspended by police officers, parking attendants or by authorised council officers without prior notice. Parking is not permitted in suspended bays and even if a valid permit is displayed, a penalty charge notice will still be issued.

Visitor's permits are only valid for use within the controlled parking zone specified on the permit and each voucher is valid for one day. Please ensure that you validate the permit by scratching off the correct panels for the day, date and month and write the vehicle registration number in ink in the space provided.

■ A failure to display the relevant permit correctly could result in a penalty charge notice being issued.
