

CIL Local Project Funding Bid Application – 4th Dec '18 to 1st Feb '19

Redbridge has a Community Infrastructure Levy (CIL), which charges developers on most types of new buildings in the Borough. Most of this money is spent on borough priorities such as helping to pay for schools, leisure centres, health care facilities, transport and projects to improve public areas.

Each year, the Council allocates 15 per cent of CIL money for local projects. Through this consultation, the Council is asking residents and organisations to submit ideas and suggestions for local infrastructure improvements.

What we are looking for:

The CIL Local Project Fund can be spent on:

- a.) Provision, improvement, replacement, operation or maintenance of infrastructure; or
- b.) Anything else that addresses the demands that development places on an area

Typical project examples include:

- **Transportation:** Road and footpath improvements, pedestrian crossings, traffic calming measures
- **Education:** Improvements to schools and school grounds
- **Green space and public open space:** Improvements to parks and public areas, improved play facilities, enhanced safety in public spaces
- **Public realm and environmental improvements:** Improved street lighting, provision of public art, planting of trees, shrubs and bulbs

If you need to discuss any aspect of your application, please email Pádraig Collins planning.obligations@redbridge.org.uk or call **020 8708 2485** with your enquiry.
