Pershore Close, Ilford, IG2 6RR

March 2019

Welcome to our March newsletter aimed at informing you about progress on the construction of two new houses for affordable rent at Pershore Close. This is part of the council’s programme to provide much needed affordable housing for Redbridge residents.

When are the works going to start?

The December newsletter informed you that the council had appointed Aspen Build Limited to construct the two new houses.

Aspen Build Limited will be setting up their site hoarding and facilities in the week commencing 18 March and will be introducing themselves with a letter shortly. They will have an experienced site manager on site during working hours and will provide emergency contact details outside of those hours.

Aspen Build are an experienced building contractor who have worked successfully for the council on similar schemes. They are members of the Considerate Constructors Scheme and have an excellent record of minimising inconvenience to neighbouring residents and responding to any issues swiftly and effectively.

Aspen Build will be working to ensure deliveries to the site are made outside of peak times for residents going to work and taking children to and from school.

The new homes for Redbridge families are due to complete by December 2019.

If you have any questions please contact Peter Bradbeer on 020 8708 4115 or at Peter.Bradbeer@redbridge.gov.uk Alternatively, contact Taj Uddin, Resident Engagement Officer, on 020 8708 7632 or at taj.uddin@redbridge.gov.uk
