Capital

Capital includes savings and investments held in any form (for example, bank and building society accounts, investment trusts and shares), from any source (for example, inheritance and redundancy payments). It will normally also include the net value of land and/or housing that the customer owns but does not occupy.

Capital belonging to a partner is treated as the customer’s for the purpose of calculating Council Tax Reduction.

Customers with capital of £16,000 or more will not be entitled to Council Tax Reduction.

Non–Dependant deductions

People who share an applicant’s accommodation but are not financially dependent on them are known as non-dependants. Non-dependants are typically grown up children, parents or other relatives living as part of your household. The following apply to both working age and pension age Council Tax Reduction

Extended Reductions

Customers starting work after receiving a qualifying benefit for 26 weeks or more, may be entitled to an extended Council Tax Reduction. This means that they will receive the same level of support (normally maximum Council Tax Reduction) for a period of 4 weeks.

The conditions that need to be met are as follows:

- The customer or partner starts work or increases their hours or earnings; and
- The work is expected to last for at least 5 weeks; and
- The customer or partner has been continuously receiving a qualifying benefit for 26 weeks or more; and
- Entitlement to the qualifying benefit ends as a result of starting work/increasing hours or income.

Start and end of entitlement

Council Tax Reduction claims will normally start from the Monday following the date the claim is received at a designated office.

Customers, who cease to be liable for Council Tax, will stop receiving Council Tax Reduction on the date that their liability ends.

Customers who cease to be entitled to Council Tax Reduction for another reason i.e., an increase in income, will stop receiving their Council Tax Reduction from the Sunday following the change in their circumstances.

Backdating

Customers, who wish to claim Council Tax Reduction for a period prior to the date they make their claim, may be entitled to backdating. The following rules apply to backdating:

- The request must be made in writing
- The customer must demonstrate continuous good cause for any delay in making their claim.
- For working age claimants Council Tax Reduction will not be backdated for more than 12 months from the date of a written request.
- For pension age claimants Council Tax Reduction can be backdated automatically for up to 3 months.
Change of Circumstances

Customers must notify the Council of any change in their circumstances that may affect entitlement to Council Tax Reduction. This will include:

- Where they live
- Who they live with
- Their income and savings

Any change in circumstances must be notified as soon as possible and at least within 1 month of the change. Failure to do so may result in a loss of Council Tax Reduction.

If you are getting Universal Credit you must also tell the Department of Work and Pensions about any changes.

Adjustments to your Council Tax Reduction

Council Tax Reduction will be calculated up to 31 March each year and will be credited to the customer’s Council Tax account. If there is a change in circumstances that means an applicant is no longer entitled to Council Tax Reduction or entitled to a lower amount of Council Tax Reduction, an adjustment may be created.

Adjustments to Council Tax Reduction will be debited to the customer’s Council Tax account and a new bill will be issued. All adjustments of Council Tax Reduction will be recoverable. Under certain circumstances the Council may decide not to recover adjustments.

Reviews

From time to time the Council may need to check the details of Council Tax Reduction awards to see if any of the details held have changed. If the Council needs to do this, the customer may be sent a form, contacted by telephone or visited in their home.

Failure to respond to a review may mean that Council Tax Reduction is terminated.

Appeals

If an applicant disagrees with a decision the Council have made they have the right to appeal against it. This must be done in writing and within 1 month of the date the decision was made.

The Council will review the decision and notify the customer of the outcome. If the customer is still not satisfied with the outcome, they may appeal to the Valuation Tribunal for England.
Information Sharing

The Council may give the information supplied by customers for their Council Tax Reduction claim to other organizations, where the law allows this.

The Council may check the information customers have supplied with other sources, as allowed by law.

The Council must protect public funds and may use the information customers have provided to the Council previously, and on their application for Council Tax Reduction to prevent and detect fraud. This may include matching any information held about the customer from other sources, including data held on computer records. The Council may also share this information, for the same purposes, with other organizations that handle public funds.

Hardship Fund

The Council will be setting aside a sum of money to help households to pay their Council Tax in exceptional circumstances. If an applicant is experiencing exceptional hardship they may apply for additional help under this scheme. The Council will then consider the customer’s circumstances and decide whether additional support can be granted. This fund is cash limited and there is no guarantee of additional support.
