Policy		Implementation Text / Paragraph / Table / Figure / Policies Map	Appendix 2 – List of Safeguarded Sites (HV05 Rainham Recycling Facility)
--------	--	-----------------------------------------------------------------	--------------------------------------------------------------------------

2. Do you consider the East London Joint Waste Plan: (please tick as appropriate)

a. Legally compliant	Yes	✓	No	
b. Sound	Yes	✓	No	
c. Complies with Duty to Cooperate	Yes	✓	No	

3. Please give details of why you consider the Waste Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The inclusion of HV05 Rainham Recycling Facility (RRF) in the ELJWP is supported. The existing established facility provides an important point for the management of C, D & E waste, i.e. hard inert materials.

RRF is also an active and long-established mineral processing site which is well positioned to receive locally generated inert materials. Those hard inert materials are crushed and screened and exported as useable secondly aggregate with soft materials such as soils and sub-soils segregated and used by Brett Aggregates Limited in the restoration of the company's existing and future mineral workings (refer to accompanying representation).

4. Please set out the modification(s) you consider necessary to make the East London Joint Waste Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Waste Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The inclusion of HV05 Rainham Recycling Facility (RRF) in the ELJWP is supported and so no modifications are sought in regard to this safeguarded site.

Please note In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions. **After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.**
